### **SECTION 2. HAZARD IDENTIFICATION**

This is a personal care / cosmetic product that is safe for consumers under normal and reasonably foreseeable use and is exempt from the OSHA Hazard Communication Standard (29 CFR 1910.1200). This safety data sheet (SDS) is being provided as a courtesy to help assist in the safe handling and proper use of the product for industrial workplace conditions in response to a customer request.

**OSHA/HCS Status:** This product is not classified as hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

**Classification:** Not classified

#### **Label Elements**

**Hazard Symbol:** None

**Signal Word:** None

**Hazard Statement:** None

#### **Precautionary statements**

**General:** Read label before use.

**Prevention:** Do not swallow.

**Response:** Wash and rinse mouth thoroughly.

**Disposal:** Dispose of contents and container in accordance with all local, regional, national and international regulations

**Other Hazards:** None

### **SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS**

**Mixture:** All ingredients, including our CAS # and percentages are withheld as they are proprietary or trade secret. This product is not hazardous according to OSHA 29 CFR 1910.1200. Only hazardous constituents, in accordance with OSHA Hazard Communication Standard (29 CFR 1910.1200) associated with the product are listed below.

| Chemical Name                      | CAS#        | Concentration |
|------------------------------------|-------------|---------------|
| Water/Aqua/Eau                     | 7732-18-5   | Proprietary   |
| Glycerin                           | 56-81-5     | Proprietary   |
| Dipropylene Glycol                 | 25265-71-8  | Proprietary   |
| Niacinamide                        | 98-92-0     | Proprietary   |
| 1,2-Hexanediol                     | 9000-07-01  | Proprietary   |
| Acetyl Tetrapeptide-2              | 757942-88-4 | Proprietary   |
| Acetyl Tetrapeptide-5              | 820959-17-9 | Proprietary   |
| Adenosine                          | 214047-00-4 | Proprietary   |
| Algin                              | 14306-25-3  | Proprietary   |
| Aloe Barbadensis Leaf Juice        | 92457-01-07 | Proprietary   |
| Betaine                            | 73049-73-7  | Proprietary   |
| Butylene Glycol                    | 9000-40-2   | Proprietary   |
| Butyrospermum Parkii (Shea) Butter | 70445-33-9  | Proprietary   |
| Camellia Sinensis Leaf Extract     | 9005-38-3   | Proprietary   |

| Glyceryl Stearate                               | 9003-04-07   | Proprietary   |
| Hexapeptide-11                                  | 161258-30-6  | Proprietary   |
| Hexapeptide-9                                   | 1228371-11-6 | Proprietary   |
| Hydrolyzed Collagen                             | 26402-26-6   | Proprietary   |
| Hydrolyzed Gardenia Florida Extract             | 92457-01-07  | Proprietary   |
| Hydrolyzed Hyaluronic Acid                      | 85507-69-3   | Proprietary   |
| Maltodextrin                                    | 9050-36-6    | Proprietary   |
| Paeonia Suffruticosa Root Extract               | 6920-22-5    | Proprietary   |
| Palmitoyl Pentapeptide-4                        | 214047-00-4  | Proprietary   |
| Palmitoyl Tripeptide-1                          | 34406-66-1   | Proprietary   |
| Palmitoyl Tripeptide-5                          | 147732-56-7  | Proprietary   |
| Panthenol                                       | 81-13-0      | Proprietary   |
| Pantolactone                                    | 57-50-1      | Proprietary   |
| Polyglyceryl-10 Laurate                         | 92457-01-07  | Proprietary   |
| Potassium Chloride                              | 84082-60-0   | Proprietary   |
| Sodium Acetylated Hyaluronate                   | 0599-04-02   | Proprietary   |
| Sodium Hyaluronate                              | 9004-53-9    | Proprietary   |
| Sodium Phytate                                  | 84650-60-2   | Proprietary   |
| Sodium Polyacrylate                             | 9050-36-6    | Proprietary   |
| Sucrose                                         | 107-43-7     | Proprietary   |
| Tripeptide-1                                    | 9067-32-7    | Proprietary   |

