### Featured Actives:

**Aloe Barbadensis Leaf Juice** - This plant extract improves the circulation and regenerates the cells. The effects are soothing, astringent, and protecting. Aloe has been recognized for many years as being anti-inflammatory and antibiotic. Aloe is also excellent for sensitive skin, rosacea conditions, and dry skin.

**Panthenol** - Also known as Vitamin B, this ingredient aids in tissue repair and promotes normal keratinization and wound healing. Panthenol acts as a humectant and leaves the skin feeling supple and very smooth. Panthenol has also been attributed to be anti-inflammatory.

**Vitamin E (Tocopherol)** - When applied topically, is well absorbed through the skin. It is attributed to reducing skin pigmentation, decreasing functioning of the sebaceous glands, increasing water retention in the skin, and serving as a super antioxidant and free radical scavenger. **Vitamin A (Retinyl Palmitate)** - This essential vitamin for the skin favors tissue growth, helping improve the skin smoothness, firmness and texture. Applied topically, Vitamin A helps prevent scaling and dryness. Once Vitamin A esters enter the skin, they convert to retinoic acid and provide rejuvenation benefits as well as help the skin fight off infection. An excellent aid to healing damaged skin tissue.

**Allantoin** - An excellent ingredient for sensitive, acneic and irritated skin conditions. It is a botanical extract derived from comfrey root and is known to be healing. Furthermore, studies show that this extract aids in the healing of scarred skin by stimulating new tissue growth.
