

## **PRIME FOR FACE AND EYES**

PRIME for Face and Eyes is a weightless, oil-free formula that glides on to help promote long-wearing makeup. Vitamin E works as an antioxidant to smooth out lines as it moisturizes and protects skin. Prime provides a silky, smooth feel to the skin as it aids in repairing cellular damage.

- Skin Types

Ideal for most skin types.

- Application

For use on entire face, apply a small amount to face. Lightly pat into skin. For spot treatment use less. Use prior to any liquid, cream or powder foundation.

\*Remember – use a small amount of product

- Pro Tips

Mix with Conceal to make a perfect, long-wearing eye shadow base.

Perfect on mature skin as a “filling” agent for lines. Mix with Conceal and apply under eyes to diminish dark circles and reduce the appearance of fine lines.

- Key Ingredients

Vitamin E – Antioxidant
