5. Firefighting measures

Suitable extinguishing media: foam, powder, CO₂

In case of fire: Cool storage devices with water.

In case of fire: Remove containers from danger area. Evacuate persons from danger area.

6. Measures in case of accidents and leakages

Individual Precautions:

Avoid fire and sparks at the leakage. No smoke. Provide adequate ventilation.

Environmental protection measures: Do not empty into drains.

Cleaning procedures: Eliminate with absorbent material and dispose properly.

7. Handling and storage

Pressurized container. Protect from sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn, even after use. Do not spray on a naked flame or any incandescent material. Keep away from sources of ignition – No smoking. Keep out of the reach of children. Avoid contact with the eyes and inflamed skin. Do not use for any other purpose. Keep container in a well-ventilated place. Keep container tightly closed.

8. Physical properties

Odor	typical
Color	Colourless
Flow behavior	aerosol
Boiling point:	N/A
Flash point:	> 100°C

9. Stability and Reactivity

Thermal decomposition: No decomposition or dangerous reaction with proper use and storage.

Dangerous reactions: Explosion hazard in fires or source of ignition (pressurized container).

10. Instructions for Disposal

Destruction in specialized center. Adapt to current regulations.

Do not pierce or burn container, even after use.

11. Specifications for Transport

Dangerous Goods: UN-Nr.: 1950 Compressed gas packaging
Land transport (ADR, RID):

Class: 2

Label: 2.2

Special provision: 190 327 344 625

Limited Quantities: 1 L

Classification code: 5A

Transport Category: 3
