

## Growth Factor Treatment Cream

# Growth Factor Treatment Cream

Sizes Available:  
.5oz

### Product Description:

Fueled by highly nutritious yeast derivatives plus antioxidant-rich vitamins, this concentrated treatment is housed in a soothing hydrating cream base. Ideal for accelerated repair and post resurfacing treatments.

### Skin Conditions:

For acne scars, other scars and skin irregularities.

### Benefits:

- Heals cracked and dry skin
- Calms and soothes
- Provides powerful antioxidants, and essential fatty acids to moisturize and soften dry, stressed skin
- Great as a daily night cream for dry/sensitive skin

**Usage:** After cleansing, apply a thin film on the entire face. Wait several minutes before applying additional products such as sun protection. May be reapplied as often as desired.

**Treatment Room:** n/a

### Featured Actives:

**Epidermal Growth Factor** - Growth factors can be derived from several glandular and microorganism extracts, and yeast. Epidermal Growth Factor is a protein consisting of a long chain of amino acids. Epidermal Growth Factors benefit the skin as a super antioxidant that reduces free radical damage. Recent studies have also found Epidermal Growth Factors excellent in reducing inflammation.

**Vitamin E (Tocopherol)** - An antioxidant found in essential oils and vegetable oils. Also known as tocopherol, this wonderful vitamin, when applied topically, is well absorbed through the skin. It is attributed with reducing skin pigmentation, decreasing functioning of the sebaceous glands, increasing water retention in the skin, and serving as a super antioxidant and free radical scavenger. It is also helpful as an UV protectant.

**Green Tea Extract** - This extract is rich in potent antioxidants and helps reduce inflammation and swelling.

**Aloe Vera** - Improves the circulation and regenerates the cells. Its effects are soothing, astringent, and protecting. Aloe has been recognized for many years as being anti-inflammatory and antibiotic. Aloe is also excellent for sensitive skins, rosacea conditions, and dry skin.

# Growth Factor Treatment Cream

**Licorice Root Extract** - This botanical extract has been used for hundreds of years for skin care. It is a native of Europe and China. Its benefits include suppressing melanin formation in the skin and it is considered an antioxidant. It is non-allergic, non-irritating, soothing, anti-inflammatory and, has an effect similar to hydrocortisone.

**Retinol** - A biologically active form of Vitamin A that can be converted to retinoic acid by the skin. Retinol's benefit stems from its vital role in skin growth, maintenance and function.

**Pumpkin Seed Oil** - This oil is credited with purative properties. It is effective for acne conditions and is anti-seborrheic.

**Allantoin** - An excellent ingredient for sensitive, acneic and irritated skin conditions. It is a botanical extract derived from the comfrey root and is known to be healing. Furthermore, studies show that this extract aids in the healing of scarred skin by stimulating new tissue growth.

**Phytic Acid** - Component of plants that has antioxidant properties.

**Sweet Almond Oil** - Known to improve complexion and soften the skin.
