## 2. HAZARDS IDENTIFICATION

#### **Classification**

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

| Acute toxicity - Inhalation (Vapors)             | Category 3 |
|--|------------|
| Serious eye damage/eye irritation                | Category 2 |
| Skin sensitization                               | Category 1 |
| Reproductive toxicity                            | Category 2 |
| Specific target organ toxicity (single exposure) | Category 3 |
| Flammable Liquids                                | Category 2 |

#### **GHS Label elements, including precautionary statements**

#### **Precautionary Statements - Prevention**

Obtain special instructions before use Do not handle until all safety precautions have been read and understood Wear protective gloves/protective clothing/eye protection/face protection Avoid breathing dust/fume/gas/mist/vapors/spray Use only outdoors or in a well-ventilated area Wash face, hands and any exposed skin thoroughly after handling Contaminated work clothing must not be allowed out of the workplace Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking Keep container tightly closed Ground/bond container and receiving equipment Use explosion-proof electrical/ ventilating/ lighting/ equipment Use only non-sparking tools Take precautionary measures against static discharge Keep cool

#### **Precautionary Statements - Response**

IF exposed or concerned: Get medical advice/attention Specific treatment (see supplemental first aid instructions on this label) Specific treatment (see supplemental first aid instructions on this label)

#### Eyes

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing If eye irritation persists: Get medical advice/attention

#### Skin

IF ON SKIN: Wash with plenty of water and soap If skin irritation or rash occurs: Get medical advice/attention Wash contaminated clothing before reuse

#### Inhalation

IF INHALED: Remove person to fresh air and keep comfortable for breathing Call a POISON CENTER or doctor

Fire

In case of fire: Use CO2, dry chemical, or foam to extinguish

#### **Precautionary Statements - Storage**

Store in a well-ventilated place. Keep container tightly closed

#### **Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

#### Hazards not otherwise classified (HNOC)

Not applicable

#### **Other information**

Harmful to aquatic life with long lasting effects Harmful to aquatic life

#### Interactions with Other Chemicals

No information available.

### **3. COMPOSITION/INFORMATION ON INGREDIENTS**

| Chemical name                              | CAS-No      | Weight-% | Trade Secret |
|--|-------------|----------|--------------|
| Ethyl acetate                              | 141-78-6    | <15      | -            |
| Tetrahydrofurfuryl Methacrylate            | 2455-24-5   | <10      | -            |
| Butyl acetate                              | 123-86-4    | <10      | -            |
| Acetone                                    | 67-64-1     | <10      | -            |
| Di-HEMA Trimethylhexyl Dicarbamate         | 72869-86-4  | <5       | -            |
| Trimethylbenzoyl Diphenylphosphine Oxide   | 75980-60-8  | <5       | -            |
| Ethyl Trimethylbenzoyl Phenylphosphinate   | 84434-11-7  | <5       | -            |
| Alcohol                                    | 64-17-5     | <5       | -            |
| BHT  | 128-37-0    | <1       | -            |
| Bis-Trimethylbenzoyl Phenylphosphine Oxide | 162881-26-7 | <1       | -            |

\*The exact percentage (concentration) of composition has been withheld as a trade secret

### 4. FIRST AID MEASURES

#### First aid measures

Eye contact

Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician.

| Skin contact  | Wash skin with soap and water.                     |  |  |
|---|--|--|--|
| Inhalation  | Remove to fresh air.                               |  |  |
| Ingestion   | Rinse mouth immediately and drink plenty of water. |  |  |
| Most important symptoms and effect  | cts, both acute and delayed                        |  |  |
| Most Important Symptoms and<br>Effects  | No information available.                          |  |  |
| Indication of any immediate medical attention and special treatment needed  |  |  |  |
| Notes to Physician  | Treat symptomatically.                             |  |  |
|   | 5. FIRE-FIGHTING MEASURES                          |  |  |
| Suitable Extinguishing Media<br>Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.<br>Unsuitable extinguishing media<br>CAUTION: Use of water spray when fighting fire may be inefficient. |  |  |  |
| Specific hazards arising from the chemical  |  |  |  |

No information available.

Explosion Data Sensitivity to Mechanical Impact None.

Sensitivity to Static Discharge None.

<u>Protective equipment and precautions for firefighters</u> As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

### 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

| Personal precautions              | Use personal protective equipment as required. Ensure adequate ventilation. Take precautionary measures against static discharges. See section 8 for more information. Avoid breathing vapors or mists. Avoid breathing dust/fume/gas/mist/vapors/spray. Avoid contact with skin, eyes or clothing. Remove all sources of ignition. Do not breathe vapor or mist. |
|-----------------------------------|---|
| Environmental precautions         |   |
| Environmental precautions         | Local authorities should be advised if significant spillages cannot be contained. Do not flush into surface water or sanitary sewer system.   |
| Methods and material for containm | ent and cleaning up   |
| Methods for containment           | Prevent further leakage or spillage if safe to do so.   |
| Methods for cleaning up           | Prevent product from entering drains. Take precautionary measures against static discharges. Keep in suitable, closed containers for disposal. Take up with sand, earth or other non-combustible absorbent material. Use personal protective equipment as required.   |

