

<b>Section 1: Product and Company Identification</b>	
<b>Product Name:</b>	AMBER EGYPTIAN GERANIUM HARD WAX
<b>Product Description:</b>	Cosmetic - Depilatory hard (hot) wax
<b>Product Use:</b>	Stripless hair removal wax used for removal of body hair.
<b>Manufacturer:</b>	Amber Products 549 Route 30 Imperial, PA 15126
<b>Prepared by:</b>	Technical Department
<b>Date Prepared:</b>	January 28th, 2010
<b>Telephone Number:</b>	1-800-821-9188
<b>Chemical Name:</b>	Mixture
<b>Chemical Formula:</b>	Not available
<b>Chemical Family:</b>	Not available
<b>In Case of Emergency:</b>	1-800-821-9188 1-800-821-9188

<b>Section 2: Composition and Information on Ingredients</b>			
Name	CAS#	% by Weight	Toxicological Data
No hazardous ingredients			

<b>Section 3: Hazards Identification</b>	
<b>Emergency Overview:</b>	Not dangerous in normal conditions. Before waxing, test on a small region of skin to find comfortable temperature.
<b>Potential Health Effects, Signs and Symptoms of Exposure:</b>	
<b>1) Solid product:</b>	Acute and chronic effects are not expected. Safety precautions and proper hygiene measures must be followed accordingly.
<b>2) Very hot or molten product:</b>	
<b>Eye:</b>	Contact with very hot product will burn the eyes.
<b>Skin:</b>	Not dangerous in normal conditions. Contact with very hot product can cause serious burns.
<b>Ingestion:</b>	Ingestion of large quantities can result in gastrointestinal disturbances.
<b>Inhalation:</b>	Vapors may cause slight respiratory irritation.

<b>Section 4: First Aid Measures</b>	
<b>Eye Contact:</b>	Immediately wash eyes for 15 minutes with a directed stream of low pressure lukewarm water. Remove contact lenses from eyes. Seek medical attention.

<b>Skin:</b>	If in contact with hot molten product, cool skin with water or cold packs for 15 minutes. Do not place ice directly on skin. Seek medical attention.
<b>Ingestion:</b>	Rinse mouth with water. Do not induce vomiting unless directed by medical personnel. Loosen tight clothing (collar, tie, belt). Seek medical attention.
<b>Inhalation:</b>	Move person to fresh air. If person is not breathing, give artificial respiration. Seek medical attention.

### Section 5: Fire Fighting Measures

<b>Flashpoint (°C/°F):</b>	Not applicable
<b>Flammable Limit (vol %):</b>	Not applicable
<b>Auto-ignition Temperature:</b>	None established
<b>Extinguishing Media:</b>	Carbon dioxide, dry foam or powder. If only water is available, use in the form of fog.
<b>Fire Fighting Instructions:</b>	Wear protective clothing to prevent skin and eye contact. Do not send runoff to sewers or waterways.
<b>Fire Fighting Equipment:</b>	Use a self-contained breathing apparatus and protective clothing because toxic thermal decomposition of products can occur.

### Section 6: Accidental Release Measures

<b>Spill or Release Procedures:</b>	If molten, contain and absorb with sand or earth. Transfer to a suitable container for disposal. Do not let enter sewage system. Sweep up to avoid slippery conditions. If molten, let it cool down and then scrape for removal.
<b>Personal Protection:</b>	Goggles, rubber / pvc and full protective clothing & equipment recommended.

### Section 7: Handling and Storage

<b>Handling:</b>	Normal handling precautions applicable to industrial chemicals. Use proper washing of hands and face after handling, before eating, drinking or smoking. Keep product out of reach of children.
<b>Storage:</b>	Store in a cool, dry and ventilated place away from direct sunlight, heat, sparks, flames, combustibles and incompatible materials.

### Section 8: Exposure Controls / Personal Protective Equipment

<b>Respiratory Protection:</b>	None required under normal conditions of use. Provide exhaust ventilation to keep airborne levels of mists/vapors below exposure limits recommended. If vapor or mist occurs when material is heated or handled, wear an organic vapor respirator.
--------------------------------	--

<b>Skin Protection:</b>	Under normal conditions of use, wear disposable nitrile or neoprene gloves.
<b>Eye Protection:</b>	None required under normal conditions of use.
<b>Other Protection:</b>	Avoid heating to very high temperatures sufficient to produce smoke or fumes.
<b>Work/Hygienic Practices:</b>	Wash hands well after handling and before eating, drinking or smoking.

### Section 9: Physical and Chemical Properties

<b>Appearance (100°C):</b>	Opaque dark pink visquous liquid
<b>Odor:</b>	Characteristic
<b>pH:</b>	Not available
<b>Specific Gravity:</b>	Not available
<b>Boiling Point:</b>	Not determined
<b>Flashpoint:</b>	More than 100°C (212°F).
<b>Solubility:</b>	Oil or hydrocarbons. Not soluble in water.
<b>Vapor Pressure:</b>	Not applicable
<b>Evaporation Rate:</b>	Not applicable

### Section 10: Stability and Reactivity

<b>Stability:</b>	Stable under normal conditions.
<b>Dangerous Reactions:</b>	None known.
<b>Incompatibility (Materials to Avoid):</b>	Contact with strong oxidizing agents.
<b>Hazardous Polymerization:</b>	None known.
<b>Conditions to Avoid:</b>	Sources of ignition, open flames, sparks and high temperatures.
<b>Hazardous Decomposition:</b>	Not known.

### Section 11: Toxicological Information

<b>Eye Contact:</b>	Product may cause slight but transient eye irritation.
---------------------	--

<b>Inhalation Toxicity:</b>	Acute inhalation studies with rats submitted to decomposition fumes: No deaths occurred after a six hour exposure period. Repeated or prolonged inhalation of product fumes can cause asthma allergic response in susceptible individuals.
<b>Carcinogenicity:</b>	Not classified as carcinogenic by IARC, OSHA, or NTP.
<b>Teratogenicity:</b>	Not available
<b>Mutagenicity:</b>	Not available
<b>Reproductive Toxicity:</b>	Not available

### Section 12: Ecological Information

<b>Biodegradability:</b>	Product not readily biodegradable. Special care must be taken to avoid product residues to enter water basins, rivers, lakes or water supplies.
<b>Ecotoxicity:</b>	Data not available. May be harmful to aquatif life.

### Section 13: Disposal Considerations

<b>Waste Disposal:</b>	Dispose of in accordance with local, provincial (state) and federal regulations. Most likely to be in a controlled incineration.
------------------------	--

### Section 14: Transportation Information

This product is not classified as dangerous in the meaning of transport regulations.

### Section 15: Regulatory Information

#### WHIMS/OSHA CLASSIFICATION:

**WHIMS (Canada):** Not WHMIS regulated.

**OSHA HCS (29CFR 1910.1200):** Not regulated.

### Section 16: Other Information

No additional information available.

The information contained in this MSDS is accurate to the best of our knowledge, using the latest information available to Parfumerie Reynard Ltd. Parfumerie Reynard Ltd does not assume any liability for the accuracy or completeness of the information contained in this MSDS.
