

Classic Waters™ - ~Jasmine Water & Glycerin~

2 oz. cobalt blue
apothecary bottle
with fine mist sprayer

Fragrant herb, fruit, and flower water to perfect any complexion Pampering with a Purpose!

Jasmine Flowers cling to summer nights in the south, naturally “perfuming” the air and body. Sensual, sultry, unmistakably elegant, our Jasmine Classic Waters, with its deep floral note, captures the classic era of toiletries in the 1930s.

INGREDIENTS: witch hazel, jasmine essential oil* & vegetable glycerin (*certified organic ingredients**)

Witch Hazel	As a skin tonic, Witch Hazel tightens loose tissue and is an effective astringent and toning agent, especially for skin that is beginning to slack. An excellent cleansing agent for hands, face, and feet. Overall, Farmaesthetics thinks witch hazel is one of nature’s most useful herbs, and it is the perfect base for many of its skincare preparations.
Jasmine Essential Oil	If Rose is known as the queen of flowers, Jasmine is known as the king. A known aphrodisiac, it is used as a penetrating oil for use in skincare, Jasmine’s scent is deep, sweet and warm and although softening to the skin, it is quietly stimulating to the system.
Glycerin	A sweet syrupy substance naturally derived from vegetable oils. Used as a humectant, it actually attracts moisture from the air and binds it to the skin’s surface. It also provides a protective barrier on the skin so as to retain its moisture. When applied as a finishing spray to face and body it leaves a dewy, “glistening” appearance to the skin.

APPLICATIONS AND BENEFITS:

- **Purifying Protective Barrier:** glycerin is a humectant, meaning it actually “grabs” moisture from the air & binds it to the skin, providing re-hydration of tissue on a deeper level. In addition, witch hazel softens and purifies the complexion, making the perfect combination to prevent moisture loss.
- **Spritz** all over the body for a “dewy”, youthful finish to the skin
- **Use as natural fragrance** or as a freshener to lightly scent the skin or rehydrate during travel or throughout the day
- **Antiseptic:** Witch hazel serves to clean & purify the skin. It is also soothing to skin that is inflamed or irritated from heat or overly dry climate conditions
- **Moisturizing Cosmetic Finish:** as the fine mist settles on the face & body, it leaves the skin looking young & dewy, providing a pretty, soft finish & at the same time actually doing something!
