**1. Chemical Product and Company Identification**

Product Name: Lavender Lotion	CAS Number:	Emergency Contact #:	Date of Issue: 7/31/2014	Last Revision: 7/31/2014
-------------------------------------	-------------	-------------------------	-----------------------------	-----------------------------

**2. Composition / Information on Components**

Ingredients: Purified Water (Aqua), Brassica Campestris (Rapeseed) Seed Oil, Vegetable Glycerin, Stearic Acid, Sodium Stearoyl Lactylate, Capric/Caprylic Triglyceride, Carbomer, Cetyl Alcohol, Organic Aloe Barbadensis Extract, Glyceryl Oleate, Simmondsia Chinensis (Jojoba) Oil, Phenoxyethanol (and) Ethylhexylglycerin, Aminomethyl Propanol, Persea Gratissima (Avocado) Oil, Fragrance, Euterpe Oleracea Fruit (Acai) Extract, Theobroma Grandiflorum (Cupuacu) Extract

**3. Hazards Identification**

Hazard Classification: N/A	Hazardous Ingredients (ingredient (value) ): None		
Carcinogenicity IARC: N/A	Carcinogenicity NTP: N/A	Carcinogenicity OSHA: N/A	Carcinogenicity ACGIH: N/A

**4. First Aid Measures**

Routes of Exposure and Symptoms:

Ingestion:

Inhalation:

Eyes: x

Skin:

First Aid:

Ingestion:

Inhalation:

Eyes: Flush with water until irritation ceases

Skin:

**5. Fire Fighting Measures**

Flash Point, F, COC: >360F	Flammable Limts: N/A	Auto Ignition Temperature: N/A
Extinguishing Media: CO2, dry chemical		Special Procedures: Water spray should be used to cool fire exposed containers and/or disperse unignited vapors. Don't spray pool fires directly, direction of solid stream of water into hot, burning liquid could cause frothing and increase fire. A self

	contained breathing apparatus is always recommended when fighting fires near chemicals.
Unusual Fire and Explosion Hazards: Product may cause a floating fire. Closed steel containers may be an explosion hazard.	

<b>6. Accidental Release Measures</b>
Spill: Reclaim usable material where possible. Avoid sending liquids to landfills. When determining proper disposal methods, this product should be treated as edible oils. Do not allow release of this material directly into surface waters.

<b>7. Handling and Storage</b>
Requirements: Keep away from sources of ignition and open flames. Store in a cool (15/25°C), dry location, in a sealed container. Limit contact with oxygen.

<b>8. Exposure Controls / Personal Protection</b>		
Respiratory Protection: N/A	Ventilation: N/A	Protective Gloves: N/A
Eye Protection: N/A	Other Equipment: N/A	Work / Hygienic Practices: N/A

<b>9. Physical and Chemical Properties</b>			
Boiling Point: 212F	Vapor Pressure: N/A	Vapor Density: N/A	Solubility in Water: Partial
Specific Gravity: .92	Melting Point, F: N/A	Evaporation Rate: Similar to water	% Activity: N/A
Appearance: White lotion		Odor: Lavender scent	

<b>10. Stability and Reactivity</b>		
Stability: Stable	Incompatibility: N/A	Hazardous Polymerization: N/A

**11. Toxicological Information**

Oral LD50:

Dermal LD50:

Inhalation LC50:

Skin:

Eye: May caus mild, brief irritation

Chronic Toxicity / Carcinogenicity:

Other Toxicological Information:

**12. Ecological Information**

Ecotoxicological  
Information:

Completely and rapidly  
biodegradable

Bioaccumulation:

Other Information:

**13. Disposal Consideration**

Waste Disposal: Dispose according to all regulations

Spill: See Accidental Release

**14. Transport Information**

Shipping Description: Toilette preparation

**15. Regulatory Information**
