

SAFETY DATA SHEET

according to Regulation (EC) No 1907/2006 (REACH)

reveel™

by MedSkin Solutions

Professional Activating Liquid

Version: V01

Revision date: 18.03.2022

Date of print: 18.03.2022

Page: 1

1. Identification of the substance/mixture and of the company/undertaking

Product identifier

Identification / trade name: Professional Activating Liquid
Additional identification: code 73119
REACH registration number: not notifiable (Please note: For the product no material safety data sheet is required according to Article 31 of REACH Regulation.)

Relevant identified uses of the substance or mixture and uses advised against

Use of the substance / mixture:

Aqueous solution to moisten (activate) freeze dried cosmetic products.

Details of the supplier of the safety data sheet

Supplier / Manufacturer: genova AG - Colonnaden 72 - 20354 Hamburg/Germany
Telephone: +49 2543 2182-0
Telefax: +49 2543 2182-180
E-mail: info@reveel-skincare.com

Department responsible for information

E-mail (competent person): info@reveel-skincare.com
Emergency telephone: +49 2543 2182-0 (only during office hours)

2. Hazards identification

Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008

none

Classification according to 67/548/EEC or 1999/45/EC

none

Label elements

Labelling according to Regulation (EC) No 1272/2008

This mixture is not classified as hazardous according to Regulation (EC) 1272/2008.

Labelling according to 67/548/EEC or 1999/45/EC

This preparation is not classified as hazardous according to 1999/45/EC.

3. Composition / information on ingredients

Chemical characterization

Liquid

Hazardous ingredients

not includes

4. First aid measures

| | |
|---------------------------------|--|
| General informations: | In case of accident or unwellness, seek medical advice immediately (show directions for use or safety data sheet if possible). |
| In case of inhalation: | not applicable |
| In case of skin contact: | No special measures are necessary. |
| In case of eye contact: | No special measures are necessary. |
| In case of ingestion: | No special measures are necessary. |
| Additional hints: | No known symptoms to date. |

5. Fire-fighting measures

Extinguishing media

Suitable extinguishing media: Coordinate to surrounding fire.

Unsuitable extinguishing media: Coordinate to surrounding fire.

Special hazards arising from the substance or mixture

None suspected.

Advice for fire-fighters

Coordinate to surrounding fire.

Additional information

Product itself does not burn. Co-ordinate fire-fighting measures to the fire surroundings.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

See protective measures under point 7 and 8.

Environmental precautions

No special environmental measures are necessary.

SAFETY DATA SHEET

according to Regulation (EC) No 1907/2006 (REACH)

Professional Activating Liquid

Version: V01

Revision date: 18.03.2022

Date of print: 18.03.2022

Page: 3

Methods and material for containment and cleaning up

No special methods are necessary.

7. Handling and Storage

Precautions for safe handling

Advices on safe handling

No special measures are necessary.

Precautions against fire and explosion

Usual measures for fire prevention.

Conditions for safe storage, including any incompatibilities

Information on storage conditions

Keep the packing dry and well sealed to prevent contamination and absorption of humidity.

Requirements for storage rooms and vessels

Keep the packing dry and well sealed to prevent contamination and absorption of humidity.

8. Exposure controls / Personal protection

Control parameters

Does not contain substances fixing an occupational exposure limit.

Exposure controls

Technical measures

See section 7. No additional measures necessary.

Personal protection equipment

General health and safety measures

No special measures necessary.

Environmental exposure controls

See section 7. No additional measures necessary.

SAFETY DATA SHEET

9. Physical and chemical properties

Information on basic physical and chemical properties

General information

| | |
|------------------------------|----------------|
| Physical state: | Liquid |
| Colour: | clear |
| Odour: | characteristic |
| pH value (undiluted): | 4.4 – 4.6 |
| Water solubility: | soluble |

10. Stability and Reactivity

Reactivity

No decomposition if used and stored according to specifications.

Chemical stability

Stable under normal conditions.

Possibility of hazardous reactions

There are expected no hazardous reactions for intended use.

Conditions to avoid

No dangerous conditions known.

Incompatible materials

none

Hazardous decomposition products

none suspected

11. Toxicological information

Information on toxicological effects

No information available.

Irritant and corrosive effects

No irritations known or suspected.

Sensitisation

No irritation known or suspected.

CMR effects (carcinogenity, mutagenicity and toxicity for reproduction)

No CMR activities known or suspected.

SAFETY DATA SHEET

according to Regulation (EC) No 1907/2006 (REACH)

Professional Activating Liquid

Version: V01

Revision date: 18.03.2022

Page: 5

Additional information

No further detrimental effects known to us.

12. Ecological information

Toxicity

No data available.

Persistence and degradability

The organic part of the product is biodegradable.

Bioaccumulative potential

No indication of bioaccumulation potential.

Mobility in soil

No data available.

13. Disposal considerations

Waste treatment methods

Recommendation

Dispose of waste according to applicable local, state, and federal regulations.

Packaging

Contaminated package

Dispose of according to local regulations.

Cleaned package

Completely emptied packages can be recycled.

14. Transport information

Land transport (ADR/RID)

Remark: No dangerous good in sense of this transport regulation.

Sea transport (IMDG)

Remark: No dangerous good in sense of this transport regulation.

Air transport (ICAO-TI / IATA-DGR)

Remark: No dangerous good in sense of this transport regulation.

15. Regulatory information

Safety, health and environmental regulations/legislation specific for the substance or mixture

EU regulations

Regulation (EC) No 1223/2009 of the European Parliament and of the Council on cosmetic products
Volatile compounds (VOC) in percentage by weight: 0%

National regulations

Kosmetikverordnung.

16. Other information

Further information

HMS-Code:

Health Hazard (blue) = 0 (normal materials) /

Fire Hazard (red) = 0 (combustible) /

Reactivity Hazard (yellow) = 0 (stable) /

PPE (white) = - (not required)

Data sources

Data arise from reference works and literature. Data relies on practical experience. The above information describes exclusively the safety requirements of the product and is based on our present-day knowledge. The information is intended to give you advice about the safe handling of the product named in this safety data sheet, for storage, processing, transport and disposal.
