

## Sweet Soy and Lavender Oil

4 oz. frosted glass bottle

**INSPIRATION:** It is widely accepted that adding soy to your diet can help prevent osteoporosis and even protect against cancer. But now Soy is being recognized for its ability to even skin tone when applied externally ... and some say Soy can even correct pigmentation in the skin brought about by hormonal changes. The moisturizing properties are undeniable, making it a key ingredient in anti-aging and anti wrinkle skincare products. Farmaesthetics uses Soy in its Sweet Soy Oils for its ability to make skin supple, smooth, and its healthy best at all ages and stages of life.

**INGREDIENTS:** sweet soy oil\*, lavender essential oil\* & natural vitamin E (*certified organic ingredient\**)

Sweet Soy Oil	One of the high-grade, cosmetic grade carrier oils. Especially chosen for its softening, uncomplicated chemistry ... light enough for massage, yet safe for those with nut allergies. Very emollient and soothing to the skin.
Vitamin E	Used to stabilize all of Farmaesthetics natural non-aqueous formulations. Benefits in restoring skin’s elasticity. Assists in healing scars and preventing stretch marks in skin that is being stretched from pregnancy or weight gain.
Lavender Essential Oil	Lavender is the herb Farmaesthetics uses most in its skincare preparations, as it is the most versatile, with uses ranging from decongestant to sedative. This versatility is due to the complexity of the herb’s chemistry and its numerous active constituents. It is best summed up, as a calming, soothing and above all balancing herb, (that smells wonderful!). It stimulates and rejuvenates the skin and restores the skin’s natural balance in oil production. It also stimulates sore, exhausted muscles and soothes the nerves, while acting as an aromatic astringent.

**APPLICATIONS & BENEFITS:**

- Clean, simple herbal treatment oil for moisturizing and conditioning the complexion of the face & body.
- Gorgeously emollient when used in the bath or applied after shower as body oil.
- Safe and relaxing to use on elderly, pregnant or post-par tem women, as it is totally free of synthetics, making it safe for use on all age groups & conditions, even those with nut allergies.
- Great for use in massage, having lots of “slip” for easy application.
- Best applied on damp, warm skin.
- Soy has the added benefits of phytoestrogens, said to have balancing effects on irregular hormonal activities.
- Gentle enough to use on the face, especially when harsh weather conditions have dried or irritated the complexion.

**AS USED IN PROFESSIONAL TREATMENTS:**

- Used as massage oil for face or body.
- Used in all Farmaesthetics Cornmeal Scrub treatments.