### 7. HANDLING AND STORAGE

#### Precautions for safe handling

| Handling                            | Handle in accordance with good industrial hygiene and safety practice. Keep away from open flames, hot surfaces and sources of ignition. Take precautionary measures against static discharges. Do not breathe vapor or mist. Ensure adequate ventilation. Remove all sources of ignition. Avoid contact with eyes. Refer to Section 8. |
|-------------------------------------|---|
| Conditions for safe storage, includ | ing any incompatibilities   |

| Storage               | Keep container tightly closed in a dry and well-ventilated place. Keep away from open flames, hot surfaces and sources of ignition. Keep in properly labeled containers. |
|-----------------------|--|
| Incompatible Products | Strong oxidizing agents.   |

### 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### **Control parameters**

#### **Exposure Guidelines**

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies

| Chemical name | ACGIH TLV     | OSHA PEL                              | NIOSH IDLH                  |
|---------------|---------------|---------------------------------------|-----------------------------|
| Ethyl acetate | TWA: 400 ppm  | TWA: 400 ppm                          | IDLH: 2000 ppm              |
| 141-78-6      |               | TWA: 1400 mg/m <sup>3</sup>           | TWA: 400 ppm                |
|               |               | (vacated) TWA: 400 ppm                | TWA: 1400 mg/m <sup>3</sup> |
|               |               | (vacated) TWA: 1400 mg/m <sup>3</sup> |                             |
| Butyl acetate | STEL: 150 ppm | TWA: 150 ppm                          | IDLH: 1700 ppm              |

| 128-37-0 | and vapor                                   |   | -                           |

Appropriate engineering controls

| Engineering Measures           | Ventilation systems Ensure that eyewash stations and safety showers are close to the workstation location  |
|--------------------------------|--|
| Individual protection measures | , such as personal protective equipment  |
| Eye/face protection            | No special protective equipment required.  |
| Skin and body protection       | None under normal use conditions. None required for consumer use.  |
| Respiratory protection         | If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations. Ensure adequate ventilation. |
| Hygiene Measures               | Handle in accordance with good industrial hygiene and safety practice.   |

### **10. STABILITY AND REACTIVITY**

#### **Reactivity**

No data available.

#### **Chemical stability**

Stable under recommended storage conditions.

#### **Possibility of Hazardous Reactions**

None under normal processing.

#### **Conditions to avoid**

None known based on information supplied.

#### **Incompatible materials**

Strong oxidizing agents.

#### **Hazardous Decomposition Products**

None known based on information supplied.

### **11. TOXICOLOGICAL INFORMATION**

#### Information on likely routes of exposure

| Product Information | Specific test data for the substance or mixture is not available. |
|---------------------|---|
| Inhalation          | Specific test data for the substance or mixture is not available. |
| Eye contact         | Specific test data for the substance or mixture is not available. |
| Skin contact        | Specific test data for the substance or mixture is not available. |
| Ingestion           | Specific test data for the substance or mixture is not available. |

## 2. HAZARDS IDENTIFICATION

#### **Classification**

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

| Acute toxicity - Inhalation (Dusts/Mists) | Category 4 |
|---|------------|
| Reproductive toxicity                     | Category 2 |

#### **GHS Label elements, including precautionary statements**

|  |           | Emergency Overview    |     |                            |
|--|-----------|-----------------------|-----|----------------------------|
| Signal word                                    | Warning   |                       |     |                            |

#### **Precautionary Statements - Prevention**

Obtain special instructions before use Do not handle until all safety precautions have been read and understood Wear protective gloves/protective clothing/eye protection/face protection Avoid breathing dust/fume/gas/mist/vapors/spray Use only outdoors or in a well-ventilated area

#### **Precautionary Statements - Response**

IF exposed or concerned: Get medical advice/attention

#### Inhalation

IF INHALED: Remove person to fresh air and keep comfortable for breathing

### **Precautionary Statements - Storage**

None

#### Precautionary Statements - Disposal

Dispose of contents/container to an approved waste disposal plant

#### Hazards not otherwise classified (HNOC)

Not applicable

#### **Other information**

May be harmful in contact with skin Harmful to aquatic life with long lasting effects Harmful to aquatic life

#### **Interactions with Other Chemicals**

No information available.

### **3. COMPOSITION/INFORMATION ON INGREDIENTS**

| Chemical name                            | CAS-No     | Weight-% | Trade Secret |
|--|------------|----------|--------------|
| Tetrahydrofurfuryl Methacrylate          | 2455-24-5  | <20      | -            |
| Triethylene Glycol Dimethacrylate        | 109-16-0   | <5       | -            |
| Silica                                   | 7631-86-9  | <5       | -            |
| Trimethylbenzoyl Diphenylphosphine Oxide | 75980-60-8 | <5       | -            |
| ВНТ                                      | 128-37-0   | <1       | -            |

\*The exact percentage (concentration) of composition has been withheld as a trade secret

### **4. FIRST AID MEASURES**

#### First aid measures

| Eye contact  | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician. |  |
|--|--|--|
| Skin contact   | Wash skin with soap and water.   |  |
| Inhalation   | Remove to fresh air.   |  |
| Ingestion  | Rinse mouth immediately and drink plenty of water.   |  |
| Most important symptoms and effects, both acute and delayed                |  |  |
| Most Important Symptoms and<br>Effects                                     | No information available.  |  |
| Indication of any immediate medical attention and special treatment needed |  |  |

Notes to Physician

Treat symptomatically.

