

## **Amber Classic Depilatory Wax**

---

Formulated to spread thinly and easily, this all-purpose wax is very economical and is excellent for larger body parts and speed waxing. Pellon strips are recommended for speed waxing.

### **Usage**

1. Heat wax until it flows easily.
2. Stir for consistency.
3. Bath temperature medium – high.
4. Use pre-wax spray to prepare for larger areas.
5. Use tea tree oil for small areas and for increased numbing.
6. Apply a light coat of dusting powder.
7. Apply wax in a thin layer in the direction of the hair growth.
8. Apply a strip of pellon over the treatment area.
9. Rub strip in direction of hair growth to form a good bond.
10. Remove with a quick, close pull opposite direction of the hair growth parallel to the body.
11. Soothe treatment area with tea tree oil.

### **Active Ingredient:**

- Pine Resin - gentle even for sensitive skin types
