

Tune-in to AudioWizard™

Mr.Steam's AudioWizard™ 2.0 with its sleek and stylized redesign is ready to amplify your surroundings. The speakers can be mounted in any indoor or outdoor space, including a steam room or shower.

With the integrated Bluetooth® Audio Streaming System, the AudioWizard can pair up to eight Bluetooth-enabled devices, a subwoofer and an auxiliary input.

- Compatible with all smart devices and smart phones equipped with Bluetooth®
- The AudioWizard™ allows you to stream music, store it on your smart device and enjoy it in the steam room/shower
- AudioWizard aluminum enclosure is beautiful enough to be easily installed on a wall or tabletop
- Includes an amplifier, power supply and back lit control
- Install up to four speakers, enabling sound output within the bathroom and throughout the house and outdoor spaces
- Seamlessly connect to a dedicated in-shower control, including the premier iSteam control for music management, including play/pause, last track, next track, mute, and volume
