
Collagen Crystal Lip Mask

Description

An intense hydrating mask that covers the lips, plumps them up, and leaves them moist, smooth, and supple. It also reduces fine lines and wrinkles around the mouth. Contains marine collagen, hyaluronic acid, arbutin, mountain lily extract, white tea extract, and vitamin E.

Skin Type: All skin types. Suitable for all lip conditions, especially chapped lips.

Benefits:

- ❑ Nourishes, moisturizes, and softens lips and prevents dryness that leads to fine lines and irritation.
- ❑ Increases elasticity and plumpness.
- ❑ Helps reduce fine lines and wrinkles around the mouth.

Ingredients

Deionized Water, Marine Collagen, Amino Acids, Betaine, Hyaluronic Acid, Hydrolyzed Glycosaminoglycans, Sodium Chloride, Potassium Chloride, Sodium PCA, Citric acid, Vitamin E, Rose Essential Oil, Methylidibromo Glutaronitrile, Phenoxyethanol.

Amino Acids	
Betaine	A surfactant and excellent conditioner, viscosity builder, and foam booster.
Citric Acid	Derived from citrus fruits. Acts as an astringent and an exfoliator.
Deionized Water	Water that has had the ions removed.
Hyaluronic Acid	A substance that occurs naturally in the dermis. It is a natural moisturizer with excellent water-binding capabilities. When applied to the skin, it forms a film similar to the way water is held in the intracellular matrix. The ability to hold water provides smoothness, improving the skin's appearance.
Hydrolyzed Glycosaminoglycans	Has hygroscopic (capable of absorbing moisture) properties. Its small molecular structure allows it to penetrate the outer epidermal layers.
Marine Collagen	Derived from the substance found on fish scales. Helps diminish the signs of aging and decrease the negative effects of toxins.
Methylidibromo Glutaronitrile	Preservative
Phenoxyethanol	Broad range preservative with fungicidal, bactericidal, insecticidal, and germicidal properties.
Potassium Chloride	Increases viscosity in cosmetic preparations.
Rose Essential Oil	Has antiseptic, disinfectant, and soothing properties. Good for all skin types, especially mature, dry, or sensitive skin.

Sodium Chloride	Used as a preservative, astringent, and antiseptic to treat inflamed lesions.
Sodium PCA	High performing humectant derived from amino acids. Found naturally in the skin.
Vitamin E	An important oil-soluble antioxidant and free-radical scavenger when applied topically. It is also has photoprotectant capabilities and helps protect the cellular membrane from free-radical damage. It also serves a preservative function due to its ability to protect against oxidation.

Usage Instructions

1. Open foil pack, remove the transparent crystal mask, and place on lips.
2. Remove after 15 to 20 minutes. Do not rinse or cleanse the lips after treatment.
3. Gently massage the lip area to allow the remaining ingredients to be absorbed by the face.
