CREA II

Not every barber is a traditionalist. The Crea II chair ushers in a new look in barber chairs. There are no sharp edges, no visible screws and no annoying corners for hair to gather. A special molded plastic gives that soft reassuring feel. Crea II chairs blend easily into modern salons or more traditional barber shop establishments, for, in any atmosphere, a relaxed customer is more likely to be a regular customer. The Crea II comes with a built-in headrest.
