

Mancine® Pure Olive Strip Wax

Formulated for use at low temperatures and soft enough to spread thinly; in fact, the thinner you spread this wax, the better. Strong enough to grip and remove the toughest hair, leaving no sticky residue. Perfect for sensitive skin. Excellent for speed waxing. You can expect outstanding results every time.

Benefits

- ◆ Formulated for use at low temperatures and soft enough to spread thinly
- ◆ Strong enough to grip and remove the toughest hair, leaving no sticky residue.
- ◆ Perfect for sensitive skin.
- ◆ Excellent for speed waxing.

Ingredients

Esterified and Hydrogenated Resins, Rosin (Colophonium), Vegetable Oils (Pharmaceutical Grade), Olive Oil (Olea Europea), Solvent Blue 36, Solvent Yellow 93.

Procedure

1. Cleanse the back with **Pre-Wax Lotion**.
 2. Working in small sections, apply **Mancine Pure Olive Strip Wax** evenly with the wooden applicator in the direction of the hair growth.
 3. Cut strips of **Spun Lace Pellon** in 6"-9" strips. Apply **Spun Lace Pellon Strip** to wax and gently rub in the direction of hair growth to set the strip to the wax.
 4. Holding the skin taut, use a quick even motion to remove the strip in the opposite direction to which it was applied.
 5. Apply **Ultimate Finish** to remove any wax residue and to cool the skin.
 6. Apply **Ingrown Zone Triple Wax Serum** to prevent ingrown hairs, retard hair growth, and moisturize the skin.
