

TWEEZERMAN Professional

MANICURE

V-Cuticle Nipper

ITEM CODE: 3296-P, 3296-H (His)

Description

“THE MOST INNOVATIVE, REVOLUTIONARY CUTICLE NIPPER”

With ultra-sharp cutting action and unique, ergonomically designed body, this state-of-the-art stainless steel nipper combines the best in form and function. Its innovative shape eases the tension on nail tech’s hand while delivering unsurpassed control and performance. Buffed end works as a pusher. Stainless Steel. Protective case included. US patented.

Feature	Benefit
Stainless steel	Durable, easy to clean
Angled tips	For hard to reach cuticles
Thin handle	Fingertip control
Sharp blades	Precision trimming without tearing or pulling
Leather case	Protects and stores tool

Product Usage

Squeeze to snip. For ridding hands of hangnails and dead-skin-build-up around the nail, hold the tool like a tweezer and use slight pressure to bring tips together for precision snipping. Remember to never, ever cut live skin.

Tips & Tricks

Clean after use. Do not cut live skin.
Caution: Do not use on acrylic nails.

Works Great With
Stainless Steel Fingernail Clipper
Pushy Cuticle Pusher
