**BETA CLEAR FACIAL SUCCESS KIT®**

**Recommended For:** Stubborn, non-sensitive, acne-prone skin that is also sun-damaged.

**Menu Treatment Description;**

Our strongest anti-acne facial doubles up on exfoliation to rid the skin of both acne and sun damage (age spots, wrinkles, uneven texture). Following advanced enzyme technology with active salicylic acid, this facial takes surface exfoliation to a new level (that is, a whole lot deeper). Sticky, hardened pore-clogging oils, debris, and bacteria are swept away as unwanted pigment and textural irregularities are literally smoothed off the skin. Emptied of impurities, pores become more responsive to the healing and soothing mask and serums to follow. Ideal for those with adult acne who are also concerned with aging issues. Not suitable for those who are allergic to aspirin.

**Professional Treatment Description:** This is the preferred treatment for clients motivated to clear up their skin. The benefit of incorporating enzyme therapy and salicylic peeling help encourage faster skin clearing when coupled with effective home care products.

**Average Time:** 40-45 Minutes

**Suggested Price:** \$90-\$125

*Replacement products and supplies are available through Universal Companies.*

***Always check your state regulations to ensure that you are practicing within the scope of your license.***

**Procedure****Cleansing Phase – Time: 5-7 minutes**

- Step 1 Begin the facial by lightly steaming and warming up the skin. Apply **Gentle Facial Wash** to pre-moistened hands and cleanse the face, neck, and décolleté’.

*Optional: Soak cotton rounds in warm water and spray a small amount of **Soothing Chamomile Eye Makeup Remover** (CON728) (not included in the Hydrating Cream Peel Success Kit) on the cotton rounds.*

Apply moistened cotton rounds to the eyes and wrap your client’s face in a warm moist towel infused with an aromatic calming essential oil blend (esthetician’s choice). Compress the towel and let your client breathe in the essential oil for approximately 30 seconds. Unwrap the towel and remove the eye pads and excess make-up. Remove the cleanser with the towel.

- Step 2 Saturate two cotton pads with **Balancing Tonic** and apply to the entire face, neck, and décolleté’.

**Skin Analysis and Exfoliation Phase – Time 15 minutes**

- Step 3 Perform a skin analysis.

- Step 4 Using a rubber mixing bowl, mix ½ teaspoon **Zyme Peel Powder** to 1 teaspoon **Zyme Peel Activator** to create a creamy paste. Warm up the product by holding the mixture under your steamer. (Test on your arm first to make sure temperature is not too hot.) Apply the peel with a fan brush while steaming your client's face. Remove after 7 minutes.
- Step 5 With the client's eyes closed, apply a thin coat of the **Beta Peel 22%** with a fan brush to the face, neck, and décolleté. Provide the client with a fan for comfort. Leave on approximately two to three minutes for the first application, (always watching the skin), and then remove/neutralize with cotton squares soaked in water/baking soda mixture. Because it contains salicylic acid, stinging may occur for the first 30 – 60 seconds, but it will subside.
- Step 6 Spray **Balancing Tonic** on cotton pads, and then apply to the skin to restore the skin pH balance while hydrating and soothing the skin.
- Step 7 Perform gentle extractions. High Frequency and/or LED light therapy may also be used at this time if desired.
- Step 8 Apply **Calming Balm** to soothe and hydrate the skin. Massage into the skin.

### **Mask Phase - Time 10 minutes**

- Step 9 Apply **Sulfur Calming Mask** directly to breakouts, followed by an application of the **Balancing Thermogel Mask** with a fan brush to the face, neck, and décolleté.
- Step 10 While the mask is on the face, perform a shoulder, neck, and/or scalp massage for approximately 5 minutes. *Optional: use **Hydra Calm Massage Oil** (CON328) (not included in Beta Clear Facial Success Kit) to perform a facial massage to increase client relaxation.* Use a warm aromatic towel to remove mask.

### **Hydrate and Moisturize Phase - Time 3 - 5 Minutes**

- Step 11 Apply a small amount (2-3 cc) of **Crystal C Serum** to your hands and then massage into the face, neck, and décolleté.
- Step 12 Finish the facial with an application of **Collagen Eye Defense** and **Aroma Matte Day Cream** (SPF 30).