### **5. FIRE-FIGHTING MEASURES**

#### Suitable Extinguishing Media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

#### Unsuitable extinguishing media

CAUTION: Use of water spray when fighting fire may be inefficient.

#### Specific hazards arising from the chemical

No information available.

#### Explosion Data

Sensitivity to Mechanical Impact None.

Sensitivity to Static Discharge None.

#### Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

### 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

| Personal precautions              | Use personal protective equipment as required. Ensure adequate ventilation. Take precautionary measures against static discharges. See section 8 for more information. Avoid breathing vapors or mists. Avoid breathing dust/fume/gas/mist/vapors/spray.            |
|-----------------------------------|---|
| Environmental precautions         |   |
| Environmental precautions         | Local authorities should be advised if significant spillages cannot be contained. Do not flush into surface water or sanitary sewer system.   |
| Methods and material for containm | ent and cleaning up   |
| Methods for containment           | Prevent further leakage or spillage if safe to do so.   |
| Methods for cleaning up           | Prevent product from entering drains. Take precautionary measures against static discharges. Keep in suitable, closed containers for disposal. Take up with sand, earth or other non-combustible absorbent material. Use personal protective equipment as required. |

### 7. HANDLING AND STORAGE

#### Precautions for safe handling

| Handling                            | Handle in accordance with good industrial hygiene and safety practice. Keep away from open flames, hot surfaces and sources of ignition. Take precautionary measures against static discharges. Do not breathe vapor or mist. Ensure adequate ventilation. Remove all sources of ignition. Avoid contact with eyes. Refer to Section 8. |
|-------------------------------------|---|
| Conditions for safe storage, includ | ing any incompatibilities   |
| Storage                             | Keep container tightly closed in a dry and well-ventilated place. Keep away from open flames, hot surfaces and sources of ignition. Keep in properly labeled containers.  |
| Incompatible Products               | None known based on information supplied.   |

### 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Control parameters

#### **Exposure Guidelines**

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies

| Chemical name | ACGIH TLV                                   | OSHA PEL                               | NIOSH IDLH                   |
|---------------|---|--|------------------------------|
| Silica        | -   | TWA: 50 µg/m <sup>3</sup> excludes     | IDLH: 3000 mg/m <sup>3</sup> |
| 7631-86-9     |   | construction work, agricultural        | TWA: 6 mg/m <sup>3</sup>     |
|               |   | operations, and exposures that         |                              |
|               |   | result from the processing of          |                              |
|               |   | sorptive clays                         |                              |
|               |   | Action Level: 25 µg/m <sup>3</sup>     |                              |
|               |   | (vacated) TWA: 6 mg/m <sup>3</sup> <1% |                              |
|               |   | Crystalline silica                     |                              |
|               |   | TWA: 20 mppcf                          |                              |

#### Appropriate engineering controls

Engineering Measures Ventilation systems Ensure that eyewash stations and safety showers are close to the workstation location

#### Individual protection measures, such as personal protective equipment

| Eye/face protection      | No special protective equipment required.  |
|--------------------------|--|
| Skin and body protection | None under normal use conditions. None required for consumer use.  |
| Respiratory protection   | If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations. Ensure adequate ventilation. |
| Hygiene Measures         | Handle in accordance with good industrial hygiene and safety practice.   |

### 9. PHYSICAL AND CHEMICAL PROPERTIES

### **10. STABILITY AND REACTIVITY**

#### **Reactivity**

No data available.

#### **Chemical stability**

Stable under recommended storage conditions.

#### **Possibility of Hazardous Reactions**

None under normal processing.

#### **Conditions to avoid**

None known based on information supplied.

#### Incompatible materials

None known based on information supplied.

#### **Hazardous Decomposition Products**

None known based on information supplied.

### **11. TOXICOLOGICAL INFORMATION**

#### Information on likely routes of exposure

| Product Information | Specific test data for the substance or mixture is not available. |
|---------------------|---|
| Inhalation          | Specific test data for the substance or mixture is not available. |
| Eye contact         | Specific test data for the substance or mixture is not available. |
| Skin contact        | Specific test data for the substance or mixture is not available. |
| Ingestion           | Specific test data for the substance or mixture is not available. |

#### **Component Information**

### **13. DISPOSAL CONSIDERATIONS**

#### Waste treatment methods

**Disposal methods** This material, as supplied, is not a hazardous waste according to Federal regulations (40 CFR 261). This material could become a hazardous waste if it is mixed with or otherwise comes in contact with a hazardous waste, if chemical additions are made to this material, or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional, or local regulations for additional requirements.

Contaminated Packaging Do not reuse empty containers.

### **14. TRANSPORT INFORMATION**

| DOT  | Not regulated |
|------|---------------|
| IATA | Not regulated |
| IMDG | Not regulated |

### **15. REGULATORY INFORMATION**

#### International Inventories

TSCA DSL Complies All components are listed either on the DSL or NDSL.

TSCA - United States Toxic Substances Control Act Section 8(b) Inventory DSL/NDSL - Canadian Domestic Substances List/Non-Domestic Substances List

#### US Federal Regulations

#### SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

#### SARA 311/312 Hazard Categories

| Acute health hazard               | Yes |
|-----------------------------------|-----|
| Chronic Health Hazard             | Yes |
| Fire hazard                       | No  |
| Sudden release of pressure hazard | No  |
| Reactive Hazard                   | No  |

#### CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

#### **CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

#### US State Regulations

#### California Proposition 65

This product contains the following Proposition 65 chemicals.

