Soak up with absorbent, place in waste container, flush area with water and dispose of materials in accordance with local regulations. Empty container should be destroyed.

Section VII – Handling and Storage

Handling

Handle and open container with care.

Storage

Store at room temperature.

Section VIII – Exposure Controls and Personal Protection

Engineering Controls

Not applicable.

Personal Protection

Skin Contact: Not applicable.

Inhalation: Not applicable.

Eye: Avoid contact with eyes.

Section IX – Physical and Chemical Properties

Appearance:	White to wff white
Physical State:	Smooth, homogeneous emulsion
Odor:	Pleasant, Characteristic
Vapor Density (air = 1):	N/A
Solubility in Water:	Soluble
pH:	5.0 – 7.0

Section X – Stability and Reactivity

Stability

The product is stable under normal handling and storage conditions.

Conditions to Avoid

None.

Hazardous Decomposition Products

None.

Section XI – Toxicological Information

Effects of Exposure

Skin Contact

Not an irritant.

Inhalation

Not an irritant.

Ingestion

Expected to be a low ingestion hazard.

Eye Contact

Could cause irritation.

Section XII – Ecological Information

When diluted with a large amount of water, this material released directly or indirectly into the environment is not expected to have significant impact.