**Tips:** **Calming Balm** can be mixed with the **Sulfur Calming Mask** in the treatment room to make the mask a creamy consistency and benefit over stimulated skin.

**Tricks:**

The **Zyme Peel** mixture, while steaming, can be used with a rotary brush for those clients who have more oily build up. This increases the intensity of the peel...more effectively “digesting” oils and excess sebum.

The **Beta Peel 22%** will increase circulation and vaso dilate, helping to increase blood flow and improve the skin. A cool towel, beauty globes, or cold stones can be added at the end of the facial or right after extractions to calm the skin and reduce redness.

**Spa Prescription**

Increase revenue after this wonderful treatment by prescribing complementing home-care products and in-spa treatments. The handy *SpaScriptive*® pad in your kit is easy to fill out, easy for clients to follow, and allows you to keep a copy for your records.

**Recommended Follow-Up Spa Treatment**

- ❑ 1 x per month to clear, once every two months to maintain.

**Recommended Home Care Products**

 CORE COLLECTION PRODUCTS

## Complementary Treatments

- Smoothing AHA Body Peel (Available as a Success Kit from Universal Companies (CON14))
- Natural Stone Massage (Available as a Success Kit from Universal Companies (KMU241)).

## Tips for Making the Beta Clear Facial a Truly Special Treatment

- Add an essential oil to the Body and Linen Spray (ESR7573 or ESR7574). Spray it on your linens or use it as an exotic body spray.
- For a special aromatherapy experience, add one of the Water Soluble Essential Oils to the water you use to moisten your facial towels. When the towels are warmed in your hot towel cabi, they will smell fabulous.
- Warm your products prior to applying them to your client's face/body.
- Perform a hand and/or foot massage while the mask is working.
- Perform a scalp massage while the mask is working.
- While your client is relaxing during the mask portion of the treatment, place cool eye stones, eye pads, or herbal eye pads on their eyes.

**Tips for Enhancing the Effectiveness of the Treatment**

- ❑ Communication is the key to enhancing the effectiveness of your skin care treatments. As you build a relationship with the client, you are also educating him or her about their skin problem and how the *Control Corrective Skincare* system and treatments can achieve their desired results. It cannot be emphasized enough that the client must feel understood. ***Moreover, the client needs to feel that you have a sincere approach that can help them.*** By spending the time needed to educate the client and providing solutions-oriented professional products, you build your own credibility as well as allow them time to process all the information you have shared.
- ❑ For very dehydrated skin, use the Cryogenic Mask (HM200) as an alternative to the Balancing Thermogel Mask.
- ❑ When removing products from clients who have sensitive skin, use a Smooth Chamois, which is gentler (especially for sensitive skin) than towels or sponges. The Smooth Chamois is available from Universal Companies.
- ❑ Performing extractions is much easier when you have good, quality equipment. Universal Companies has a several comedone extractors that can facilitate the process.
- ❑ Using sterile needles is a must when extracting comedones and using a needle holder will make your job easier. Both are available from Universal Companies.
- ❑ Products will be much easier to remove using warm moist towels. In order to always have a ready supply of towels, you may want to invest in a Hot Towel Cabi. Universal Companies has several models available.
- ❑ Analyzing the skin and performing extractions will be easier if you have a good magnifying lamp with a built in light source. Universal Companies has several models available including a Headband Magnifier.
- ❑ The Wood's Lamp is a vital tool to help estheticians diagnose underlying skin conditions. Universal Companies has several models available – a Handheld Wood's Lamp, a Wood's Lamp with Stand, a Skin Inspection Unit, and a UV Skin Analyzer with Camera.
- ❑ Perform a high frequency treatment to spot treat acneic regions.
- ❑ Digital Timers are much more accurate than more traditional bell timers and should be used to time all peels.

### Creating Interest in the Treatment

- ❑ Display the **Beta Clear Facial** counter card in relaxation, retail, and/or changing areas to create interest in the treatment.
- ❑ If available, include Before and After pictures in your display.
- ❑ Include a couple of testers of the Control Corrective Skincare products used in the treatment in the display.

