
Aloe Vera Collagen Mask

Description

The Aloe Vera Collagen Mask is suitable for oily and acne skin conditions. This cooling collagen mask is formulated with an abundance of aloe vera and other soothing plant extracts, vitamins C and E, liposomes, watercress extracts, and comfrey concentrate to treat acne and reduce inflammation.

Skin Type: Suitable for irritated, oily, and acne prone skin conditions.

Benefits:

- ❑ Helps treat acne.
- ❑ Helps reduce inflammation.

Ingredients

Thermal Water, Aloe Vera, Collagen, Amino Acid, Vitamins C & E, Liposomes, Watercress Extracts, Comfrey Concentrate, Menthol, Methylparaben, Propylparaben.

| | |
|---------------------|---|
| Aloe Vera | An emollient with hydrating, softening, healing, antimicrobial, and anti-inflammatory properties. |
| Amino Acid | Enhances water retention and skin moisturization. |
| Collagen | Great hydration potential. Can bind and retain many times its weight in water. |
| Comfrey Concentrate | Contains Allantoin - has healing, astringent, and emollient properties. Very soothing. Helps reduce swelling and bruising. |
| Liposomes | Small, double layered, hollow, spherical phospholipid membrane vesicles that can encapsulate water-soluble and oil-soluble substances. They can be accepted through cell membranes and metabolized by the skin. This allows them to deliver “actives” to the skin that could not be readily accepted otherwise. |
| Menthol | Has antiseptic, cooling, and refreshing properties. Also stimulates circulation of blood. |
| Methylparaben | Preservative used to combat bacteria and molds. |
| Propylparaben | Frequently used preservative against bacteria and mold. |
| Thermal Water | Comes from a thermal spring with water warmer than 98° F. Enriched with minerals |
| Vitamin C | A well known antioxidant that is popular in anti-aging products. Its synergistic effect with vitamin E is excellent. As vitamin E reacts with a free radical, it is damaged. Vitamin C repairs the free-radical damage in vitamin E allowing it to continue scavenging free radicals. |

| | |
|---------------------|---|
| Vitamin E | An important oil-soluble antioxidant and free-radical scavenger when applied topically. It is also has photoprotectant capabilities and helps protect the cellular membrane from free-radical damage. It also serves a preservative function due to its ability to protect against oxidation. |
| Watercress Extracts | Helps reduce the production of sebum. Helps regulate moisture in the skin. |

Usage Instructions

1. Apply the mask on a thoroughly cleansed face.
2. Leave on for 15 to 20 minutes.
3. Remove mask and finish with a toner and moisturizer suitable for your client's skin type.
