

8 MINUTE HIGH LEVEL TOOL DISINFECTANT

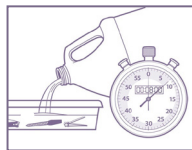

STEP 1

Clean instruments using water, detergent and brush (or ultrasonic cleaner).

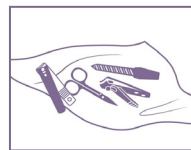

STEP 2

Rinse with potable water and dry thoroughly.

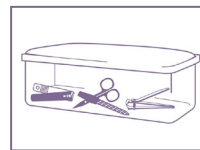

STEP 3

Fully immerse tools in Prevention HLD8 for **8 MINUTES**.

STEP 4

Rinse tools with water and leave to air dry (or dry manually).

STEP 5

Store in a clean, closed container labeled "Disinfected".

Re-use Prevention™ HLD 8 in a soaking tray for up to 21 days. viroxprobeauty.com
