
Gehwol® Med Salve for Cracked Skin

A specialized ointment for treating heavily callused, brittle, dry, rough skin. It is based on a well-tried mixture of special soaps and skin-friendly oils. It contains an effective combination of natural essential oils, the skin-caring vitamin panthenol, and the anti-inflammatory chamomile component bisabolene. With regular use, the skin will regain its natural elasticity and resistability and will be protected. It will help protect cracked skin, reddening, and associated unpleasant side effects.

Benefits

- ◆ Helps skin regain its natural elasticity and resilience.
- ◆ Helps prevent cracks, skin reddening, and other unpleasant related symptoms.

Ingredients

Petrolatum, Lanolin, Water (Aqua), Panthenol, Zinc Oxide, Potassium Castorate, Propylene Glycol, Glycerin, Bisabolol, Eucalyptus (Eucalyptus Globulus) Oil, Lavender (Lavandula Angustifolia) Oil, Rosemary (Rosmarinus Officinalis) Oil, Menthol, Camphor, Citronella (Cymbopogon Nardus) Oil, Lavandin (Lavandula Hydrida) Oil, Thyme (Thymus Vulgaris) Oil, Fragrance (Parfum), Citronellol, Coumarin, Geraniol, Limonene, Linalool, Alpha-Isomethyl Ionone

Active Ingredients

Bisabolol	Anti-inflammatory and soothing.
Camphor	Helps promote circulation and metabolism
Citronella Essential Oil	Has a strong antiseptic, refreshing, stimulating, and healing effect.
Eucalyptus Globulus Essential Oil	Increases activity. Antiseptic, helps promote wound healing.
Glycerin	Humectant – can draw and absorb water from the air. Helps the skin retain moisture.
Lanolin	Similar to dermafat. Has excellent cleansing properties. Contains provitamin D.
Lavandin Essential Oil	Antibacterial. Helps promote healing.
Menthol	Component of peppermint oil. Has a cooling, refreshing, deodorizing, antipruritic, and bactericidal effect.
Panthenol	Provitamin B% - Helps promote the healing process. Accelerates cell growth.
Petrolatum	Softens the skin.
Rosemary Essential Oil	Bactericidal, revitalizing, increases well-being. Helps activate and promote circulation.
Thyme Essential Oil	Strong disinfecting effect, increases activity.
Zinc Oxide	Good for sensitive skin – has a antimicrobial, slightly styptic, and skin protecting effect.

Procedure

1. Massage into the skin once or twice daily.
-
