## Thai Coconut Lemongrass Silk & Honey Lotion

This rich, creamy lotion is full of skin-loving indulgences: real honey, pure silk, exotic butters, nourishing organic oils and a select blend of fruit extracts. This exclusive formula absorbs quickly, yet the softness lasts for hours. Thai Coconut Lemongrass is an exotic touch of tropical Thailand...creamy coconut and fresh, crisp lemongrass. (a Bella Luccè best seller)

### Ingredients

Aqua (Water), Certified Organic Helianthus Annuus (Sunflower) Seed Oil, Certified Organic Butyrospermum Parkii (Shea) Butter, Certified Organic Glycine Soja (Soybean) Oil, Emulsifying Wax NF, Vegetable Glycerin, Silk Amino Acids, Honey, Caprylic/Capric Triglyceride (and) Calendula Officinalis (Calendula) Flower Extract (and) Matricaria Recutita (Chamomile) Flower Extract (and) Rosa (Rose) Flower Extract (and) Salix Alba (White Willow) Bark Extract (and) Trifolium Pretense (Red Clover) Extract (and) Sambucus Nigra (Elder) Flower Extract, Parfum (Fragrance), Stearic Acid, Tocopheryl Acetate (Vitamin E), Phenoxyethanol (and) Caprylyl Glycol.

### Key Ingredients

- Calendula Flower Extract: Helps calm irritated skin.
  - Chamomile Flower Extract: Has antiseptic and anti-inflammatory capabilities. Flavonoids in the extract act as an antioxidant and protect against free radicals. Helps soothe the skin.
  - Elder Flower Extract: Helps calm irritated and inflamed skin.
  - Glycerin: This soothing, natural humectant draws moisture from the air to the skin. Glycerin is an emollient, which makes the skin feel softer and smoother as it reduces irritation.
  - Honey: The sweet material taken from the nectar of flowers and manufactured by bees, honey has been used since Egyptian times for medicinal and cosmetic purposes. Full of vitamins, minerals, amino acids and enzymes, it possesses natural emollient properties and helps draw moisture from the air to the skin itself. In addition, honey leaves a micro thin protective film on the skin.
  - Organic Shea Butter: Revered for centuries by the women of Africa, shea butter is a renowned skin soother. Obtained from the karate nuts of a tree native to the West African tropics, the supple butter's high concentration of fatty acids gives it the ability to deeply moisturize and retain the elasticity of the skin, while also protecting against the damaging effects of the sun. Bella Luccè is proud to use organic, fair trade shea butter imported from Uganda in our product collection.
  - Organic Soybean Oil: Helps stimulate the production of collagen, elastin, proteoglycans, and structural glycoproteins.
  - Organic Sunflower Oil: The seeds of that brilliantly colored yellow flower yield this versatile oil. Rich in essential fatty acids, sunflower oil conditions and regenerates the skin with generous doses of vitamins A and E.
  - Red Clover Extract: Helps reduce inflammations and irritation of the skin.
  - Rose Extract: Helps protect the skin from harmful free radicals.
  - Silk Amino Acids: Silk fibers are secreted by silk worms, who eventually abandon their cozy little cocoons. These cocoons are then treated to create a liquid that contains a potent blend of amino acids, the body's building blocks used to create proteins. Silk proteins also smooth the skin, temporarily filling fine lines and wrinkles.
  - Vitamin E: A well-known and trusted partner in skin care, vitamin E is an effective antioxidant. In addition, it is readily absorbed into your skin and creates a shield that protects against ultraviolet light skin damage, the leading cause of visible skin aging.
  - White Willow Bark Extract: Helps reduce inflammation in the skin.
