TO WHOM IT MAY CONCERN

Safety Data Sheet (SDS)

1. SECTION: Identification

1.1. Product Identifier -

Supplier Product Name: UBM MakeUp Remover 20150133 with 1 % Chamomile Extract

Client Product Name: [BROWFOOD] Chamomile Makeup Erase Pen

Product Code: UBM 20150133 with 1% Chamomile Extract

Other means of identification: Liquid Ink Pen. Commercially available product, which contains cosmetic

and or pharmaceutical grade materials that are generally regarded as safe and non-hazardous.

Relevant identified uses of the substance or mixture and uses advised against

Category of use: Cosmetics.

REACH Classification: PC39 = Cosmetics, Personal Care Products.

1.2. Details of supplier of Safety Data Sheet

United Brands Marketing GmbH

Rheidter Straße 52a

D- 53859 – Niederkassel, Germany

Tel.: +49-228-97176-70; Fax: +49-228-97176-79; E-Mail: <u>info@u-b-m.com</u>

Website: http://www.u-b-m.com Contact Person: David J. Kohen

Emergency Telephone No.: +49-228-97176-70

2. SECTION: Hazards Identification

2.1. Classification of the substance or mixture

This mixture is not classified as physical, health or environmental hazardous according to the regulation EC No. 1272/2008.

2.2. Label Elements

N/A.

2.3. Other hazards

N/A.

3. SECTION: Composition / Information on Ingredients

3.1. Substances

The product does not contain substances that at their given concentration are considered hazardous to health.

Formulation No. 20150133 with 1% Chamomile Extract

AQUA (WATER), POLYGLYCERYL-4 LAURATE/SEBACATE, POLYGLYCERYL-6 CAPRYLATE/CAPRATE, METHYLPROPANEDIOL, PROPANEDIOL, INULIN, GLYCERINE, PANTHENOL, CAPRYLYL GLYCOL, POLYGLYCERYL-10 LAURATE, DICAPRYLYL ETHER, LAURYL ALCOHOL, CHAMOMILLA RECUTITA (CHAMOMILE) FLOWER EXTRACT, HYDROLYZED SILK, ETHYLHEXYLGLYCERIN, HYDROLYZED JOJOBA ESTERS, PHENYLPROPANOL, DIPOTASSIUM GLYCYRRHIZATE, CITRIC ACID, POTASSIUM SORBATE, TOCOPHEROL

3.2 Others

This SDS is not varying from batch to batch and can be used for a group of similar mixtures.

The exact percentage of composition is withheld as a trade secret.

4. SECTION: First Aid Measures

This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen use.

4.1 Description of First Aid Measures

Eye Contact: This product is not expected to be irritating to eyes, as it is not intended to use on eyelid. If used on eyelid and an irritation occurs, flush eyes thoroughly with plenty of water lifting lids periodically for at least fifteen minutes. If symptoms of irritation of redness persist, see a physician.

Skin Contact: This product is not expected to be irritating, sensitizing, photo allergenic or phototoxic when used as intended. If irritation occurs, wash the skin with soap and water. In case of skin irritation or allergic reactions, discontinue to use the product and see a physician.

Inhalation: This product is not expected to be irritating to the respiratory system. This product is not volatile; therefore, limited inhalation exposure anticipated. In case of inhalation, remove to fresh air and if symptoms of shortness of breath occurs, call a physician.

Ingestion: According to the intended use, the product is not expected to cause gastrointestinal irritation.

Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea. Do not induce vomiting and drink plenty of water. If system persists, call a physician.

4.2. Most important symptoms and effects, both acute and delayed

N/A.

4.3. Indication of any immediate medical attention and special treatment needed

N/A.

5. SECTION: Firefighting Measures

Non-flammable.

5.1. Extinguishing Media

Material is not combustible. Use extinguishing measures that are appropriate to local circumstances.

5.2. Special hazards arising from the substance or mixture

NIOSH-approved Self-Contained Breathing Apparatus (SCBA) and full protective clothing/equipment are recommended. Use a fog nozzle or foam to cool or extinguish fire. A fire will often produce a thick black smoke; therefore, do not breathe in smoke without protective mask.

5.3. Advice for firefighters

In case of fire, wear NIOSH-approved Self-Contained Breathing Apparatus (SCBA) and full protective clothing/equipment recommended. Use a fog nozzle or foam to cool or extinguish fire.

5.3. Unusual fire and explosion hazards

Material is not combustible. Fire or excessive heat may produce hazardous decomposition of the product.

6. SECTION: Accidental Release Measures

6.1. Personal precautions, protective equipment and emergency procedures

Avoid ingestion and ignition. Consult the safety measures listed under sections 7 and 8.

