

## Usage Instructions

---

### **Product Name**

Flowery® Cuticle Liquidator

### **Ingredients**

Water, Potassium Hydroxide, Glycerin, Propylene Glycol, Sodium, Hydroxymethyl-glycinate, Acrylates/C10-30 Alkyl Acrylate, Crosspolymer.

### **Procedure**

Twist applicator tip as needed and apply directly onto cuticle growth. Allow Cuticle Liquidator to penetrate for 45 seconds, a little longer if cuticle is thick or overgrown. Then gently push back cuticle and remove it from the nail plate. Wash thoroughly with water after use.