#### Disclaimer

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text

Cosmetic products are exempted from Safety Data Sheets by article 2.6 (b) of regulation (EC)n 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of chemicals (REACH) in Europe.Cosmetic products are partially exempt from Canada's Workplace Hazardous Materials Information System (WHMIS) by section C of the regulation.Cosmetic product for consumer use are exempted from labeling requirements under the United States Occupational Safety and Health Administration's Hazard Communication Standard 29 CFR 1910.1200 under section 29 CFR 1910.1200(b)(5)(iii). Cosmetics are covered by the Food and Drug Administration's Food, Drug and Cosmetic Act and Consumer Product Safety Act.

#### **Precautionary Statements - Prevention**

Obtain special instructions before use Do not handle until all safety precautions have been read and understood

Wear protective gloves/protective clothing/eye protection/face protection

#### **Precautionary Statements - Response**

IF exposed or concerned: Get medical advice/attention

#### Precautionary Statements - Storage

None

#### **Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

#### Hazards not otherwise classified (HNOC)

Not applicable

#### **Other information**

Causes mild skin irritation Toxic to aquatic life with long lasting effects Toxic to aquatic life

Interactions with Other Chemicals

No information available.

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Chemical name                            | CAS-No     | Weight-% | Trade Secret |
|--|------------|----------|--------------|
| Tetrahydrofurfuryl Methacrylate          | 2455-24-5  | <15      | -            |
| Isobornyl Methacrylate                   | 7534-94-3  | <10      | -            |
| Triethylene Glycol Dimethacrylate        | 109-16-0   | <5       | -            |
| Trimethylbenzoyl Diphenylphosphine Oxide | 75980-60-8 | <5       | -            |
| BHT                                      | 128-37-0   | <1       | -            |

\*The exact percentage (concentration) of composition has been withheld as a trade secret

### 4. FIRST AID MEASURES

#### First aid measures

| Eye contact   | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician. |  |
|---|--|--|
| Skin contact  | Wash skin with soap and water.   |  |
| Inhalation  | Remove to fresh air.   |  |
| Ingestion   | Rinse mouth immediately and drink plenty of water.   |  |
| Most important symptoms and effects, both acute and delayed |  |  |

| Most Important Symptoms and | No information available. |
|-----------------------------|---------------------------|
| Effects                     |                           |

#### Indication of any immediate medical attention and special treatment needed

Notes to Physician

Treat symptomatically.

### **5. FIRE-FIGHTING MEASURES**

#### Suitable Extinguishing Media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

#### Unsuitable extinguishing media

CAUTION: Use of water spray when fighting fire may be inefficient.

#### Specific hazards arising from the chemical

No information available.

Explosion Data Sensitivity to Mechanical Impact None.

Sensitivity to Static Discharge None.

#### Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

### 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

| Personal precautions              | Use personal protective equipment as required. Ensure adequate ventilation. Take precautionary measures against static discharges. See section 8 for more information. Avoid breathing vapors or mists. Avoid breathing dust/fume/gas/mist/vapors/spray. Avoid contact with skin, eyes or clothing. Remove all sources of ignition. Do not breathe vapor or mist. |
|-----------------------------------|---|
| Environmental precautions         |   |
| Environmental precautions         | Local authorities should be advised if significant spillages cannot be contained. Do not flush into surface water or sanitary sewer system.   |
| Methods and material for containm | ent and cleaning up   |
| Methods for containment           | Prevent further leakage or spillage if safe to do so.   |
| Methods for cleaning up           | Prevent product from entering drains. Take precautionary measures against static discharges. Keep in suitable, closed containers for disposal. Take up with sand, earth or other non-combustible absorbent material. Use personal protective equipment as required.   |

## 7. HANDLING AND STORAGE

#### Precautions for safe handling

| Handling | Handle in accordance with good industrial hygiene and safety practice. Keep away from open flames, hot surfaces and sources of ignition. Take precautionary measures against static discharges. Do not breathe vapor or mist. Ensure adequate ventilation. Remove all sources of ignition. Avoid contact with eyes. Refer to Section 8. |
|----------|---|
|          |   |

#### Conditions for safe storage, including any incompatibilities

| Storage               | Keep container tightly closed in a dry and well-ventilated place. Keep away from open flames, hot surfaces and sources of ignition. Keep in properly labeled containers. |
|-----------------------|--|
| Incompatible Products | None known based on information supplied.  |

### 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### **Control parameters**

#### **Exposure Guidelines**

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies

| Chemical name                    | ACGIH TLV                                   | OSHA PEL                            | NIOSH IDLH                |
|----------------------------------|---|-------------------------------------|---------------------------|
| BHT                              | TWA: 2 mg/m <sup>3</sup> inhalable fraction | (vacated) TWA: 10 mg/m <sup>3</sup> | TWA: 10 mg/m <sup>3</sup> |
| 128-37-0                         | and vapor                                   |                                     |                           |
| Appropriate engineering controls |   | ^                                   | ^                         |

Appropriate engineering controls

| Engineering Measures                | Ventilation systems Ensure that eyewash stations and safety showers are close to the workstation location  |
|-------------------------------------|--|
| Individual protection measures, suc | h as personal protective equipment   |
| Eye/face protection                 | No special protective equipment required.  |
| Skin and body protection            | None under normal use conditions. None required for consumer use.  |
| Respiratory protection              | If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations. Ensure adequate ventilation. |
| Hygiene Measures                    | Handle in accordance with good industrial hygiene and safety practice.   |

### **10. STABILITY AND REACTIVITY**

#### Reactivity

No data available.

