

Material Safety Data Sheet

Green Tea Glycolic peel

Dermastart

940 West Oakland Avenue Ste A4

Winter Garden, FL 34787

1(866) 589-2949

Section 1. Chemical Product and Company Identification

Common Name/Trade Name: Green Tea Glycolic Peel

Commercial Name: Green Tea Glycolic Peel

Chemical Name: NA

Chemical Family: Compound

Section 2. Composition and Information on Ingredients

Purified water, Glycolic Acid, Aloe Cellulose, Green Tea.

Section 3. Hazards Identification

Toxicological Data on Ingredients: None known

Potential Acute Health Effect: None known

Potential Chronic Health Effects: None known

Section 4. First Aid Measures

Eye Contact: Rinse with plenty of water.

Skin Contact: Rinse with water.

Serious Skin Contact: None known

Inhalation: N/A

Ingestion: Drink milk and do not induce vomiting. Consult physician or poison center.

Keep out of reach of children

Section 5. Fire and Explosion Data

Flammability of the Product: N/A

Auto-Ignition Temp: N/A

Flash Points: No flash to boiling

Flammable Limits: N/A

Products of Combustion: CO₂

Fire Hazards in Presence of Various Substances: None known

Explosion Hazards in Presence of Various Substances: N/A

Fire Fighting Media and instructions: Water, CO₂, and dry chemicals

Special Remarks of Fire Hazards: if in steel drums, cool with mist of water prior to handling.

Special Remarks of Explosion Hazards; May explode due to steam entrapment if in large fires.

Section 6. Accident Release Measures

Small Spill: salvage reusable amounts. Dry with sawdust, paper towels or the like and discard in trash receptacles.

Large Spill: same as small spills.

Section 7. Handling and Storage

Precautions: Keep away from eyes and mucous membranes.

Storage: Cool dry areas

Section 8. Exposure Controls/Personal Protection

Engineering Controls: None Necessary

Personal Protection: Eye goggles and rubber gloves

Personal Protection in Case of a Large Spill: Goggles and rubber gloves

Exposure Limits: N/A

Section 9. Physical and Chemical Properties

Physical state and Appearance: Semi viscous clear fluid. Practically odorless.

Molecular Weight: N/A

pH: 2.5-3.2 at ambient

Boiling Point: Not determined

Melting Point: Not determined

Critical Temp: N/A

Specific Gravity: at ambient 0.97 or 8 pounds per gallon

Volatility: N/A

Odor Threshold: N/A

Dispersion Properties: Dispersible in water

Solubility: Soluble

Section 10. Stability and Reactivity Data

Stability: Stable

Instability Temp:

Conditions of Instability: Unknown

Incompatibly with various substances: None known

Special Remarks on Reactivity: Non-reactive

Polymerization: Will not occur

Section 11. Ecological Information

Products of Biodegradation: Water and CO₂, Carbon

Toxicity of the products of Biodegradation: Unlikely (unknown)

Special Remarks on the Product of Biodegradation: N/A

Section 12. Disposal Consideration

Waste Disposal: May be disposed of in normal trash outlets.

Section 13. Transport Info

DOT Classification not available

Special Provisions for Transport: non-known

Section 14. Other Info

References

Other Special Considerations: KEEP OUT OF REACH OF CHILDREN
