

Safety Data Sheet
ThermaBliss® ThermaHerbal™ Poultice

SDS Revision Date:

8/28/19

1. Identification

1.1. Product identifier

Product Identity

ThermaBliss® ThermaHerbal™ Poultice

Alternate Names

Thai Herbal Compress, Detox & Energize, Relax & Renew

1.2. Relevant identified uses of the substance or mixture and uses advised against

Intended use

Various Material Use

Application Method

See Technical Data Sheet.

1.3. Details of the supplier of the safety data sheet

Company Name

Manufactured by Ricshel Trading
1s30 Rose St, Dizon Village
Tambo, Lipa City
Batangas, Philippines 4217

Sold By: Inspired Sciences, LLC
6744 Spencer Street
Las Vegas, NV 89119

Emergency

24 hour Emergency Telephone No.

888-827-4683

Customer Service: Forever Intellectual Property, LLC

760-480-7586

2. Hazard(s) identification

2.1. Classification of the substance or mixture

Classification (EC 1272/2008)

Physical and chemical hazards Not classified

Safety Data Sheet
ThermaBliss® ThermaHerbal™ Poultice

SDS Revision Date:

8/28/19

2.2. Label elements

Label in accordance with (EC) No. 1272/2008
No pictogram required

[Prevention]:

No GHS prevention statements

[Response]:

No GHS response statements

[Storage]:

No GHS storage statements

[Disposal]:

No GHS disposal statements

3. Composition/information on ingredients

This product contains the following substances that present a hazard within the meaning of the relevant State and Federal Hazardous Substances regulations.

Ingredient/Chemical Designations	Weight %	GHS Classification	Notes
Proprietary Herb Blend	70%	Not Classified	
Lava Gel Absorbent Composition	25%	Not Classified	
Ingredients not listed are classified as non-hazardous or at a concentration below reportable levels	>5%	Not Classified	

In accordance with paragraph (i) of §1910.1200, the specific chemical identity and/or exact percentage (concentration) of composition has been withheld as a trade secret.

Safety Data Sheet

ThermaBliss[®] ThermaHerbal[™] Poultice

SDS Revision Date:

8/28/19

[1] Substance classified with a health or environmental hazard.

[2] Substance with a workplace exposure limit.

[3] PBT-substance or vPvB-substance.

*The full texts of the phrases are shown in Section 16.

4. First aid measures

4.1. Description of first aid measures

General	In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.
Inhalation	Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in the recovery position and obtain immediate medical attention. Give nothing by mouth.
Eyes	Irrigate copiously with clean water for at least 15 minutes, holding the eyelids apart and seek medical attention.
Skin	Remove contaminated clothing. Wash skin thoroughly with soap and water or use a recognized skin cleanser.
Ingestion	Material is not acutely toxic by ingestion, unless it is in large amounts.

4.2. Most important symptoms and effects, both acute and delayed

Overview	EYE CONTACT: Mechanical injury or particle may embed in eye. INHALATION: Should be treated as nuisance dust, may irritate mucous membranes or upper respiratory tract. Use proper respirator and means of ventilation. INGESTION: Ingestion is unlikely, however ingestion of large amounts could cause injury. SKIN ABSORPTION: Unlikely due to physical form and properties. Low toxicity and not considered a hazard. See section 2 for further details.
-----------------	---

5. Fire-fighting measures

5.1. Extinguishing media

Use fire extinguishing media appropriate for surrounding materials.

5.2. Special hazards arising from the substance or mixture

Hazardous decomposition: None under normal usage.

Safety Data Sheet
ThermaBliss® ThermaHerbal™ Poultice

SDS Revision Date:

8/28/19

Keep away from heat / sparks / open flames / hot surfaces - No smoking.

5.3. Advice for fire-fighters

No specific fire fighting procedure given.

ERG Guide No. ----

6. Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Put on appropriate personal protective equipment (see section 8).

6.2. Environmental precautions

Do not allow spills to enter drains or waterways.

