Clodagh Libra *by* OAKWORKS®

Finally, an integrated pedispa/massage table built to the quality standards of the most demanding high volume spas! The Clodagh Libra is designed to handle the rigors of a high volume spa and is ready for any type of treatment. Featuring a high quality, full sized Sanijet® pedi-spa with their exclusive pipeless technology, this table is designed to convert from a pedispa to a massage table in seconds.

ELECTRIC LIFT

ELECTRIC BACKREST & SLIDING SEAT

BUILT IN PEDI-SPA BOWL

by OAKWORKS®

BUILT IN PEDI-SPA BOWL
Top of the line Sanijet® bowl with pipeless technology offers the ultimate in comfort and cleanability. Available in fully plumbed version for installations where in floor drain and water supply are available.

POWERED BACKREST & HEIGHT
Now with fully powered backrest featuring our exclusive auto adjust armrests with or without manicure option insures comfort for any treatment, even several at a time! The electric/hydraulic height adjustment system makes it easy to get on and off the table.

ELECTRIC SLIDING SEAT
This new feature insures the best ergonomics for both your client and the technician. The 4" travel makes it easy for everyone to get comfortable, and the recess at the end of the table allows technicians to get in really close for better ergonomics when seated.
