

## Usage Instructions

---

### **Product Name**

Checi® Pro Autoclave Foot File

### **Benefits**

- Made of surgical stainless steel.
- Dual grit.
- Hypoallergenic.

### **Procedure**

1. After the file has been sterilized in your autoclave unit and is ready to use, clean skin with soap or sanitizer.
2. File foot with the back and forth method.
3. Apply moisturizer or foot cream after use for an incredibly soft feel.

**NOTE:** Do not use on irritated or inflamed areas. Consult physician if client is diabetic.