#### **SECTION 4. FIRST AID MEASURES**

|                             |                                                                                                                                                                           |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Inhalation:</u></b>   | If symptoms develop, remove from the exposure to fresh air. Seek medical attention if symptoms persist.                                                                   |
| <b><u>Skin contact:</u></b> | Rinse thoroughly with water after contact. Seek medical attention if irritation develops or persists. Clean contaminated clothing before re-use.                          |
| <b><u>Eye contact:</u></b>  | Flush immediately with clean water for several minutes. Contact a physician as necessary.                                                                                 |
| <b><u>Ingestion:</u></b>    | Do not induce vomiting. Wash out mouth with water. Contact a physician or local poison control center immediately. Never give anything by mouth to an unconscious person. |

## **SECTION 5. FIRE-FIGHTING MEASURES**

|                                                                        |                                                                                                                                                                                                                   |
|------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Suitable Extinguishing Media:</u></b>                            | Water Spray; Carbon Dioxide; Dry Chemical; Universal-Type Foam; As allowable for the surrounding materials.                                                                                                       |
| <b><u>Unsuitable Extinguishing Media:</u></b>                          | None known.                                                                                                                                                                                                       |
| <b><u>Specific Hazards Arising From Mixture:</u></b>                   | Rapid temperature rise of liquid can result in explosive vaporization, particularly if in a sealed container. Heat of surrounding Combustion and Strong Acids and Strong Alkalis [Bases] can cause rapid heating. |
| <b><u>Combustion Products:</u></b>                                     | Not Applicable; Non-combustible                                                                                                                                                                                   |
| <b><u>Protective Equipment &amp; Precautions For Firefighters:</u></b> | As in any fire, wear self-contained breathing apparatus, MSHA/NIOSH (approved or equivalent) and full protective gear.                                                                                            |

## **SECTION 6. ACCIDENTAL RELEASE MEASURES**

|                                                        |                                                                                                                                                                                        |
|--------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Personal Precautions:</u></b>                    | Do not touch damaged containers or spilled material unless wearing appropriate protective equipment. Local authorities should be advised if significant spillages cannot be contained. |
| <b><u>Advice for Emergency Responders:</u></b>         | Wear appropriate respirator when ventilation is inadequate.                                                                                                                            |
| <b><u>Environmental Precautions:</u></b>               | Avoid discharge into drains, water courses or ground water. Inform the relevant authorities if the product has caused environmental pollution.                                         |
| <b><u>Methods for Containment and Cleaning Up:</u></b> | Contain spill and recover free product. Absorb remainder on vermiculite or other suitable absorbent material. Wipe small spills with cloth. Clean with hot water and detergent.        |

## **SECTION 7. HANDLING AND STORAGE**

|                         |                                                                        |
|-------------------------|------------------------------------------------------------------------|
| <b><u>Handling:</u></b> | Use as directed. Avoid contact with eyes.                              |
| <b><u>Storage:</u></b>  | Keep containers tightly closed. Store upright in a dry and cool place. |

## **SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

|                                               |                                                                                                                                       |
|-----------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Engineering Control:</u></b>            | No information available                                                                                                              |
| <b><u>PPE for Household Settings:</u></b>     | This is a person care or cosmetic product that is safe for consumers and other users under normal use. No special equipment required. |
| <b><u>PPE for Non-Household Settings:</u></b> | Use protective gloves and appropriate eye protection. In case of insufficient ventilation, wear suitable respiratory equipment.       |
| <b><u>Hygiene Measures:</u></b>               | Handle in accordance with good industrial hygiene and safety practice.                                                                |