### Creating Spa Ambiance

- ❑ Tuck towels and other supplies out of sight so that your guest is not distracted by utilitarian objects.
- ❑ Place your trash can out of sight and prop the lid open slightly so that the lid won't clang every time you throw something away. The lids of Universal Companies' trash cans have this feature (propping).
- ❑ Functional ambiance - Use bowls, baskets, and utensils from Universal's new collections for your products and to organize your supplies. They are much more visually appealing than rubber bowls and traditional spa caddies.
- ❑ Have a tabletop fountains operating in the treatment room.
- ❑ During the treatment, play music from Universal Companies *Spa Moments*® Collection to enhance this getaway for the mind and body.
- ❑ Light an aromatherapy candle to set the desired mood.
- ❑ As an alternative aromatherapy experience, use one of Universal Companies Soapstone diffusers. A battery-operated unit with a plug-in option is also available.
- ❑ Have a salt lamp from Universal Companies operating in the room to cleanse the air.

### Creating Retail Opportunities

- ❑ Place *Control Corrective Skincare* cleansers and lotions in the restrooms for clients to try.
- ❑ Create a display using retail sizes of each of the recommended home-care products on hand. (At the very least, have them available in the treatment room.)
- ❑ After the treatment, utilize the *SpaScriptive*® Pad for prescriptive selling, describing the benefits and usage of each of the Home Care Products.
- ❑ If the client expresses interest in purchasing one or more of the products, take the product from the display and walk with the guest to check out. If they are going to have another treatment, take the product(s) directly to checkout so that they will be there for the guest when they are ready to leave.
- ❑ Prepackage your recommended home care products into kits to make prescriptive selling and retail sales easy!

## Gentle Facial Wash

Antioxidant, anti-inflammatory and antiseptic ingredients cleanse skin while conditioning and protecting it too, making Gentle Facial Wash the ideal preparation for treatments to follow.

**Skin Conditions:** For all skin types.

**Benefits:**

- ❑ Gentle, non-drying cleanser.
- ❑ Soothing, calming.
- ❑ Mildly astringent and lightening.

**Usage:**

Apply a small amount to pre-moistened face, massage, and then rinse off. Repeat if desired. May be used twice daily.

**Sizes Available:** 6.7 oz., 18 oz.

**FEATURED ACTIVES:**

**Aloe Barbadosis Leaf Juice** - This plant extract improves the circulation and regenerates the cells. The effects are soothing, astringent, and protecting. Aloe has been recognized for many years as being anti-inflammatory and antibiotic. Aloe is also excellent for sensitive skin, rosacea conditions, and dry skin.

**Ammonium Lauryl Sulfate** - A surfactant with excellent emulsifying capabilities. Has a mild acidic pH level to help remove impurities.

**Citric Acid** - This antioxidant ingredient plays an important role in lightening discoloration and it has an astringent quality beneficial to all skin types.

## Balancing Tonic

Balancing the skin's pH balance helps restore the skin's protective acid mantle and removes any surface debris. Also excellent post-peel (chemical, laser, microdermabrasion) as a skin soother and hydrator.

**Skin Conditions:** For sensitive and all skin types

### Benefits:

- ❑ Removes impurities.
- ❑ Balances pH levels.
- ❑ Healing for sensitive or irritated skin.
- ❑ Helps bring vitality back to skin.

### Usage:

Using a cotton pad, apply to entire face and neck. Repeat if desired.

**Sizes Available:** 6.7 oz., 18 oz.

### FEATURED ACTIVES:

**Aloe Vera** - This plant extract improves the circulation and regenerates the cells. Its effects are soothing, astringent, and protecting. Aloe has been recognized for many years as also being anti-inflammatory and antibiotic. Aloe is also excellent for sensitive skins, rosacea conditions, and dry skin.

**Allantoin** - An excellent ingredient for sensitive, acneic and irritated skin conditions. It is a botanical extract derived from comfrey root and is known to be healing. Furthermore, studies show that this extract aids in the healing of scarred skin by stimulating new tissue growth.

**Panthenol** - This highly moisturizing ingredient aids in tissue repair and stimulates cellular proliferation. Panthenol also helps the skin promote wound healing and is anti-inflammatory. Its ability to attract water from the environment allows for added hydration and suppleness to the skin.

