

Classic Waters™ - ~Chamomile Water & Glycerin~

2 oz. cobalt blue apothecary bottle with fine mist sprayer

Fragrant herb, fruit, and flower water to perfect any complexion Pampering with a Purpose!

Chamomile soothes and smooths the skin and helps to even out blotchiness and discoloration. Settling to skin irritations and/or nerves.

INGREDIENTS: witch hazel, chamomile essential oil* & vegetable glycerin (*certified organic ingredients**)

Witch Hazel	As a skin tonic, Witch Hazel tightens loose tissue and is an effective astringent and toning agent, especially for skin that is beginning to slack. An excellent cleansing agent for hands, face, and feet. Overall, Farmaesthetics thinks witch hazel is one of nature’s most useful herbs, and it is the perfect base for many of its skincare preparations.
Chamomile Essential Oil	Farmaesthetics uses oils derived from German Chamomile. This is a soothing, calming herb with anti-inflammatory properties. High in azulene, it is known to be an anti-allergenic agent and is therefore excellent for reducing puffiness around delicate eye tissue.
Glycerin	A sweet syrupy substance naturally derived from vegetable oils. Used as a humectant, it actually attracts moisture from the air and binds it to the skin’s surface. It also provides a protective barrier on the skin so as to retain its moisture. When applied as a finishing spray to face and body it leaves a dewy, “glistening” appearance to the skin.

APPLICATIONS AND BENEFITS:

- **Purifying Protective Barrier:** glycerin is a humectant, meaning it actually “grabs” moisture from the air & binds it to the skin, providing re-hydration of tissue on a deeper level. In addition, witch hazel softens and purifies the complexion, making the perfect combination to prevent moisture loss.
- **Spritz** all over the body for a “dewy”, youthful finish to the skin
- **Use as natural fragrance** or as a freshener to lightly scent the skin or rehydrate during travel or throughout the day
- **Antiseptic:** Witch hazel serves to clean & purify the skin. It is also soothing to skin that is inflamed or irritated from heat or overly dry climate conditions
- **Moisturizing Cosmetic Finish:** as the fine mist settles on the face & body, it leaves the skin looking young & dewy, providing a pretty, soft finish & at the same time actually doing something!
