## Chamomile Modeling Mask

### Description

Ideal for clients with very sensitive skin and allergy conditions. This product will reduce skin inflammation, regenerate cells, and strengthen the skin's immune system while leaving it hydrated and refreshed.

**Skin Type:** All skin types, especially sensitive skin.

### Benefits:

- ❑ Helps reduce skin inflammation, regenerate cells, and strengthen the skin's immune system.
- ❑ Leaves the skin hydrated and refreshed.

### Ingredients

Chamomile Extract, Collagen, Seaweed Extract, Aloe Vera Extract, Sodium Alginate, Rice Starch.

Aloe Vera Extract	An emollient with hydrating, softening, healing, antimicrobial, and anti-inflammatory properties.
Chamomile Extract	Has anti-inflammatory, bactericidal, anti-itching, soothing, antiseptic, purifying, refreshing, and hypoallergenic properties. Also has the ability to neutralize skin irritants and repair the skin.
Collagen	Great hydration potential. Can bind and retain many times its weight in water.
Rice Starch	Finely pulverized grains of the rice plant. A demulcent and emollient, it forms a soothing protective film.
Seaweed Extract	Rich in sea minerals that hydrate, protect, and generate collagen.
Sodium Alginate	Thickener, stabilizer, gelling agent. Protects with a moisture film.

### Usage Instructions

Note: this product is packaged 2 different ways:

- ❑ Single use packet (1.7 oz.)
  - ❑ 2.2 lb. package
1. Cleanse skin with appropriate cleanser for skin type. Rinse well with warm water.
  2. Apply toner according to skin type.
  3. Mix
    - ❑ Mix 5 scoops of Chamomile Modeling Mask (45 g or 1.6 oz.) with 3 scoops of warm water (54 ml or 3.6 Tbs.) to form a thick, creamy paste. (2.2 lb. size)
- OR**
- ❑ Entire packet of Chamomile Modeling Mask powder with 60 ml (2 oz.) of warm water. (Single use packet)

- 
4. Apply eye pads to eyes and cover the face with a gauze mask.
  5. Spread Chamomile Mask mixture evenly over the gauze mask in a thick layer. Avoid contact with eyes, nostrils, lips, and hairline. Leave on 15 to 20 minutes. Do not leave the mask on the face for more than 30 minutes.
  6. After 15 to 20 minutes, remove mask. Mask will remove easily in one piece.
  7. Use sponge to clean face with warm water to remove and mask residue.
  8. Complete treatment by applying moisturizer according to skin type.
