

## Anti-Wrinkle Face & Neck Cream

# Anti-Wrinkle Face & Neck Cream

Sizes Available  
2oz, 6oz

### Product Description:

This advanced cocktail of high performance ingredients helps stimulate collagen synthesis – thereby easing the look of fine lines, deeper wrinkles and textural irregularity - while promoting smooth, even pigment and tone.

### Skin Conditions:

For all skin types showing general advanced signs of aging.

### Benefits:

- Helps lighten dark spots gradually
- Helps reduce dryness and wrinkles
- Super light weight yet deeply moisturizing
- Reduces puffiness and dark circles
- Delivers oxygen to the cells

**Usage:** Apply generously to face and neck area twice daily. Follow with sun protection if needed.

**Treatment Room:** Lighten Up, Tighten Up Facial, Hydrating Cream Peel Facial

### Featured Actives:

**Palmitoyl Oligopeptide** - Stimulates the synthesis of collagen and hyaluronic acid in the deep layers of the skin. It also provides mild UV protection that helps protect the skin from sun damage.

**Palmitoyl Tripeptide-3** - Improves micro circulation, increasing the oxygen supply to tissues, strengthens and protects the integrity of elastin and collagen in the skin by inhibiting elastase and collagenase activity. Its benefits include reduction of puffiness and dark circles around the eyes and a softening of fine lines and wrinkles.

**Lactic Acid** - An alpha hydroxy acid occurring in sour milk. This ingredient is used to increase the humectant capability of the corneum layer and reduces fine lines as it gently exfoliates.

## Anti-Wrinkle Face & Neck Cream

# Anti-Wrinkle Face & Neck Cream

**Vitamin E (Tocopherol)** - Vitamin E is an antioxidant found in essential oils and vegetable oils. Also known as tocopherol, this wonderful vitamin, when applied topically, is well absorbed through the skin. It is attributed to reducing skin pigmentation, decreasing functioning of the sebaceous glands, increasing water retention in the skin, and serving as a super antioxidant and free radical scavenger. It is also helpful as an UV protectant. There is also evidence that Vitamin E is effective in preventing irritation due to sun exposure, and is protective against epidermal cell damage caused by inflammation. Vitamin E counteracts decreased function of the sebaceous glands.

**Licorice Root Extract** - This botanical extract has been used for hundreds of years for skin care. It is a native from Europe and China. Its benefits include suppressing melanin formation in the skin and it is considered an antioxidant. It is non-allergic, non-irritating, soothing, anti-inflammatory, and has an effect similar to hydrocortisone.

**Hydrolyzed Collagen** - Beneficial for its ability to water- bind and retain moisture in the corneum layer. It creates a film that keeps the water "locked in" and reduces dehydration. A humectant and an anti-irritant, this very stable protein is known to be non-allergic to all skin types.

**Hydrolyzed Elastin** - A hydrolysate of natural elastin, it works synergistically with hydrolyzed collagen and has been documented to prevent and counteract premature loss of elasticity to restore a young and smooth appearance to the skin.

**Vitamin A (Retinyl Palmitate)** - This essential vitamin for the skin favors tissue growth, helping improve the skin smoothness, firmness and texture. Applied topically, Vitamin A helps prevent scaling and dryness. Once Vitamin A esters enter the skin, they convert to retinoic acid and provide rejuvenating benefits as well as help the skin fight off infection. An excellent aid to the healing of damaged skin tissue.
