

Made with 83% Certified Organic ingredients, Sole Mate Callus Remover helps to powerfully dissolve thick, callused skin without stripping the skin of essential moisture and balance. Formulated with Organic Papaya Extract to naturally soften callus buildup, Organic Argan Oil to restore essential moisture to the skin, and Organic Aloe and Tamanu Oil to soothe and revitalize the skin, leaving the feet polished, refreshed and refined.

To Use

Wear protective gloves. Saturate cotton ball, position against callus build up. Wrap with a warm towel. Allow to activate for 5 minutes. Remove product with warm water using **Eco Foot File**. Follow with **Sole Mate Hydrating Foot Balm**. For Professional use only.

Severe Dryness

Solutions with Key Ingredient

Organic Papaya Exfoliates & polishes dead surface skin.

Organic Argan Oil Used to deeply moisturize the skin. Aids in circulation and restores balance, softens and repairs the skin while neutralizing free radicals.

Organic Tamanu Oil Restores balance and acts as an anti-inflammatory. Hydrates and helps aid in skin regeneration and prevents infection.

Organic Aloe Vera Soothes, hydrates, & protects, treated skin. Moisturizing, cleansing and anti-inflammatory properties. Helps promote skin regeneration, heals chapped skin and seals in moisture with a protective barrier.
