
Shiitake-Green Tea Antioxidant Serum

Shiitake & Green Tea Antioxidant Serum will saturate the skin with a cocktail of potent antioxidants that act as your mainline defense against everyday toxins and environmental damage. The serum temporarily tightens and lifts facial tissue for a fresh, radiant look. Formulated with shiitake and reishi mushrooms, green, white and rooibos teas, olive squalane and real crushed freshwater pearls.

Ingredients

Aqua (Water), Algae Extract & Lentinus Edodes (Shiitake Mushroom) Extract & Ganoderma Lucidum (Reishi Mushroom) Stem Extract, Glycerin (and) Gingko Biloba Leaf Extract (and) Olea Europaea (Olive) Leaf Extract (and) Aspalathus Linearis (Rooibos) Leaf Extract (and) Camellia Sinesis (White Tea) Leaf Extract (and) Camellia Sinensis (Green Tea) Leaf Extract, Acacia Gum, Centella Asiatica (Gotu Kola) Extract, (Olive) Squalane, Pearl Powder, Algin, Xanthan Gum, Cymbopogon Schoenanthus (Lemongrass) Oil, Phenoxyethanol (and) Caprylyl Glycol.

Key Ingredients

- Acacia Gum: Soothing, anti-inflammatory agent.
 - Crushed Pearls: Celebrated by Asian women and ancient Chinese pharmacopeia for more than three thousand years, pearl powder has a rich history and a myriad of legendary tales about its use at the Imperial Palace. Created by pulverizing real freshwater pearls, it is reputed to boost skin's brightness and is rich in both amino acids and trace minerals.
 - Gingko Biloba Leaf Extract: Has antioxidant properties. Aids in the production of collagen and elastin. An anti-inflammatory, it helps improve couperose conditions.
 - Glycerin: This soothing, natural humectant draws moisture from the air to the skin. Glycerin is an emollient, which makes the skin feel softer and smoother as it reduces irritation.
 - Gotu Kola Extract: This Chinese herb is the recipient of many blessings. Its' antibacterial, antipsoriatic, and wound healing properties have been well documented in a variety of published studies throughout the last decade.
 - Green Tea Leaf Extract: A powerful antioxidant. Also known to be an antibacterial, anti-inflammatory, and a stimulant.
 - Lemongrass Oil: Considered to be an astringent and tonic.
 - Mushroom Extract: Our mushroom extract is a proprietary blend of both shiitake and mannentake mushrooms, both of which are some of the most prized plants in ancient Chinese pharmacopoeia. In clinical studies, this extract blend was clinically proven to increase cell renewal, boost collagen synthesis, and improve skin's overall appearance.
 - Olive Leaf Extract: Functions as a free-radical scavenger, providing antioxidant and vasodilant properties.
 - Olive Oil: Stimulates the synthesis of collagen, elastin, proteoglycans, and glycoproteins.
 - Rooibos Leaf Extract: Grown only in a small area in the region of the Western Province of South Africa, rooibos is also known as "red tea." Rooibos is the only known source of the phytochemical aspalathin, which displays potent antioxidant properties. Rooibos also contains quercetin, a substance known to increase serotonin levels for a natural feeling of well-being.
 - White Tea Leaf Extract: Contains antioxidants.
-

Benefits

- Rich in amino acids and trace that scavenge free radicals to slow the signs of aging.
- Helps renew cells, boost collagen synthesis, and improve skin's overall appearance.
- Boosts skin's brightness.
- Temporarily tightens and lifts facial tissue for a fresh, radiant look.
- Phthalate free.
- Vegan.

Usage

Massage serum onto face and décolleté after cleansing. Finish with moisturizer suitable for your guest's skin type
