FEATURES FOR ITEM #:

The Dermisystem's sleek, clinical design is perfect for space-conscious estheticians. All the functions are integrated in one tower. The longer steam arm works well for wide tables. A lighted control panel on the steamer indicates the steam and ozone functions. This heavy-duty facial system combines a variety of facial equipment functions in one unit. Each unit includes high frequency, galvanic, vacuum/spray, rotary brush, steamer with ozone, 3 diopter magnifying lamp, Wood's lamp, stand with casters, accessory holder, and a complimentary pen electrode.