6.2. Environmental precautions

Refer to protective measures listed in sections 7 and 8

6.3. Methods and materials for containment and cleaning up

Wipe up spilled product and use a mild detergent solution to remove the residues of product.

6.4. Reference to other sections

No data available.

7. SECTION: Handling and Storage

7.1. Precautions for safe handling

Store away from heat in a room with even, normal temperatures. Avoid ignition and ingestion.

7.2. Conditions of safe storage, including any incompatibilities

Keep away from heat or open flame.

Keep away from direct sunlight with tightly closed container/caps for longevity.

Provide general hygiene practice (e.g. drinking, eating and smoking in work areas is prohibited).

Warehouse the product horizontally and leave the product pointed down (tip down) in the store.

7.3 Specify PaO and end-use(s)

PaO is 12 months after the opening (12M). Shelf life is 36 months (36M).

7.4 Other recommendations

N/A.

8. SECTION: Exposure Controls / Personal Protection

This product, as supplied, does not contain any hazardous material with occupational exposure limits.

8.1 Control Parameters

Appropriate Engineering Controls: showers, eyewash stations and ventilation systems.

Protective and Hygiene Measures.

Respiratory Protection: no special protective equipment required.

Hand Protection: no special protective equipment required.

Eye/Face Protection: no special protective equipment required.

Skin/Body Protection: no special protective equipment required.

Hygiene Measures: handle in accordance with good hygiene and safety practice.

8.2 Recommendations

To safe guard the purity of the product and applicator:

- Always handle and apply the product in a careful and sanitary manner.
- Do not share the product with other consumers.
- Do not rest the point on any surface or use an old point in a new case.
- Close the cap tightly to help prevent changes in odor or appearance.
- If changes occur in color or odor, discontinue using the product.

WARNING: Eye cosmetics in a scratched, infected or irritated eye, as well as, scratches from eye cosmetic applicators can lead to eye damage and in extreme cases even blindness. If your eye is scratched, infected or irritated, stop using all eye cosmetics and see an ophthalmologist (eye doctor) immediately.

8.3 Others

See the GMP Certificate in Appendix 1.

9. SECTION: Physical and Chemical Properties

9.1. Information on basic physical and chemical properties

Physical Appearance: Fluid liquid (pigmented and colored).

Colour: colorless to slightly yellow

Odour: Specific smell.

Viscosity (25°): N/A

Density (20°): N/A

Specific Gravity: N/A

pH: N/A

Solubility in Water: Mixes slowly.

10. SECTION: Stability and Reactivity

10.1. Reactivity

No data available.

10.2. Chemical Stability

Stable under recommended storage conditions (see section7).

10.3. Possibility of hazardous reactions

None under normal processing.

10.4. Conditions to avoid

Open flame.

10.5. Incompatible Materials

No data available.

10.6. Hazardous Decomposition Products

None when carefully used.

11. SECTION: Toxicological Information

11.1. Information on toxicological effects

No data available.

Substances: no toxicological data available for the substances.

Mixture: no toxicological data available for the mixture.

12. SECTION: Ecological Information (non-mandatory)

The ingredients inside this product are expected to be safe for the environment at concentrations predicted under normal product use and geographic (spatial) dispersion (distribution).

The packaging components are compatible with conventional solid waste management practices.

12.1. Toxicity

No ecological data available.

12.2. Persistence and Degradability

No data available.

12.3. Bio Accumulative Potential

No data available.

12.4. Mobility in soil

No data available.

12.5. Results of PBT and vPvB Assessment

No data available.

12.6. Other adverse reactions

No data available.

13. SECTION: Disposal Considerations (non-mandatory)

Proper waste management of the mixture and/or its container must be determined in accordance with Directive 2008/98/EC.

13.1. Waste Treatment Methods

In accordance with valid regulations. Do not pour into drains or waterways.

Waste management is carried out without endangering human health, without harming the environment and in particular risk to water, air, soil, plants or animals.

Recycle or dispose is carried out in compliance with current legislation, preferably via a certified collector or company.

14. SECTION: Transport Information (non-mandatory)

Land Transport (ADR/RID) / Inland Waterways Transport (ADN) / Marine Transport (IMDG) / Air Transport (ICAO)

14.1. UN Number

No dangerous good in sense of this transport regulation.

14.2. UN proper shipping number

No dangerous good in sense of this transport regulation.

14.3. Transport Hazard Class(es)

No dangerous good in sense of this transport regulation.

14.4. Packing Group

No dangerous good in sense of this transport regulation.

