

White (Kaolin Clay Powder)

Clays have been used since ancient times to cleanse and detoxify the skin of the face and body. Most clays are too absorptive and drying for use on sensitive or overly dry skin, and yet these skin types need cleansing and detoxifying too. China White (or Kaolin) clay is the mildest and gentlest of all clays. Without drawing out oils, China White Clay will gently exfoliate and cleanse dry, sensitive skin, while helping to stimulate circulation and improve tone. It has a slightly acid pH of 5 and has a high content of aluminum, which aids in tissue repair.

Usage

Masks are considered the base for skincare. Follow the mixing instructions for each active ingredient combined with White Clay.

- ❑ ½ cup for hydrotherapy.
- ❑ 2 tablespoons for facial masks.
- ❑ 1 cup + for full body wraps.
- ❑ Combine with other masks for a customized treatment.