**Citric Acid** - This antioxidant ingredient plays an important role in lightening discoloration and has an astringent quality beneficial to all skin types.

**Sodium PCA** -Serves as a high-performance humectant as it increases the skin moisture content. Derived from amino acids, Sodium PCA is beneficial for all skin types that are dehydrated.

## Zyme Peel (Powder & Activator)

A gentle exfoliating mask treatment. Formulated with pancreatic enzymes to help soften sebum and dissolve keratin build-up. Activation results from mixing this powder with the Zyme Peel Activator. Zyme Peel provides outstanding exfoliation for all skin types.

**Skin Types & Conditions:** All skin types.  
Targeted for deep cleansing and gentle resurfacing

### Benefits:

- ❑ Dissolves dead cell build up.
- ❑ Stimulates new cell production.
- ❑ Refines pores and skin texture.
- ❑ Enhances surface glow.

**Usage:** Add approximately one teaspoon of **Zyme Peel Powder** to one teaspoon of **Zyme Peel Activator** to create a creamy paste. Apply with semi-stiff fan brush. Enzyme mixture should be steamed on the client's face for 7-10 minutes. Remove with cotton pads or a damp facial cloth.

**Sizes Available:** 8 oz.

### FEATURED ACTIVES – ZYME PEEL POWDER:

**Pancreatin** -A bovine derivative that digests cells from the corneum layer. When used in skincare products, pancreatin is reported to improve wound healing, and aids in oxygenation. Pancreatin can act as a vasodilator and is credited with enhancing cellular absorption of nutrients into the skin.

**Kaolin (China Clay)** -This soft powder clay is a mixture of various aluminum silicates. It provides excellent coverage and has good absorption abilities for the oil and sweat secreted by the skin. It is easily removed by normal cleansing procedures and is considered a non-comedogenic ingredient.

### FEATURED ACTIVES – ZYME PEEL ACTIVATOR:

**Aloe Vera Gel** -Known for its anti-inflammatory and antibiotic properties. Aloe Vera is made up of the most precious substances of our skin – enzymes, vitamins, proteins, and minerals that support all skin functions and activate the skin's self-healing power. Aloe Vera helps maintain the skin's moisture balance and stimulates blood circulation. It has been used to calm and soothe burns and irritations, and it is moisturizing.

**Allantoin** -An excellent ingredient for sensitive, acneic, and irritated skin conditions. It is a botanical extract derived from the comfrey root and is known to be healing. Furthermore, studies show that this extract aids in the healing of scarred skin by stimulating new tissue growth.

**Chamomile Extract** - Has many beneficial properties including being anti-inflammatory, soothing, decongesting, antiseptic and toning. It is also considered anti-itching and bactericidal with an ability to neutralize skin irritations. Excellent in the treatment of inflamed, itchy, or irritated acneic conditions.

## Beta Peel 22% (pH3)

This deep clarifying treatment refines and resurfaces by actively exfoliating the top layers of the stratum corneum, enabling it to penetrate, rid the pores of acne-causing build-up and help fade hyperpigmentation.

**Skin Types & Conditions:** All skin types. Targeted for active acne or acne-prone skin. Do not use if allergic to aspirin.

### Benefits:

- ❑ Dissolves pore-clogging debris
- ❑ Reduces acne lesions and inflammation
- ❑ Fades post-blemish hyperpigmentation
- ❑ Diminishes and helps prevent scarring

### Usage:

After cleansing, apply a thin coat with a fan brush to face and neck. Avoid eye, nose, and mouth openings. Client may experience a mild tingle and the skin will become pink. Leave on 2-4 minutes. Remove completely with a wet towel or sponge.

A series of 8 to 10 treatments, performed weekly, will progressively improve skin texture, pigment, brightness and tone, and often control many types of acne. For clients looking for an intensified boost, most complexions can tolerate an 8-week series twice a year. Also excellent as part of monthly maintenance facial.

**Sizes Available:** 6 oz.

### FEATURED ACTIVES:

**Salicylic Acid (22%)** -In a low percentage, salicylic acid helps dissolve the top layer of the stratum corneum very gently, dissolving the flaky dead cells that are often a side effect. This also allows the other active ingredients to penetrate and act more effectively below the surface of the skin. This ingredient is derived from the bark of sweet birch and the leaves of the wintergreen plant.