#### **Chemical stability**

Stable under recommended storage conditions.

### Possibility of Hazardous Reactions

None under normal processing.

#### Conditions to avoid

None known based on information supplied.

#### Incompatible materials

None known based on information supplied.

#### **Hazardous Decomposition Products**

None known based on information supplied.

### **11. TOXICOLOGICAL INFORMATION**

#### Information on likely routes of exposure

| Product Information | Specific test data for the substance or mixture is not available. |
|---------------------|---|
| Inhalation          | Specific test data for the substance or mixture is not available. |
| Eye contact         | Specific test data for the substance or mixture is not available. |
| Skin contact        | Specific test data for the substance or mixture is not available. |
| Ingestion           | Specific test data for the substance or mixture is not available. |

### **13. DISPOSAL CONSIDERATIONS**

#### Waste treatment methods

| Disposal methods       | This material, as supplied, is not a hazardous waste according to Federal regulations (40 CFR 261). This material could become a hazardous waste if it is mixed with or otherwise comes in contact with a hazardous waste, if chemical additions are made to this material, or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional, or local regulations for additional requirements. |
|------------------------|---|
| Contaminated Packaging | Do not reuse empty containers.  |

### **14. TRANSPORT INFORMATION**

| DOT  | Not regulated |
|------|---------------|
| ΙΑΤΑ | Not regulated |
| IMDG | Not regulated |

### **15. REGULATORY INFORMATION**

### International Inventories

TSCA DSL Complies All components are listed either on the DSL or NDSL.

#### **US Federal Regulations**

#### SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

#### SARA 311/312 Hazard Categories

| Acute health hazard               | No  |
|-----------------------------------|-----|
| Chronic Health Hazard             | Yes |
| Fire hazard                       | No  |
| Sudden release of pressure hazard | No  |
| Reactive Hazard                   | No  |

#### CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

#### CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

#### US State Regulations

#### **California Proposition 65**

This product does not contain any Proposition 65 chemicals.

#### **U.S. State Right-to-Know Regulations**

#### International Regulations

## 2. HAZARDS IDENTIFICATION

#### Classification

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

| Acute toxicity - Inhalation (Vapors) | Category 3  |
|--------------------------------------|-------------|
| Serious eye damage/eye irritation    | Category 2A |
| Skin sensitization                   | Category 1  |
| Reproductive toxicity                | Category 2  |
| Flammable Liquids                    | Category 3  |

#### GHS Label elements, including precautionary statements

Obtain special instructions before use

Do not handle until all safety precautions have been read and understood Wear protective gloves/protective clothing/eye protection/face protection Avoid breathing dust/fume/gas/mist/vapors/spray Use only outdoors or in a well-ventilated area Wash face, hands and any exposed skin thoroughly after handling Contaminated work clothing must not be allowed out of the workplace Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking Keep container tightly closed Ground/bond container and receiving equipment Use explosion-proof electrical/ventilating/lighting/equipment Use only non-sparking tools Take precautionary measures against static discharge Keep cool

#### **Precautionary Statements - Response**

IF exposed or concerned: Get medical advice/attention Specific treatment (see supplemental first aid instructions on this label) Specific treatment (see supplemental first aid instructions on this label)

#### Eyes

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing

If eye irritation persists: Get medical advice/attention

#### Skin

IF ON SKIN: Wash with plenty of water and soap If skin irritation or rash occurs: Get medical advice/attention Wash contaminated clothing before reuse

#### Inhalation

IF INHALED: Remove person to fresh air and keep comfortable for breathing Call a POISON CENTER or doctor

#### Fire

In case of fire: Use CO2, dry chemical, or foam to extinguish

#### **Precautionary Statements - Storage**

Store in a well-ventilated place. Keep container tightly closed

#### **Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

#### Hazards not otherwise classified (HNOC)

Not applicable

#### Other information

Harmful to aquatic life with long lasting effects Toxic to aquatic life

#### **Interactions with Other Chemicals**

No information available.

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Chemical name                              | CAS-No      | Weight-% | Trade Secret |
|--|-------------|----------|--------------|
| Di-HEMA Trimethylhexyl Dicarbamate         | 72869-86-4  | <60      | -            |
| Tetrahydrofurfuryl Methacrylate            | 2455-24-5   | <10      | -            |
| Butyl acetate                              | 123-86-4    | <10      | -            |
| Ethyl acetate                              | 141-78-6    | <5       | -            |
| Ethyl Trimethylbenzoyl Phenylphosphinate   | 84434-11-7  | <5       | -            |
| Trimethylbenzoyl Diphenylphosphine Oxide   | 75980-60-8  | <1       | -            |
| Bis-Trimethylbenzoyl Phenylphosphine Oxide | 162881-26-7 | <1       | -            |

\*The exact percentage (concentration) of composition has been withheld as a trade secret

### 4. FIRST AID MEASURES

#### First aid measures

| Eye contact  | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician. |
|--------------|--|
| Skin contact | Wash skin with soap and water.   |
| Inhalation   | Remove to fresh air.   |

Ingestion Rinse mouth immediately and drink plenty of water.

