

Illuminated Mani-Pedi Magnifier

Usage:

- ❑ This Illuminated Magnifier lamp is perfect for both pedicure and manicure services.
- ❑ The flexible pole makes it simple to adjust the light and lens where needed.
- ❑ A 13-watt compact fluorescent bulb is located behind the magnifying lens to cast light at an angle – ideal for highlighting small details.
- ❑ The crystal-clear crown optical lens provides distortion-free magnification in a 3-diopter system, selected specifically for this application.
- ❑ The Illuminated Magnifier is available in Almond or Black (both with a black base).
- ❑ An optional wall mount is also available (C9891+).

Cleaning:

- ❑ Clean lens with a cheese cloth or similar style cloth.
- ❑ Use a medium grade glass cleaner.
- ❑ Always use the adjustment knob when changing positions.