**Vitamin E (Tocopherol)** -An antioxidant found in essential oils and vegetable oils. Also known as tocopherol, this wonderful vitamin, when applied topically, is well absorbed through the skin. It is attributed with reducing skin pigmentation, decreasing functioning of the sebaceous glands, increasing water retention in the skin, and serves as a super antioxidant and free radical scavenger. It is also helpful as an UV protectant.

**Panthenol** -This highly moisturizing ingredient aids in tissue repair and stimulates cellular proliferation. Panthenol also helps the skin promote wound healing and is anti-inflammatory.

**Mallow Extract** -Highly anti-inflammatory, mallow extract has been used for centuries in the treatment of wounds. When in contact with water, this extract, derived from leaves and flowers of *Malva sylvestris*, swells and forms as healing gel.

## Calming Balm

Healing balance is what this balm does best. Also appropriate for skin on the mend from acne or suffering from dehydration, eczema, psoriasis, seborrheic dermatitis or product-sensitivity rashes.

**Skin Conditions:** For sensitive, irritated or tender skin.

### Benefits:

- ❑ Reduces itchy, dry, red or over stimulated skin
- ❑ Light, easy penetrating and non-comedogenic
- ❑ Heals, calms and soothes skin
- ❑ Creates a light barrier to protect the skin from the elements without feeling greasy

**Usage:** May be used once or twice a day to calm the skin. Makes the skin feel soothed and balanced.

**Sizes Available:** 2.5 oz., 6 oz.

### FEATURED ACTIVES:

**Hydrocortisone 0.1%** - An ingredient used to calm down irritation and reduce itch. Hydrocortisone has been used for years in the treatment of poison ivy and insect bites to reduce itching.

**Vitamin E (Tocopherol)** - An antioxidant found in essential oils and vegetable oils. Also known as tocopherol, this wonderful vitamin, when applied topically, is well absorbed through the skin. It is attributed with reducing skin pigmentation, decreasing functioning of the sebaceous glands, increasing water retention in the skin, and serving as a super antioxidant and free radical scavenger. It is also helpful as an UV protectant.

**Shea Butter** - Protects and moisturizes the skin. It is beneficial in a treatment cream as it offers excellent skin penetration and is highly emollient.

**Lemon Peel Extract** - This fragrant essential oil extract is excellent in the treatment of problem skin. It is considered astringent, antiseptic, antibacterial, and balancing.

## Crystal C Serum

Here's a therapeutic 'daily vitamin' dose for skin that appears tired, dull or aging. A combination of stable vitamin C and hydrating aloe vera – with both anti-inflammatory and antioxidant properties – team up to aid tissue repair beneath the skin's surface, the source of true luminosity.

**Skin Conditions:** For all skin types.

**Benefits:**

Lightens, strengthens, protects and fights free radical damage

Antioxidant and anti-inflammatory

Functions as a lubricant for dry skin

**Usage:**

Apply a small amount with fingers to clean, dry skin. Follow with a moisturizer to give skin a healthy, vibrant appearance.

**Sizes Available:** 1 oz.

**FEATURED ACTIVES:**

**Aloe Barbadosis Leaf Juice** - Known for its anti-inflammatory and antibiotic properties. Aloe Vera is made up of the most precious substances of our skin -- enzymes, vitamins, proteins, and minerals that support all skin functions and activate the skin's healing-healing power. Aloe Vera helps maintain the skin's moisture balance and stimulates blood circulation. It has been used to calm and soothe burns and irritations, and it is moisturizing.

**Sodium Ascorbyl Phosphate (Vitamin C) 10%** - Considered one of the most stable forms of Vitamin C, it is known to lighten the skin, fight free radical damage, and promote tissue repair while strengthening the dermal layer of the skin. Evidence suggests that Vitamin C also helps heal damaged skin tissue and is often added to burn ointments. Recent research also shows Vitamin C to have anti-inflammatory benefits and can help protect against UVB damage.

**Chamomile Recutita (Matricaria) Flower Extract** - Has many beneficial properties including being anti-inflammatory, soothing, decongesting, antiseptic, and toning. It is also considered anti-itching and bactericidal with an ability to neutralize skin irritations. This extract is excellent in the treatment of inflamed, itchy, or irritated acneic conditions.

