
Hibiscus & Arnica Mask

Description

The Hibiscus and Arnica Mask helps the epidermis of renew itself and makes the complexion luminous. The precious extract of Hibiscus is known for its soothing and protective action. Arnica plant extract has anti-inflammatory properties that promote the healing of wounds and irritation. Chamomile is used to soothe the skin.

Skin Type: All skin types. Post-treatment skin and irritated skin.

Benefits:

- ❑ Helps the epidermis of the skin renew itself.
- ❑ Soothes and protects.
- ❑ Reduces inflammation and promotes healing.

Ingredients

Bentonite, Rice Starch, Hibiscus Flower, Arnica Flower, Chamomile Essential Oil and Petals.

Arnica Flower	An astringent. Used externally to treat bruises and sprains.
Bentonite	White clay - used to thicken products, emulsify oils. Absorbs oils on the face and reduces shine.
Chamomile Essential Oil	Has constricting, anti-allergic, antiseptic, cooling, emollient, and healing properties. Helps reduce inflammation. Beneficial for use with acne, dry, or supersensitive skin.
Chamomile Petals	Soothes the skin.
Hibiscus Flower	Soothes the skin.
Rice Starch	Finely pulverized grains of the rice plant. A demulcent and emollient, it forms a soothing protective film.

Usage Instructions

1. Using a rubber mixing bowl, mix 90 ml (3 oz.) of water at 68° Fahrenheit with 30 g (1 oz.) of powder.
2. Stir quickly for 1 minute to create a creamy paste.
3. Apply the paste immediately to the face avoiding the eyes.
4. Leave mask on for at least 15 minutes.
5. Remove the mask by peeling off in one piece.
