

Oil-Free Sunscreen SPF 30

Oil-Free Sunscreen SPF 30

Sizes Available
2.5oz, 6oz

Product Description:

Microfine zinc and other skin defenders offer broad spectrum physical sunscreen protection from both UVA (the aging rays) and UVB (the burning rays) radiation. Fragrance-free, safe for sensitive skin or those with hyperpigmentation.

Skin Conditions:

For all skin types.

Benefits:

- Helps fight free radicals as it protects
- Calms and heals sun exposed skin
- Hydrates and moisturizes

Usage: Apply generously and evenly to skin 15 minutes prior to sun exposure. Ideal for all skin types. Penetrates quickly and leaves skin hydrated. Safe for sensitive skin.

Treatment Room: O2 Clear Facial, Lighten Up, Tighten Up Facial, Dermal Flash Treatment, Hydrating Cream Peel Facial, Smoothing A.H.A Body Peel

Featured Actives:

Zinc Oxide 2% - This technologically advanced patented formula of zinc oxide blocks both UVA and UVB rays. It provides the broadest spectrum protection of any single sunscreen ingredient. Microfine zinc oxide is an inorganic sunblock, also known as a “non-chemical” sunblock ingredient. It is not absorbed into the skin and is recognized as a treatment for calming irritated skin.

Octinoxate 5% - This ingredient is an excellent UV absorbing sunscreen. It is non-allergenic, non-comedogenic, and is derived from cinnamon leaves.

Octisalate 3% - An excellent UV sunscreen ingredient which is non-comedogenic and is derived from salicylic acid, which comes from the leaves of wintergreen.

Oxybenzone 3% is a derivative of Benzophenone-3 - A safe and effective sunscreen ingredient that is one of the most effective and highest rated substances to absorb UVA and UVB rays.

Oil-Free Sunscreen SPF 30

Aloe Vera - This plant extract improves the circulation and regenerates the cells. Its effects are soothing, astringent, and protecting. Aloe has been recognized for many years as also being anti-inflammatory and antibiotic. Aloe is also excellent for sensitive and dry skin conditions.

Vitamin E (Tocopherol) - An antioxidant found in essential oils and vegetable oils. Also known as Tocopherol, this wonderful vitamin, when applied topically, is absorbed through the skin. It is attributed with reducing skin pigmentation, decreasing functioning of the sebaceous glands, increasing water retention in the skin, and serving as a super antioxidant and free radical scavenger. It is also helpful as a UV protectant.

Comfrey Extract - This herbal extract relieves and soothes tender and inflamed skin. It contains a natural form of allantoin and is credited with healing, astringent, and emollient properties. It has been known to be helpful with sunburn and itching skin conditions.

Panthenol - This highly moisturizing ingredient aids in tissue repair and stimulates cellular proliferation. Panthenol also helps the skin promote wound healing and is anti-inflammatory. Its ability to attract water from the environment allows for added hydration and suppleness to the skin.

Vitamin A (Retinyl Palmitate) - This essential vitamin for the skin favors tissue growth, helping improve the skin smoothness, firmness and texture. Applied topically, Vitamin A helps prevent scaling and dryness. Once Vitamin A esters enter the skin, they convert to retinoic acid and provide rejuvenation benefits as well as help the skin fight off infection. An excellent aid to healing damaged skin tissue.
