

Material Safety Data Sheet

Section I

Product Name: VitaC Peptide Complex

Formula: 413

Identified Uses: Skin care

Address: 10015 Muirlands Blvd Suite C
Irvine, CA 92618

For Health Hazard Info Call: 949-770-4290

Section II: Hazards Identifications

Exposure Effects: This is a personal care product that is considered safe for consumers, when used according to the label directions. Like many consumer products, a small number of individuals may experience reactions, such as redness, rash and/or swelling upon prolonged or repeated skin or eye contact.

Hazard Ratings: Health: 0, Fire: 0, Physical Hazards: 0

Ratings are based on a 0-4 scale, with 0 representing minimal and 4 representing significant hazards or risks.

Section III: Composition / Hazardous Ingredients

Principle Hazardous Component(s)	%	TLV (units)
1. N/A		

Other Composition and Ingredient Information

Water (Aqua), Tetrahexyldecyl Ascorbate, Helianthus Annuus (Sunflower) Seed Oil, Ascorbyl Glucoside, C13-15 Alkane, Propanediol, Glyceryl Oleate Citrate, Betaine, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, Phenoxyethanol, Caprylic/Capric Triglyceride, Sclerotium Gum, Citrus Aurantium Dulcis (Orange) Peel Oil, Hydrogenated Lecithin, Sodium Citrate, Sodium Hyaluronate, Potassium Hydroxide, Disodium EDTA, Ethylhexylglycerin, Dipotassium Glycyrrhizate, Tocopherol, Sodium PCA, Ascorbic Acid, Ferulic Acid, Glutathione, Hydrolyzed Collagen, Hydroxymethoxyphenyl Decanone

Section IX: Physical Data

Flash Point (°F)	TBD				
Specific Gravity (H2O = 1)	1.00 +/- 0.10				
Vapor Pressure (mm Hg)	~ As Water				
Vapor Density	N/A				
Flammable Limits in Air	N/A	Upper	N/A	Lower	N/A
(% by volume)					
Water Solubility	Soluble				
pH	4.5- 5.5				

Appearance and Odor - off-white to light yellow lotion. Subtle citrus aroma

Section X: Stability & Reactivity
--

Stable:	Yes
Conditions to Avoid:	Extreme heat and storage in sunlight
Incompatibility (Materials to Avoid):	None
Hazardous Decomposition Products:	None
Special Conditions to Avoid:	None
Corrosive to Steel, Aluminum:	No

Section XI: Toxicological Information
--

ACUTE EFFECTS

Eye Contact:	May cause redness or irritation
Skin Contact:	Overexposure may cause a skin reaction, such as redness
Ingestion:	May cause nausea, vomiting and diarrhea
Respiratory:	Not an expected route of exposure

CHRONIC EFFECTS None expected

CARCINOGEN CLASSIFICATIONS

NTP:	None known
IARC:	None known
OSHA:	None known

Section XII: Ecological Information

Environmental exposure controls:

This product is not harmful to the environment at the concentrations predicted under normal use conditions. Large (industrial) quantities should not be allowed to reach ground water, sewage, waste water or soil.

Section XIII: Disposal Considerations

Follow local and state rules and regulations.

Section XIV: Transport Information

Shipping Classification: not determined via to be determined

Section XV: Regulatory Information

Misc. This is a cosmetic, personal care product as defined by the US-FDA and, as such, is not currently regulated.

Section XVI: Other Information

None

The information contained in this MSDS is based on data which is provided at the time of preparation and believed to be accurate. While the company believes that the data contained herein complies with 29 CFR 1910.1200, they are not to be taken as a warranty or representation.