## **SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES**

|                               |     |
|-------------------------------|-----|
| <b><u>Physical State:</u></b> | Gel |
|-------------------------------|-----|

|                                               |                      |
|-----------------------------------------------|----------------------|
| <b>Color:</b>                                 | Opaque Light Yellow  |
| <b>Odor:</b>                                  | Characteristic       |
| <b>Specific gravity:</b>                      | Not Available        |
| <b>pH:</b>                                    | {Range} @ 25C        |
| <b>Viscosity:</b>                             | Not Available        |
| <b>Melting Point/Freezing Point:</b>          | Not Available        |
| <b>Initial Boiling Point:</b>                 | Not Available        |
| <b>Flash point:</b>                           | Not Applicable       |
| <b>Evaporation Rate:</b>                      | Not Applicable       |
| <b>Upper/Lower Flammability Limit:</b>        | Not Applicable       |
| <b>Flammability:</b>                          | Not Applicable       |
| <b>Vapor Pressure:</b>                        | Not Available        |
| <b>Vapor Density:</b>                         | Not Available        |
| <b>Odor Threshold:</b>                        | Not Available        |
| <b>Solubility:</b>                            | Dispersible in water |
| <b>Solubility in Water:</b>                   | Dispersible          |
| <b>Partition Coefficient: n-octanol/water</b> | Not Available        |
| <b>Auto-ignition Temperature:</b>             | Not Applicable       |
| <b>Decomposition Temperature:</b>             | Not Available        |
| <b>Oxidizing Properties:</b>                  | Not Available        |
| <b>Total Aerobic Count:</b>                   | <1000 cfu/g          |
| <b>Yeast &amp; Mold:</b>                      | Negative             |

## **SECTION 10. STABILITY AND REACTIVITY**

**Reactivity:** This material presents no significant reactivity hazard.

**Stability:** Chemically stable, non-hazardous material.  
Unstable if exposed to DC electricity.

**Hazardous Reactions:** Under normal conditions of storage and use, hazardous reaction will not occur.

**Conditions to Avoid:** Extremely low temperatures, as product will expand upon freezing.

**Materials to Avoid:** Strong acids, strong alkalis and oxidizing agents. Avoid contact with materials which are classified with the dangerous goods class 4.3 [Dangerous When Wet Substances]; eg. Aluminium, Calcium, Calcium Carbide, Magnesium, Zinc, Sodium, etc.

**Hazardous Decomposition products:** Under normal conditions of storage and use, hazardous decomposition products should not be produced.

## **SECTION 11. TOXICOLOGICAL INFORMATION**

### **Routes of Exposure:**

Skin contact, Eye contact

### **Information on Likely Routes of Exposure**

**Ingestion:**

May be harmful if swallowed.

**Inhalation:**

No adverse effects are expected.

**Skin Contact:**

No adverse effects are expected.

**Eye Contact:**

No adverse effects are expected

### **Information on Toxicological Effects**

**Acute toxicity:**

No adverse effects are expected.

**Skin Corrosion / Irritation:**

Not classified as a skin corrosive or irritant.

**Serious Eye Damage / Irritation:**

Irritating to eyes.

**Respiratory Sensitization:**

Not expected to cause respiratory sensitization.

**Skin Sensitization:**

Not expected to cause skin sensitization.

**Germ Cell Mutagenicity:**

No data available.

**Neurological Effects:**

No data available.

**Carcinogenicity:**

Not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.

**Reproductive Toxicity:**

Not expected to cause reproductive effects.

**Teratogenicity:**

No data available.

**STOT - Single Exposure**

No data available.

**STOT - Repeated Exposure**

No data available.

**Aspiration Hazard**

No data available.

## **SECTION 12. ECOLOGICAL INFORMATION**

### **Eco-Toxicity Hazards:**

None established. Avoid pollution to soil, rivers and the ocean.

### **Persistence & Degradability:**

Low persistence level and readily biodegradable.

### **Bio-accumulative Potential:**

No information available.

### **Mobility:**

Low mobility in soil.

### **Results of PBT & vPvB Assessment:**

No information available.

### **Other Adverse Effects:**

No information available.

## **SECTION 13. DISPOSAL CONSIDERATIONS**

### **Waste Treatment Methods:**

Disposal should be in accordance with applicable regional, national and local laws and regulations.

## **SECTION 14. TRANSPORT INFORMATION**

### **DOT:**

Not regulated as dangerous goods.

### **TDG:**

Not regulated as dangerous goods.

## **SECTION 15. REGULATORY INFORMATION**

### **TSCA:**

Not Applicable