#### Most important symptoms and effects, both acute and delayed

Most Important Symptoms and No information available. Effects

Indication of any immediate medical attention and special treatment needed

Notes to Physician

Treat symptomatically.

### **5. FIRE-FIGHTING MEASURES**

#### Suitable Extinguishing Media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

#### Unsuitable extinguishing media

CAUTION: Use of water spray when fighting fire may be inefficient.

#### Specific hazards arising from the chemical

No information available.

Explosion Data Sensitivity to Mechanical Impact None.

Sensitivity to Static Discharge None.

#### Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

# 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

| Personal precautions              | Use personal protective equipment as required. Ensure adequate ventilation. Take precautionary measures against static discharges. See section 8 for more information. Avoid breathing vapors or mists. Avoid breathing dust/fume/gas/mist/vapors/spray. Avoid contact with skin, eyes or clothing. Remove all sources of ignition. Do not breathe vapor or mist. |
|-----------------------------------|---|
| Environmental precautions         |   |
| Environmental precautions         | Local authorities should be advised if significant spillages cannot be contained. Do not flush into surface water or sanitary sewer system.   |
| Methods and material for containm | ent and cleaning up   |
| Methods for containment           | Prevent further leakage or spillage if safe to do so.   |
| Methods for cleaning up           | Prevent product from entering drains. Take precautionary measures against static discharges. Keep in suitable, closed containers for disposal. Take up with sand, earth or other non-combustible absorbent material. Use personal protective equipment as required.   |

# 7. HANDLING AND STORAGE

#### Precautions for safe handling

| Handling | Handle in accordance with good industrial hygiene and safety practice. Keep away from open flames, hot surfaces and sources of ignition. Take precautionary measures against static discharges. Do not breathe vapor or mist. Ensure adequate ventilation. Remove all sources of ignition. Avoid contact with eyes. Refer to Section 8. |
|----------|---|
|          |   |

#### Conditions for safe storage, including any incompatibilities

| Storage               | Keep container tightly closed in a dry and well-ventilated place. Keep away from open flames, hot surfaces and sources of ignition. Keep in properly labeled containers. |
|-----------------------|--|
| Incompatible Products | Strong oxidizing agents.   |

# 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### **Control parameters**

#### **Exposure Guidelines**

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies

| Chemical name | ACGIH TLV     | OSHA PEL                             | NIOSH IDLH                  |

# **10. STABILITY AND REACTIVITY**

#### **Reactivity**

No data available.

#### **Chemical stability**

Stable under recommended storage conditions.

#### Possibility of Hazardous Reactions

None under normal processing.

#### Conditions to avoid

None known based on information supplied.

#### **Incompatible materials**

Strong oxidizing agents.

#### Hazardous Decomposition Products

None known based on information supplied.

# **11. TOXICOLOGICAL INFORMATION**

#### Information on likely routes of exposure

| Product Information | Specific test data for the substance or mixture is not available. |
|---------------------|---|
| Inhalation          | Specific test data for the substance or mixture is not available. |
| Eye contact         | Specific test data for the substance or mixture is not available. |
| Skin contact        | Specific test data for the substance or mixture is not available. |
| Ingestion           | Specific test data for the substance or mixture is not available. |

#### **Component Information**

| Chemical name  | LD50 Oral          | LD50 Dermal                                  | Inhalation LC50     |

#### Disclaimer

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text

Cosmetic products are exempted from Safety Data Sheets by article 2.6 (b) of regulation (EC)n 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of chemicals (REACH) in Europe.Cosmetic products are partially exempt from Canada's Workplace Hazardous Materials Information System (WHMIS) by section C of the regulation.Cosmetic product for consumer use are exempted from labeling requirements under the United States Occupational Safety and Health Administration's Hazard Communication Standard 29 CFR 1910.1200 under section 29 CFR 1910.1200(b)(5)(iii). Cosmetics are covered by the Food and Drug Administration's Food, Drug and Cosmetic Act and Consumer Product Safety Act.

#### End of Safety Data Sheet

# SAFETY DATA SHEET

In Accordance with GHS Rev05(2013): U.S. OSHA Standard 29 CFR 1910.1200.

#### **REVISION DATE: November 23, 2016**

## **1. PRODUCT AND COMPANY IDENTIFICATION**

Product Name: CND Shellac UV Color Coat Bulk #: 468412-XX, 468413-XX, 468414-XX, 468415-XX Product Form: Mixture

Recommendations on use: Professional Use Only

**Restrictions on use:** This industrial Safety Data Sheet is not intended for consumers and does not address consumer use of the product. Please read the labeling on the consumer package for proper use of this material. For external use only. Use only as directed.