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

6.3. Methods and material for containment and cleaning up

Collect spilled pads and inspect non woven fabric; if fabric is punctured, torn, or interior materials are wetted, discard as waste as described below: if fabric is undamaged, repackage.

7. Handling and storage

7.1. Precautions for safe handling

Protect against physical damage.

See section 2 for further details. - [Prevention]:

7.2. Conditions for safe storage, including any incompatibilities

Handle containers carefully to prevent damage and spillage.

Store in a cool, dry well ventilated location, away from sources of ignition. Separate from incompatibles. Observe all warnings and precautions listed for the product. Store product in accordance with OSHA.

See section 2 for further details. - [Storage]:

7.3. Specific end use(s)

No data available.

Safety Data Sheet
ThermaBliss® ThermaHerbal™ Poultice

SDS Revision Date:

8/28/19

8. Exposure controls and personal protection

8.1. Control parameters

Exposure

CAS No.	Ingredient	Source	Value
Proprietary	Lava Gel Absorbent Composition	OSHA	No Established Limit
		ACGIH	No Established Limit
		NIOSH	No Established Limit
		Supplier	No Established Limit

Carcinogen Data

CAS No.	Ingredient	Source	Value
Proprietary	Lava Gel Absorbent Composition	OSHA	Select Carcinogen: No
		NTP	Known: No; Suspected: No
		IARC	Group 1: No; Group 2a: No; Group 2b: No; Group 3: No; Group 4: No;

8.2. Exposure controls

- Respiratory** Not required.
- Eyes** Protective safety glasses recommended
- Skin** Use the proper safety gear
- Engineering Controls** Provide adequate ventilation
- Other Work Practices** Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

See section 2 for further details. - [Prevention]:

9. Physical and chemical properties

Appearance	Flat grayish, metallic powder consisting of above ingredients, packaged in non woven fabric Solid
Odor	None
Odor threshold	Not determined
pH	Not Measured
Melting point / freezing point	1202 F

Safety Data Sheet
ThermaBliss® ThermaHerbal™ Poultice

SDS Revision Date:

8/28/19

Initial boiling point and boiling range	2025 F
Flash Point	Not Measured
Evaporation rate (Ether = 1)	Not Measured
Flammability (solid, gas)	Solid
Upper/lower flammability or explosive limits	Lower Explosive Limit: Not Measured Upper Explosive Limit: Not Measured
Vapor pressure (Pa)	Not Measured
Vapor Density	Not Measured
Specific Gravity	1.74 @25C
Solubility in Water	None
Partition coefficient n-octanol/water (Log Kow)	Not Measured
Decomposition temperature	Not Measured
Viscosity (cSt)	Not Measured
Coefficient of Water/Oil Distribution:	Not Applicable
Molecular Weight	Not Defined

9.2. Other information

No other relevant information.

10. Stability and reactivity

10.1. Reactivity

No Specific reactivity hazards associated with this product.

10.2. Chemical stability

Stable under normal temperature conditions.

10.3. Possibility of hazardous reactions

No data available.

10.4. Conditions to avoid

No data available.

10.5. Incompatible materials

No specific materials or groups of materials are likely to react to produce a hazardous situation

10.6. Hazardous decomposition products

Safety Data Sheet
ThermaBliss® ThermaHerbal™ Poultice

SDS Revision Date:

8/28/19

None under normal usage

11. Toxicological information

11.1 Information on toxicological effects

Ingredient	Oral LD50, mg/kg	Skin LD50, mg/kg	Inhalation Vapor LC50, mg/L/4hr	Inhalation Dust/Mist LC50, mg/L/4hr	Inhalation Gas LC50, ppm
Lava Gel Absorbent Composition (Proprietary)	No data available	No data available	No data available	No data available	No data available

Note: When no route specific LD50 data is available for an acute toxin, the converted acute toxicity point estimate was used in the calculation of the product's ATE (Acute Toxicity Estimate).

