Rockhard Stainless Cuticle Nipper

ITEM CODE: 3196-P (1/2 Jaw)

Description

The sturdy design of this nipper is reinforced by its rock-hard, stainless steel construction. Features sharp, long-lasting snipping tips for smooth cutting. Comfortable handles and precision blades make maneuvering around the nail to snip hangnails and dead-skin-build-up easy. The handles are calibrated with a double-spring action (needing only the slightest pressure for smooth trimming) and are designed for both righties and lefties. Won't pull or yank when trimming hangnails and cuticles. Perfectly aligned tips are hand-filed to meticulous sharpness for a precise cut every time.

Feature	Benefit
Stainless Steel	Durability, easy cleaning
Rockhard construction	Sturdiness
Long lasting sharp edges	Precision cutting

Product Usage

Push back cuticles using a manicure stick or the Pushy and Nail Cleaner, and carefully trim excess skin. Not for use on acrylic nails. Remember to never, ever cut live skin.

Tips & Tricks

The springs are guaranteed for the life of the tool.

Works Great With

Pushy and Nail Cleaner
FileMate
Stainless Steel Fingernail Clipper