**Japanese Green Tea** – Over the past few years there has been a wealth of information uncovered about the effects of Japanese Green Tea in the skin. Scientists have determined that compounds in green tea called polyphenols help eliminate free radicals, and provide strong antioxidant benefits due to its catechin content. Japanese Green Tea also safeguards healthy cells, is known to be anti-inflammatory and antibacterial.

**Sodium Hyaluronate (Hyaluronic Acid)** - Occurs naturally in the dermis layer. Its water absorbing abilities help the epidermis achieve much needed suppleness and moisture. Known for its wonderful water binding ability, this acid holds water tightly and when applied, forms a film similar to the way the skin holds water in the intercellular matrix of the dermal connective tissue. It is also useful as a carrier for other active ingredients and extracts.

**Lemon Peel Extract**- This fragrant essential oil extract is excellent in the treatment of problem skin. It is considered astringent, antiseptic, antibacterial, and balancing.

**Citric Acid**- This antioxidant ingredient plays an important role in lightening discoloration and it has an astringent quality beneficial to all skin types.

## Balancing Thermogel Mask

Balancing Thermogel Mask – complete with anti-inflammatory properties - is excellent for soothing skin after exfoliation or extraction. Ideal for rehydrating skin back to normal after sun exposure, a ski trip, a long flight or in punishing weather.

**Skin Types & Conditions:** For dry to normal skin.

**Benefits:**

- ❑ Calming and soothing
- ❑ Super hydrating for dry, dehydrated skin
- ❑ Reduces redness after peels, extractions and sunburns

**Usage:**

Apply liberally with fingers or fan brush. Leave on 7-10 minutes, and then rinse with water. For very dehydrated skin, apply a second coat.

**Sizes Available:** 2.5 oz., 6 oz.

**FEATURED ACTIVES:**

**Aloe Vera** - Known for its anti-inflammatory and antibiotic properties. Aloe Vera is made up of the most precious substances of our skin – enzymes, vitamins, proteins, and minerals that support all skin functions and activate the skin’s self-healing power. Aloe Vera helps maintain the skin’s moisture balance and stimulates blood circulation. It has been used to calm and soothe burns and irritations. It also moisturizes.

**Panthenol** - This highly moisturizing ingredient aids in tissue repair and stimulates cellular proliferation. Panthenol also helps the skin promote wound healing and is anti-inflammatory. Its ability to attract water from the environment makes it provide added hydration and suppleness to the skin.

**Allantoin** - An excellent ingredient for sensitive, acneic, and irritated skin conditions. It is a botanical extract derived from comfrey root and is known to be healing. Furthermore, studies show that this extract aids in the healing of scarred skin by stimulating new tissue growth.

**Chamomile** - Chamomile Extract has many beneficial properties including being anti-inflammatory, soothing, decongesting, antiseptic, and toning. It is anti-itching and bactericidal with an ability to neutralize skin irritations. Excellent in the treatment of inflamed, itchy, or irritated acneic conditions.

**Vitamin E (Tocopherol)** - An antioxidant found in essential oils and vegetable oils. Also known as tocopherol, this wonderful vitamin, when applied topically, is well absorbed through the skin. It is attributed with reducing skin pigmentation, decreasing functioning of the sebaceous glands, increasing water retention in the skin, and serves as a super antioxidant and free radical scavenger. It is also helpful as an UV protectant

**Sodium Hyaluronate** – Credited with incredible water binding capabilities, which in turn helps improve the skin's elasticity and increasing moisture content. Considered a natural moisturizer for the skin this is a must-have ingredient for dry, dehydrated skin types.

## Sulfur Calming Mask

Creamy, comforting therapy absorbs excess oil, helps reduce enlarged pores and offers cool relief for tender, hurting skin.

**Skin Conditions:** For all skin types with inflamed skin that needs a calming interlude or a daily spot treatment.

### Benefits:

- ❑ Helps reduce inflammation, over-active sebaceous activity and congestion.
- ❑ Soothes, nourishes and heals the skin.
- ❑ Absorbs oils and calm the skin.
- ❑ Helps decongest the pores.