Address:

Revlon Research Center 2121 Route 27 Edison, NJ 08818 Telephone #: (732) 287-1400 CND, Inc 9560 Towne Centre Drive Suite 200 San Diego, California 92121 Telephone #: 1-800-833-NAIL

#### **Emergency Telephone:**

Medical Emergencies: 303-739-1110 CHEMTREC: 1-800-424-9300 or 703-527-3887 (spill related emergencies)

| OSHA (USA):            | Flammable liquid.                          |
| HMIS Rating:           | Health: 2. Flammability: 3. Reactivity: 0. |
| NFPA Rating:           | Health: 2. Flammability: 3. Reactivity: 0. |

| 3. COMPOSITION/INFORMATION ON INGREDIENTS |             |         |
|---|-------------|---------|
| HAZARDOUS INGREDIENTS:                    | CAS #:      | %:*     |
| Butyl Acetate                             | 123-86-4    | 20 – 30 |
| Tetrahydrofurfuryl Methacrylate           | 2544-24-5   | 5 – 15  |
| PPG-5 Methacrylate                        | 39420-45-6  | 5 – 15  |
| Di-HEMA Trimethylhexyl Dicarbamate        | 72869-86-4  | 1 – 10  |
| Silica                                    | 112926-00-8 | 0 – 10  |

| MAY CONTAIN:                               | CAS #:     | %:* |
|--|------------|-----|
| Iron Oxides (CI 77491, CI 77492, CI 77499) | 1309-37-1  | 0-5 |
| Mica                                       | 12001-26-2 | 0-5 |
| Titanium Dioxide                           | 13463-67-7 | 0-5 |

\*Note: Any value shown as a range is due to batch-to-batch variation

# 4. FIRST AID MEASURES

| Eye Contact:   | Flush eyes immediately with large amounts of water for 15 minutes. Open and close eyelid(s) to ensure thorough irrigation. Seek medical attention if redness, swelling, itching, burning or visual disturbances occur.   |
|--|--|
| Skin Contact:  | If irritation develops immediately wash thoroughly with soap and large amounts of water.<br>Do not wear contaminated clothing until after it has been properly cleaned. Seek medical<br>attention if redness, swelling, itching, or burning occurs.  |
| Inhalation:  | If cough, shortness of breath or other breathing problems occur, move to fresh air. Seek medical attention if symptoms persist. If necessary, restore normal breathing through standard first aid measures.  |
| Ingestion:   | DO NOT INDUCE VOMITING. Contact ChemTrec at +1(703) 527-3887 or the nearest<br>Poison control Center or local emergency telephone number for assistance and<br>instructions. Seek immediate medical attention. If vomiting occurs spontaneously, keep<br>victim's head lowered (forward) to reduce the risk of aspiration. |
| Notes to Physician:                                      | Treat symptomatically.   |
| Most important symptoms/effects, both acute and delayed: | No acute or delayed symptoms or effects occur when handling this product.  |

|  | 5. FIRE AND IGNITION INFORMATION   |
|--|--|
| Burn Rate:                                       | Not determined.  |
| Extinguishing Media:                             | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Water spray, alcohol-resistant foam, dry chemical or carbon dioxide.   |
| Special Protective Actions for<br>Fire-Fighters: | Dangerous fire hazard when exposed to heat and flame. In the event of fire, wear self-contained breathing apparatus. Vapor may cause flash fire. Water spray may be used to keep fire-exposed containers cool and minimize risk of rupture.  |
| Unusual Fire/Explosion Hazard                    | <b>1:</b> Flammable. Above flash point, vapor-air mixtures may be a fire and explosion hazard.<br>Vapors can flow along surfaces to distant ignition source and flash back. Sealed<br>containers may rupture when heated. This material may produce a floating fire hazard.<br>Sensitive to static discharge. May release irritating gases/fumes during thermal<br>decomposition or burning.   |
| Specific Hazards Arising from<br>Chemical:       | the Not Applicable.  |
|  | 6. ACCIDENTAL RELEASE MEASURES   |
| Personal Precautions:                            | Avoid inhalation vapors. Remove all sources of ignition. Ventilate area with explosion- proof equipment. Ensure adequate ventilation. Use personal protective equipment. See also Section 8.   |
| Methods for Cleaning Up:                         | Before cleaning any spill or leak, individuals involved in spill cleanup must wear appropriate Personal Protective Equipment   |
|  | For small spills (e.g. ≤ 1 gallon (3.785 liters)) wear appropriate personal protective equipment (e.g. goggles, gloves). Maximize ventilation (open doors and windows) and secure all sources of ignition. Remove spilled material with absorbent material and place into appropriate closed container(s) for disposal. Dispose of properly in accordance with local, state and federal regulations. Wash all affected areas and outside of container with plenty of warm water and soap. Remove any contaminated clothing and wash thoroughly before reuse. |
|  | For spills $\geq$ 1 gallon (3.785 liters), deny entry to all unprotected indiviuals. Dike and contain all with inert material (e.g. sand or earth). Use ONLX pop-sparking tools for recovery and cleanup   |

inert material (e.g. sand or earth). Use ONLY non-sparking tools for recovery and cleanup. Transfer liquid for recovery or disposal and solid diking material to separate containers for proper disposal. Remove contaminated clothing promptly and wash affected skin areas with soap and water. Keep spills and cleaning runoffs out of municipal sewers and open bodies of water.

**Environmental Precautions:** Do not flush to sewer. Local authorities should be advised if significant spillages cannot be contained.

 7. HANDLING AND STORAGE

 Work & Hygiene Practices:
 Avoid prolonged contact with the product. Avoid breathing vapors of this product. Use in a well-ventilated location (e.g. local exhaust ventilation, fans). Do not eat, drink, or smoke while handling product.

