EYES

Brow Shaping Scissors & Brush

ITEM CODE: 2914-P

Description

Custom crafted with innovative ergonomic design and sharp, ultra-thin precision blades that allow user to isolate each hair for optimum accuracy and control when trimming and shaping brows. Brow brush included. Stainless Steel. Patent pending.

Feature	Benefit
Stainless steel scissors	Durable, easy to clean
Ergonomic design	Easy handling
Spiral brow brush	Helps shape and define brows
Small eye rings	Optimum control and comfort
Ultra thin precision blades	To isolate each hair for accuracy

Product Usage

Brush brow hairs up to determine which brow hairs need trimming. Hold scissors so that lower curve of the contoured shape is at brow bone. Use precision tip of scissors to isolate and gently lift hair to be cut. Cut one hair at a time. Use brush to reshape brows.

Tips & Tricks

Caution: Handle with care.
Blades are very sharp.

Works Great With

Slant Tweezer
Point Tweezer
Browmousse