14.5. Environmental Hazards

No dangerous good in sense of this transport regulation.

14.6. Special precautions for users

No dangerous good in sense of this transport regulation.

14.7. Transport in bulk according to Annex II of MARPOI73/78 and the IBC code

No dangerous good in sense of this transport regulation.

14.8. Other applicable information

No dangerous good in sense of this transport regulation.

15. SECTION: Regulatory Information

15.1. Safety, health and environmental regulations / legislation specific for the substance or mixture No data available.

15.2. Chemical Safety Assessment

No data available.

16. SECTION: Other Information

The information is based on present level of our knowledge, information and belief at the date of publication. The information given is designed only as guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.

Abbreviations:

ADR: European agreement concerning the international carriage of dangerous goods by Road.

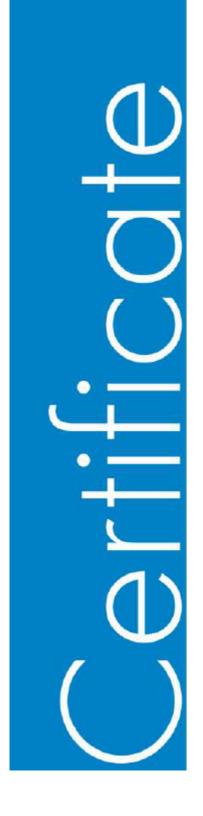

AND: European agreement concerning the international carriage of dangerous goods by Inland Waterways

IMDG: International Maritime Dangerous Goods.

ICAO: International Civil Aviation Organization.

RID: Regulations concerning the International carriage of Dangerous goods by rail.

Pfeiffer Consulting GmbH confirms that the company

United Brands Marketing GmbH Niederkassel Germany

produces its cosmetics products according to the standards of

Cosmetic - GMP **DIN EN ISO 22716**

after having been audited in November 2016. The certification was based on the guidelines of DIN EN ISO 22716:2008-12 (ISO 22716:2007) in accordance with Cosmetic - GMP.

October 31st, 2017 Valid till: UBM210912.5 Report No: October 2017 Next audit:

Safety Data Sheet

1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Manufacturer : JB COSMETICS

6200 Artesia Blvd, Buena Park, CA 90620

T: (714) 367-1843 F: (714) 367-1847

Date SDS Prepared: January 4, 2015

Product Name: Lashfood, Conditioning Collagen Lash Primer

Formula No.: FMS0804-CD

2. HAZARD IDENTIFICATION

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

Eye : Contact may cause mild, transient irritation. Some redness and/or stinging may

occur.

Skin : Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used

as Intended. If irritation occurs following intended use or prolonged contact it is

expected to be mild and transient.

Inhalation : Not expected to be irritating to the respiratory system. Not volatile therefore limit-

ed inhalation exposure anticipated.

Ingestion : Product used as intended is not expected to cause gastrointestinal irritation.

Accidental ingestion of undiluted product may cause mild gastrointestinal irritation

with nausea, vomiting and diarrhea.

3. COMPOSITION / INFORMATION ON INGREDIENTS

43	SODIUM BENZOATE	ICID

4. FIRST AID MEASURES

: Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.: Discontinue use of product. Apply cold compresses to affected areas to relieve Eye

Skin Problem

any discomfort. If discomfort persists, contact a physician.

Inhalation : If respiratory irritation occurs, remove individual to fresh air.

Ingestion : Accidental ingestion of product of product may necessitate medical attention. In

case of accidental ingestion dilute with fluids (water or milk) and treat symptoma-

tically. Do not induce vomiting.

5. FIRE FIGHTING MEASURES

Flash Point & Method : Not applicable.

Extinguishing Media : Use dry chemical, foam, carbon dioxide, water. Explosion Hazard : No applicable information has been found.

Fire Fighting Instructions : Contact emergency personnel. Use self-contained breathing

apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may pruduce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives.

6. ACCIDENTAL RELEASE MEASURES

Use safety glasses or safety goggles if splash hazards exist, use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

7. HANDLING AND STORAGE

No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

This is personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen use.

9. PHYSICAL AND CHEMICAL PROPERTIES

Color, Odor and Appearance: White, Characteristic, Viscous Emulsion

Physical State: Viscous Emulsion

pH: 3.00-9.00

Flashpoint : Not applicable Vapor Density : Not applicable Melting Point : Not applicable Boiling Point : Not applicable Solubility in Water: Insoluble

10. STABILITY AND REACTIVITY

Conditions to Avoid : No applicable information has been found.

Other Recommendations : None.

11. TOXILOGICAL INFORMATION

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeble use.