3. Composition/information on ingredients

This product contains the following substances that present a hazard within the meaning of the relevant State and Federal Hazardous Substances regulations.

Ingredient/Chemical Designations	Weight %	GHS Classification	Notes
Paraffin CAS Number: 0008002-74-2	75 - 100	Not Classified	[1][2]

In accordance with paragraph (i) of §1910.1200, the specific chemical identity and/or exact percentage (concentration) of composition has been withheld as a trade secret.

[1] Substance classified with a health or environmental hazard.

[2] Substance with a workplace exposure limit.

[3] PBT-substance or vPvB-substance.

*The full texts of the phrases are shown in Section 16.

4. First aid measures

4.1. Description of first aid measures

General

In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person. All treatments should be based on observed signs and symptoms of distress in a patient. Consideration should be given to the possibility that overexposure to materials other than this product may have occurred.

Inhalation

Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in the recovery position and obtain immediate medical attention. Give nothing by mouth.

Eyes

Irrigate copiously with clean water for at least 15 minutes, holding the eyelids apart and seek medical attention.

Skin

Remove contaminated clothing. Wash skin thoroughly with soap and water or use a recognized skin cleanser.

Ingestion

If swallowed obtain immediate medical attention. Keep at rest. Do NOT induce vomiting.

Safety Data Sheet

ThermaBliss® Paraffin Anywhere™ Nourishment+ Wax

SDS Revision Date:

5/2/19

4.2. Most important symptoms and effects, both acute and delayed

Overview

Inhalation: Exposure to vapors, fumes, or smoke from molten material handled in confined areas can produce irritation or respiratory tracts, and possible physical discomfort to sensitive individuals.

Skin: Skin contact with molten material can cause severe burns.

Ingestion: This material is essentially inert and non-toxic. Regardless of this the material should be handled with care and not be ingested or put in mouth.

Eye: Exposure to fumes, vapors or smoke from thermally degraded product can cause irritation to eyes. Contact with molten material will cause thermal burns and eye injury. See section 2 for further details.

Skin

May cause an allergic skin reaction.

5. Fire-fighting measures

5.1. Extinguishing media

Water fog, Carbon Dioxide, Dry Chemical

5.2. Special hazards arising from the substance or mixture

Hazardous decomposition: High temperatures and fires may produce such toxic substances as carbon monoxide and carbon dioxide.

Avoid breathing dust / fume / gas / mist / vapors / spray.

5.3. Advice for fire-fighters

None known to laboratory

ERG Guide No. ----

6. Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Put on appropriate personal protective equipment (see section 8).

6.2. Environmental precautions

Do not allow spills to enter drains or waterways.

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

Safety Data Sheet

ThermaBliss® Paraffin Anywhere™ Nourishment+ Wax

SDS Revision Date:

5/2/19

6.3. Methods and material for containment and cleaning up

Handle as a thermoplastic. With molten spills, allow the material to solidify and cool. Keep material out of sewers and watercourses by diking or impounding. Recover and place into appropriate containers for recycling or disposal, according to prevailing local, state and federal laws.

7. Handling and storage

7.1. Precautions for safe handling

Protect against physical damage.

See section 2 for further details. - [Prevention]:

7.2. Conditions for safe storage, including any incompatibilities

Handle containers carefully to prevent damage and spillage.

When kept in molten state, inert gas blanketing may be used to avoid material degradation. As a solid, avoid contamination by keeping in closed containers.

Incompatible materials: No data available.

Store in a cool, dry well ventilated location, away from sources of ignition. Separate from incompatibles. Observe all warnings and precautions listed for the product. Store product in accordance with OSHA.

See section 2 for further details. - [Storage]:

7.3. Specific end use(s)

No data available.

8. Exposure controls and personal protection

8.1. Control parameters

Exposure

CAS No.	Ingredient	Source	Value
0008002-74-2	Paraffin	OSHA	No Established Limit

		NTP	Known: No; Suspected: No
		IARC	Group 1: No; Group 2a: No; Group 2b: No; Group 3: No; Group 4: No;

8.2. Exposure controls

Respiratory

If workers are exposed to concentrations above the exposure limit they must use the appropriate, certified respirators.

