## Neck and Bust Mask

### Description

The Neck and Bust Mask contains Aosa alginate, which belongs to the green algae family and is also known as sea lettuce. The firming properties of the Aosa is due to its protein fibers, which contain proline and lysine, two amino acids that are also present in human elastin.

**Skin Type:** All skin types, especially aging skin.

### Benefits:

- Helps firm the skin.

### Ingredients

Aosa alginate, fragrance.

Aosa alginate	A member of the green algae family, and is also known as sea lettuce. Its firming properties are the result of its protein fibers, which contain proline and lysine, two amino acids that are also present in human elastin. Helps firm the skin.
Fragrance	Provides an aroma to the product.

### Usage Instructions

1. Combine 2 ounces (60 grams) of powder with 6 ounces (180 grams) of water. (*Note the water should be 68° F (20° C).*)
2. Stir vigorously for one minute until you get a homogeneous paste.
3. Apply the paste immediately to the neck and bust avoiding the nipple area. The mask should set within 8 to 9 minutes.
4. Leave the mask in place for at least 15 minutes.
5. Remove by peeling it off in one piece.