12. ECOLOGICAL INFORMATION

This product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices.

13. DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

14. TRANSPORT CONSIDERATION

Transport in accordance with local regulations.

15. REGULATORY INFORMATION

EU DPD (Dangerous Products Directive) Classification (DPD 88/379/EEC).

Regulated as a Cosmetic and/or Drug under FDA (US), HPB (Canada), Cosmetic Directive(EU), MHW (Japan) and MOH (China).

While the finished product(s) is not considered hazardous as defined in 29 CFR 1910.1200 (d), this MSDS contains valuable information critical to the safe handling and proper use of the product.

US Federal

The product described in this Material Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).

CERCLA reportable quantity (RQ):

None.

SARA 313/302/304/311/312 chemicals:

None.

Canada

All ingredients are CEPA approved for import to Canada. This product has been classified in accordance with the hazard criteria of the Canadian Controlled Product Regulations (CPR) and this MSDS contains all information required by the CPR.

US States

CA Prop 65:

This product is not subject to warning labeling under California Proposition 65.

State Right-to-Know:

The following ingredients are present in the finished product and are listed on the following state right-to-know lists: None.

Other

Perfumes contained within the products covered by this MSDS comply with appropriate IFRA guidance.

16. OTHER INFORMATION

This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. It is not meant to be an all-inclusive document on worldwide hazard communication regulations. Our operations must comply with applicable local and national MSDS/Hazard Communication Regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage or release to the environment.

38	OCTAPEPTIDE-2	ICID
39	IRON OXIDES (CI 77499)	ICID

4. FIRST AID MEASURES

Eye : Thorough rinsing for 15-20 minutes of the affected eye with water is recommend-

ed. If discomfort or irritation persists, contact a physician.

Skin Problem : Discontinue use of product. Apply cold compresses to affected areas to relieve

any discomfort. If discomfort persists, contact a physician.

Inhalation : If respiratory irritation occurs, remove individual to fresh air.

Ingestion : Accidental ingestion of product of product may necessitate medical attention. In

case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting.

5. FIRE FIGHTING MEASURES

Flash Point & Method : Not applicable.

Extinguishing Media : Use dry chemical, foam, carbon dioxide, water.

Explosion Hazard : No applicable information has been found.

Fire Fighting Instructions : Contact emergency personnel. Use self-contained breathing

apparatus and full protective gear, if large quantities of pro duct are involved. Hazardous decomposition products may be released. Thermal degradation may pruduce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives.

6. ACCIDENTAL RELEASE MEASURES

Use safety glasses or safety goggles if splash hazards exist, use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

7. HANDLING AND STORAGE

No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

This is personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen use.

9. PHYSICAL AND CHEMICAL PROPERTIES

Color, Odor and Appearance : Black, Characteristic, Viscous Emulsion

Physical State: Viscous Emulsion

pH: 3.00-9.00

Flashpoint: Not applicable Vapor Density: Not applicable Melting Point: Not applicable Boiling Point: Not applicable Solubility in Water: Insoluble

10. STABILITY AND REACTIVITY

Conditions to Avoid
Other Recommendations

: No applicable information has been found.

: None.

11. TOXILOGICAL INFORMATION

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeble use.

12. ECOLOGICAL INFORMATION

This product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices.

13. DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

14. TRANSPORT CONSIDERATION

Transport in accordance with local regulations.

15. REGULATORY INFORMATION

EU DPD (Dangerous Products Directive) Classification (DPD 88/379/EEC).

Regulated as a Cosmetic and/or Drug under FDA (US), HPB (Canada), Cosmetic Directive(EU), MHW (Japan) and MOH (China).

While the finished product(s) is not considered hazardous as defined in 29 CFR 1910.1200 (d), this MSDS contains valuable information critical to the safe handling and proper use of the product.

US Federal

The product described in this Material Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).

CERCLA reportable quantity (RQ):

None.

SARA 313/302/304/311/312 chemicals:

None.

Canada

All ingredients are CEPA approved for import to Canada. This product has been classified in accordance with the hazard criteria of the Canadian Controlled Product Regulations (CPR) and this MSDS contains all information required by the CPR.

US States

CA Prop 65:

This product is not subject to warning labeling under California Proposition 65.

State Right-to-Know:

The following ingredients are present in the finished product and are listed on the following state right-to-know lists: None.

Other

Perfumes contained within the products covered by this MSDS comply with appropriate IFRA guidance.

16. OTHER INFORMATION

This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. It is not meant to be an all-inclusive document on worldwide hazard communication regulations. Our operations must comply with applicable local and national MSDS/Hazard Communication Regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage or release to the environment.