Eyes

Protective safety glasses recommended

Skin

Use the correct protective clothing.

Engineering Controls

Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits suitable respiratory protection must be worn.

Other Work Practices

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

See section 2 for further details. - [Prevention]:

8/27/2020

Danger

H228 Flammable solid.

H250 Catches fire spontaneously if exposed to air.

H260 In contact with water releases flammable gases which may ignite spontaneously.

[Prevention]:

P210 Keep away from heat / sparks / open flames / hot surfaces - No smoking.

P222 Do not allow contact with air.

P223 Keep away from any possible contact with water, because of violent reaction and possible flash fire.

P231+232 Handle under inert gas. Protect from moisture.

P240 Ground / bond container and receiving equipment.

P241 Use explosion-proof electrical / ventilating / light / equipment.

P280 Wear protective gloves / eye protection / face protection.

[Response]:

P335+334 Brush off loose particles from skin. Immerse in cool water / wrap in wet bandages.

P370+378 In case of fire: Use extinguishing media listed in section 5 of SDS for extinction.

[Storage]:

P402+404 Store in a dry place. Store in a closed container.

P422 Store contents under ...

[Disposal]:

P501 Dispose of contents / container in accordance with local / national regulations.

4. First aid measures

4.1. Description of first aid measures

General	In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.
Inhalation	Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in the recovery position and obtain immediate medical attention. Give nothing by mouth.
Eyes	Irrigate copiously with clean water for at least 15 minutes, holding the eyelids apart and seek medical attention.
Skin	Remove contaminated clothing. Wash skin thoroughly with soap and water or use a recognized skin cleanser.
Ingestion	Material is not acutely toxic by ingestion, unless it is in large amounts.

4.2. Most important symptoms and effects, both acute and delayed

Overview	EYE CONTACT: Mechanical injury or particle may embed in eye. INHALATION: Should be treated as nuisance dust, may irritate mucous membranes or upper respiratory tract. Use proper respirator and means of ventilation. INGESTION: Ingestion is unlikely, however ingestion of large amounts could cause injury. SKIN ABSORPTION: Unlikely due to physical form and properties. Low toxicity and not considered a hazard. See section 2 for further details.
-----------------	---

5. Fire-fighting measures

5.1. Extinguishing media

Safety Data Sheet thermaBliss[®] Charge

SDS Revision Date:

8/27/2020

Smother burning powder by covering with DRY agents approved for use on Class D fires. Use agents such as dry melting flux, dry sand, MET-L-X powder, dry talc, Purple-K powder. DO NOT USE WATER! Do not use foam, halogenated extinguishers or carbon dioxide.

5.2. Special hazards arising from the substance or mixture

Hazardous decomposition: None under normal usage.

Keep away from heat / sparks / open flames / hot surfaces - No smoking.

Do not allow contact with air.

Keep away from any possible contact with water, because of violent reaction and possible flash fire.

Handle under inert gas. Protect from moisture.

Ground / bond container and receiving equipment.

Use explosion-proof electrical / ventilating / light / equipment.

5.3. Advice for fire-fighters

Wear fire fighting glasses when fighting fires – burning Magnesium-Iron Alloy powder produces a very bright white flame! Only trained fire fighters should apply extinguishing agents gently to avoid disturbing or spreading the burning Alloy powder. Monitor carefully for flare-ups and smother these as necessary. Use self-contained breathing apparatus or approach from upwind due to intense white smoke (magnesium oxide) produced. Sometimes it is best to evacuate employees and allow Alloy powder to burn itself out rather than attempt to extinguish. Do NOT attempt to approach or fight if burning Alloy powder is or may be exposed to water!

Individual pads are self-extinguishing. If cases are ignited, plastic will burn initially as a class A fire. Bulk packs will transition from initial class A fire to flammable solid fire (class D) if fire is not brought under control in initial stages.

