## Starfruit Banana Buttercreme Bath

A luxuriously frothy topping for your next bath, Bella Luccè's Starfruit Banana Butter Crème Bath infuses the water with silky moisturizers, organic shea butter, real fruit and the delicious aroma of juicy Mangos. The result is a divine experience that soothes the spirit as it restores suppleness and enriches the skin with potent antioxidants. It's all you need to transform your everyday bathing ritual into a spa-worthy experience...

### Ingredients

Vegetable Glycerin, Di-PPG-2 Myreth-10 Adipate, PEG 7 Oliviate, Certified Organic Butyrospermum Parkii (Shea Butter) Fruit, Macadamia Integrifolia (Macadamia Nut) Seed Oil, Hydrogenated Vegetable Oil, Passiflora Edulis (Passionfruit) Seed Oil, Behenyl Alcohol, Behentrimonium Methosulfate (and) Cetearyl Alcohol, Guar Hydroxypropyltrimonium Chloride, Perfume (Fragrance), Averrhoa Carambola (Starfruit) Pulp, Musa Acuminata (Banana) Fruit Pulp, Tocopheryl Acetate (Vitamin E), Phenoxyethanol (and) Caprylyl Glycol.

### Key Ingredients

- **Banana Fruit Pulp:** Mature bananas are peeled, seeded and compressed to obtain the pulp of this tropical fruit, which is rich in emollients which are effective in smoothing and hydrating the skin.
- **Glycerin:** This soothing, natural humectant draws moisture from the air to the skin. Glycerin is an emollient, which makes the skin feel softer and smoother as it reduces irritation.
- **Macadamia Nut Seed Oil:** Pressed from the macadamia nut, a fruit of the tropical evergreen tree, macadamia nut oil is remarkably similar to human sebum, the oil naturally produced by human skin to protect it. This similarity allows macadamia nut oil to absorb exceptionally well into the skin, giving it potent soothing characteristics.
- **Passionfruit Oil:** We can thank the edible fruit of a perennial vine, native to the Brazilian rainforest, for this luscious treat. Rich in vitamins A and C, this passionfruit oil is cold pressed to help retain its vital nutrients.
- **Organic Shea Butter:** Revered for centuries by the women of Africa, shea butter is a renowned skin soother. Obtained from the karite nuts of a tree native to the West African tropics, the supple butter's high concentration of fatty acids gives it the ability to deeply moisturize and retain the elasticity of the skin, while also protecting against the damaging effects of the sun.
- **Star Fruit Pulp:** Uniquely shaped, the star fruit is a five pointed edible tropical delight that is said to taste like a cross between an apple and a grape. When applied to the skin, the natural antioxidants found in the star fruit help reduce the signs of aging.
- **Vitamin E:** A well-known and trusted partner in skin care, vitamin E is an effective antioxidant. In addition, it is readily absorbed into your skin and creates a shield that protects against ultraviolet light skin damage, the leading cause of visible skin aging.