**Usage:** Apply a thin coat with fingers to the entire affected area. Leave on 5 to 10 minutes, and then remove with a wet towel and/or sponges. May be used daily to spot treat congested areas.

**Sizes Available:** 2 oz., 8 oz.

### FEATURED ACTIVES:

**Sulfur 10%** - Reduces the inflammation associated with acne as it dissolves the skin's surface layer of dead cells. It also increases the potency of benzoyl peroxide and is excellent for resistant acneic cases.

**Zinc Oxide** - This technologically advanced patented formula of zinc oxide blocks both UVA and UVB rays. It provides the broadest spectrum protection of any single sunscreen ingredient. Microfine zinc oxide is an inorganic sunblock, also known as a “non-chemical” sunblock ingredient. It is not absorbed into the skin and is recognized as a treatment for calming irritated skin.

**Titanium Dioxide** - When Titanium Dioxide is applied to the skin it scatters UV light thereby offering the skin UV protection. This non-chemical SPF ingredient reduces the risk of allergic reaction often attributed to using chemical sunscreen ingredients.

**Eucalyptus** - Eucalyptus oil has long been considered beneficial for its disinfectant properties and antiseptic action.

**Kaolin (China Clay)** - This soft powder clay is a mixture of various aluminum silicates. It provides excellent coverage and has good absorption abilities for the oil and sweat secreted by the skin. It is easily removed by normal cleansing procedures and is considered a non-comedogenic ingredient.

## Aroma Matte Day Cream

Japanese green tea plus multi-vitamins inhibit aging, free radical damage. Microfine zinc and other skin defenders provide broad spectrum physical sunscreen protection from both UVA (the aging rays) and UVB (the burning rays) radiation. Safe for sensitive skin or those with hyperpigmentation.

**Skin Conditions:** For all skin types, particularly those who are oil-prone or oil-averse.

**Benefits:**

- ❑ Hydrates and balances the skin.
- ❑ UVA/UVB protection and Moisturizer in one.
- ❑ Non-irritating to all skin types.

**Usage:** Apply to clean skin at least 15 minutes prior to sun exposure. May be used as often as desired. Ideal for normal or normal/oily combination types. Penetrates quickly leaving a matte finish. Safe for sensitive types.

**Sizes Available:** 2.5oz

**FEATURED ACTIVES:**

**Zinc Oxide 2%** - This technologically advanced patented formula of zinc oxide blocks both UVA and UVB rays. It provides the broadest spectrum protection of any single sunscreen ingredient. Zinc oxide is an inorganic sunblock, also known as a “non-chemical” sunblock ingredient. It is not absorbed into the skin and is recognized as a treatment for calming irritated skin.

**Benzophenone-3 4%** - A safe and effective sunscreen ingredient that is one of the most effective and highest rated substances to absorb UVA and UVB rays.

**Ethylhexyl Methoxycinnamate 5.5%** - Its primary use to absorb UVB rays from the sun, protecting the skin from damage. It is also used to reduce the appearance of scars.

**Ethylhexyl Salicylate 3.5%** - Absorbs ultraviolet light, protecting skin from the harmful effects of exposure to sunlight. It also contains a fatty alcohol, adding emollient and oil-like (water resistant) properties.

**Vitamin E (Tocopherol)** - An antioxidant found in essential oils and vegetable oils. Also known as tocopherol, this wonderful vitamin, when applied topically, is well absorbed through the skin. It is attributed with reducing skin pigmentation, decreasing functioning of the sebaceous glands, increasing water retention in the skin, and serving as a super antioxidant and free radical scavenger. It is also helpful as an UV protectant.

**Ascorbyl Phosphate (Vitamin C)** - This antioxidant ingredient plays an important role in lightening discoloration and has an astringent quality beneficial to all skin types. Also known as Vitamin C, it is considered the most important water-soluble antioxidant as it acts as a collagen biosynthesis regulator.

**Japanese Green Tea Leaf Extract** – Over the past few years there has been a wealth of information uncovered about the effects of Japanese Green Tea in the skin. Scientists have determined that compounds in green tea called polyphenols help eliminate free radicals, and provide strong antioxidant benefits due to its catechin content. Japanese Green Tea also safeguards healthy cells, is known to be anti-inflammatory and antibacterial.