ERG Guide No. ----

6. Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Put on appropriate personal protective equipment (see section 8).

6.2. Environmental precautions

Do not allow spills to enter drains or waterways.

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

6.3. Methods and material for containment and cleaning up

Collect spilled pads and inspect non woven fabric; if fabric is punctured, torn, or interior materials are wetted, discard as waste as described below: if fabric is undamaged, repackage. Do NOT use water for cleanup.

Safety Data Sheet

thermaBliss[®] Charge

SDS Revision Date:

8/27/2020

7. Handling and storage

7.1. Precautions for safe handling

Protect against physical damage.

See section 2 for further details. - [Prevention]:

7.2. Conditions for safe storage, including any incompatibilities

Handle containers carefully to prevent damage and spillage.

Incompatible materials: Reacts violently with halogens, chlorinated solvents, ammonium nitrate, carbonates, arsenic, cupric oxide, cupric sulfate, mercuric oxide, inorganic phosphates

Store in a cool, dry well ventilated location, away from sources of ignition. Separate from incompatibles. Observe all warnings and precautions listed for the product. Store product in accordance with OSHA.

See section 2 for further details. - [Storage]:

7.3. Specific end use(s)

No data available.

8. Exposure controls and personal protection

8.1. Control parameters

Safety Data Sheet
thermaBliss[®] Charge – Glacial Blend

SDS Revision Date:

8/27/2020

1. Identification

1.1. Product identifier

Product Identity thermaBliss[®] Charge – Glacial Blend
Alternate Names Glacial Gel[®] Chill Blend

1.2. Relevant identified uses of the substance or mixture and uses advised against

Intended use See Technical Data Sheet.
Application Method See Technical Data Sheet.

1.3. Details of the supplier of the safety data sheet

Company Name Forever Young International, Inc.
6744 Spencer Street
Las Vegas, NV 89119

Emergency

24 hour Emergency Telephone No. 888-827-4683
Customer Service: Forever Young International, Inc. 760-504-0330

2. Hazard(s) identification

2.1. Classification of the substance or mixture

Combustible Dust May form combustible dust concentrations in air.

2.2. Label elements

Using the Toxicity Data listed in section 11 and 12 the product is labeled as follows.

Warning

May form combustible dust concentrations in air.

[Prevention]:

P210 Keep away from heat / sparks / open flames / hot surfaces - No smoking.

P240 Ground / bond container and receiving equipment.

P241 Use explosion-proof electrical / ventilating / light / equipment.

P280 Wear protective gloves / eye protection / face protection.

[Response]:

Safety Data Sheet
thermaBliss[®] Charge – Glacial Blend

SDS Revision Date:

8/27/2020

P370+378 In case of fire: Use extinguishing media listed in section 5 of SDS for extinction.

[Storage]:

No GHS storage statements

[Disposal]:

No GHS disposal statements

3. Composition/information on ingredients

This product contains the following substances that present a hazard within the meaning of the relevant State and Federal Hazardous Substances regulations.

Ingredient/Chemical Designations	Weight %	GHS Classification	Notes
Sodium polyacrylate CAS Number: 0009003-04-7	75 - 100	Not Classified	[1]

In accordance with paragraph (i) of §1910.1200, the specific chemical identity and/or exact percentage (concentration) of composition has been withheld as a trade secret.

[1] Substance classified with a health or environmental hazard.

[2] Substance with a workplace exposure limit.

[3] PBT-substance or vPvB-substance.

*The full texts of the phrases are shown in Section 16.

4. First aid measures

4.1. Description of first aid measures

General

In all cases of doubt, or when symptoms persist, seek medical attention.
Never give anything by mouth to an unconscious person.

Inhalation

Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in the recovery position and obtain immediate medical attention. Give nothing by mouth.

Eyes

Irrigate copiously with clean water for at least 15 minutes, holding the eyelids apart and seek medical attention.

Skin

Remove contaminated clothing. Wash skin thoroughly with soap and water or use a recognized skin cleanser.

