

Gold Revitarich Emulsion

This emulsion features powerful antioxidant-rich ingredients that penetrate deeply into the skin with high-dimensional osmotic abilities.

Some say that at least 80% of the ingredients used in make-up are not absorbed completely into the skin. The skin has strong protective properties for eliminating foreign substances. Therefore, no matter how good the ingredients or formula, almost all of them are merely dancing on the surface of the skin. Gold Revitarich Emulsion temporarily opens the barriers of the skin using nanoized negative ions from gold and effectively delivers healing, antioxidizing, and moisturizing components to the deepest basal layer of the skin.

It contains argireline to fight wrinkles and pycnogenol to battle free radicals.

Ingredients

Water, Squalane, Glycerin, Dimethicone, Glyceryl Stearate, Glyceryl Stearate SE, Cetyl-ethylhexanoate, Cetearyl Alcohol, Behenyl Alcohol, Hexapeptide-3, Phytosteryl/Octyldodecyl/Lauroyl/Glutamate, Pinus Pinaster Bark Extract, Gold, Sodium Bicarbonate, Cellulose Gum, Silver, PEG-20 Glyceryl Triisostearate, Aloe Barbadensis Leaf Extract, Sodium Stearoyl Glutamate, Methylparaben, Propylparaben, Xanthan Gum, Sodium Hyaluronate, Natto Gum, Oenothera Biennis Seed Extract, Aesculus Hippocastanum (Horse Chestnut) Extract, Hyrdolyzed Hibiscus Esculentus Extract, Shale Extract.
