

Product Name

Mancine® Champagne Hard Wax

Benefits

- ◆ Excellent for removing fair, blonde hairs.
- ◆ Pink in color so you can see the hairs beneath.

Ingredients

Beeswax, Microcrystalline, Natural and Modified Pine Rosin.

Procedure

1. Place in wax heater, melt completely, and allow to cool to a working temperature.
 2. Cleanse and disinfect with Mancine® Pre Wax Lotion and then apply Mancine® Pre Wax Oil.
 3. Use by dipping applicator into wax, which should be the consistency of honey (50°C).
 4. Before use, patch test on the inside of your wrist for a comfortable working temperature.
 5. Apply to skin in small circular motions and remove against the direction of hair growth.
 6. After waxing, apply Mancine® Ultimate Finish.