Ingestion

If the person is conscious, induce vomiting immediately by giving 2 glasses of water and pressing finger down the throat. Repeat until vomit is clear, then give milk. Contact a physician immediately.

4.2. Most important symptoms and effects, both acute and delayed

Safety Data Sheet
thermaBliss® Charge – Glacial Blend

SDS Revision Date:

8/27/2020

Overview

EYE CONTACT May cause irritation.
INHALATION Should be treated as nuisance dust, may irritate mucous membranes or upper respiratory tract. Use proper respirator and means of ventilation.
INGESTION Ingestion is unlikely, however ingestion of large amounts could cause injury.
SKIN ABSORPTION Unlikely due to physical form and properties. Low toxicity and not considered a hazard

5. Fire-fighting measures

5.1. Extinguishing media

Recommended extinguishing media; alcohol resistant foam, CO₂, powder, water spray.

5.2. Special hazards arising from the substance or mixture

Hazardous decomposition: Temperature above 200° C, Thermal decomposition giving toxic products: organic vapors, carbon monoxide.

Keep away from heat / sparks / open flames / hot surfaces - No smoking.

Ground / bond container and receiving equipment.

Use explosion-proof electrical / ventilating / light / equipment.

5.3. Advice for fire-fighters

Dust in sufficient concentration can result in an explosive mixture in the air. Handle to minimize dusting, and eliminate open flames and other sources of ignition.

Wetted material presents a slip hazard.

Wear protective clothing, safety goggles, and self-contained breathing apparatus.

ERG Guide No. ----

6. Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Put on appropriate personal protective equipment (see section 8).

6.2. Environmental precautions

Do not allow spills to enter drains or waterways.

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

Safety Data Sheet
thermaBliss® Charge – Glacial Blend

SDS Revision Date:

8/27/2020

6.3. Methods and material for containment and cleaning up

Clean up solid/liquid material carefully. Remove absorbent material to a chemical disposal area. Avoid adding water, the product will become slippery when wet.

7. Handling and storage

7.1. Precautions for safe handling

Ensure appropriate exhaust and ventilation at machinery and at places where dust can be generated. Do not permanently recycle unfiltered air. Avoid dust formation. Avoid accumulation of static charges. Avoid spillage on floor, product becomes slippery when wet. Storage: Keep container tightly closed. Store protected from moisture. Keep away from heat and sources of ignition. Provide electrical ground of equipment and electrical equipment usable in explosive atmosphere.

7.2. Conditions for safe storage, including any incompatibilities

Handle containers carefully to prevent damage and spillage.

Store in a cool dry place.

Keep container tightly closed.

Incompatible materials: No data available.

7.3. Specific end use(s)

No data available.

8. Exposure controls and personal protection

8.1. Control parameters

Exposure

CAS No.	Ingredient	Source	Value
0009003-04-7	Sodium polyacrylate	OSHA	No Established Limit
		ACGIH	No Established Limit
		NIOSH	No Established Limit
		Supplier	No Established Limit

Safety Data Sheet

thermaBliss[®] Charge – Glacial Blend

SDS Revision Date:

8/27/2020

The exposure limits for nuisance dust are: OSHA PEL: 15 mg/m³ (50 mppcf*) TWA, ACGIH 10 mg/m³.

Carcinogen Data

CAS No.	Ingredient	Source	Value
0009003-04-7	Sodium polyacrylate	OSHA	Select Carcinogen: No
		NTP	Known: No; Suspected: No
		IARC	Group 1: No; Group 2a: No; Group 2b: No; Group 3: No; Group 4: No;

8.2. Exposure controls

Respiratory

If workers are exposed to concentrations above the exposure limit they must use the appropriate, certified respirators.

Eyes

Safety goggles are recommended. Do not wear contact lenses

Skin

Impervious gloves with non-slip coating or surface.

Engineering Controls

Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits suitable respiratory protection must be worn.

Other Work Practices

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.