 Handling:
 Keep container closed. Avoid contact with skin and eyes. Do not breathe dust or aerosol. Provide appropriate exhaust ventilation at machinery and at places where dust can be generated. Do not createa dust cloud by using a brush or compressed air.

 Storage:
 Keep in a dry, cool and well-ventilated place. Keep away from heat and sources of ignition. Keep in properly labeled containers.

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

#### EXPOSURE LIMITS

There are no exposure limits identified for this product. Exposure limits for individual ingredients are provided below:

#### **Occupational Exposure Limits (OEL)**

| CAS No.    | Components        | mg/m³ | Category   | Origin                      |
|------------|-------------------|-------|------------|-----------------------------|
| 123-86-4   | Butyl Acetate     | 710   | TWA (8)    | OSHA PEL                    |
|            |                   | 710   | TWA (10)   | NIOSH REL                   |
|            |                   | 950   | 15 min     | NIOSH STEL                  |
|            |                   |       |            | NIOSH IDLH                  |
|            |                   | 710   | TWA (8)    | ACGIH TLV                   |
| 7631-86-9  | Silica            | 2     | TWA (8 h)  | OSHA PEL                    |
|            |                   | 6     | TWA (10 h) | NIOSH REL                   |
|            |                   | 3000  |            | NIOSH IDLH                  |
|            |                   | 10    | TWA (8 h)  | ACGIH TLV (dust)            |
| 13463-67-7 | Titanium Dioxide  | 15    | TWA (8 h)  | OSHA PEL                    |

STEL: Short Term Exposure Limit

TLV: Threshold Limit Value

TWA: Time Weighted Average

ACGIH: American Conference of Governmental Industrial Hygienists OSHA: Occupational Safety and Health Administration NIOSH: National Institute for Occupational Safety and Health REL: Recommended Exposure Limit

#### **ENGINEERING CONTROLS**

When working with large quantities of product, provide adequate ventilation (e.g. local exhaust ventilation, fans) Ensure that an eyewash station, since or washbasin is available in case of exposure to eyes.

### PERSONAL PROTECTIVE EQUIPMENT

| Respiratory protection:     | No special respiratory protection is required under typical circumstances of use of handling. If necessary, use only protection authorized by 29 CFR §1910.134, applicable U.S. State regulations, or the Canadian CAS Standard Z94.4-93 and applicable standards of Canadian Provinces, EC member States, or Australia. Adequate ventilation required in production areas.   |
|-----------------------------|---|
| Hand Protection:            | None required under normal use. May cause skin irritation in some sensitive individuals. When handling large quantities (e.g. ≥ 1 gallon (3.785 liters)), wear rubber or impervious plastic gloves. Wear suitable protective gloves.  |
| Eye Protection:             | None required under normal use. Avoid eye contact. May cause irritation in some sensitive individuals. When handling large quantities (e.g. ≥ 1 gallon (3.785 liters)), safety glasses with side shields should be used. Eye protection required in production areas.   |
| Skin and Body Protection:   | When handling large quantities (e.g. $\geq$ 1 gallon (3.785 liters)), an apron should be worn and eye wash stations and deluge showers should be available. Wear suitable protective clothing in production areas.  |
| Other protective equipment: | None required under normal use. Skin protection required in production areas and when handling large quantities (e.g. $\geq$ 1 gallon (3.785 liters)). Upon completion of work activities involving large quantities of this product, wash any exposed areas thoroughly with soap and water. Handle in accordance with good industrial hygiene and safety practice. Emergency eyewash and safety shower should be located nearby. |

# 9. PHYSICAL AND CHEMICAL PROPERTIES

| Appearance:                          | Translucent to opaque, viscous liquid                                   |
|--------------------------------------|---|
| Odor:                                | Solvent odor  |
| Odor Threshold:                      | Not Known   |
| pH:                                  | Not Known   |
| Melting Point/Freezing Point:        | Not Known   |
| Boiling Point/ Boiling Range:        | 126°C (258.8°F) estimated based on Butyl Acetate                        |
| Flash Point:<br>Flash Point Method:  | 27 <sup>0</sup> C (82.4 <sup>0</sup> F).<br>Closed Cup (ASTM D 6450-05) |
| VOC:                                 | 26% by Weight   |
| Evaporation Rate:                    | 0.3 (Butyl acetate = 1)   |
| Flammability Classification:         | Flammable Liquid, Category 3  |
| Explosive Limits:                    | Not Known   |
| Vapor Pressure:                      | Not Known   |
| Vapor Density:                       | Not Known   |
| Specific Gravity/Rel. Density:       | 1.04 – 1.06 (H <sub>2</sub> 0 = 1)                                      |
| Solubility in Water:                 | Insoluble   |
| Partition Coeff. (n-octanol//water): | Not Known   |
| Auto-ignition temperature:           | Not Known   |

| Decomposition temperature:        | Not Known  |  |
|-----------------------------------|--|--|
| Viscosity:                        | 700-2000 cP  |  |
|                                   | 10. STABILITY AND REACTIVITY   |  |
| Reactivity:                       | No dangerous reaction known under conditions of normal use.                        |  |
| Stability:                        | Stable under normal temperatures and pressures.                                    |  |
| Conditions to Avoid:              | Keep away from strong oxidizers, heat, sparks, open flame and sources of ignition. |  |
| Incompatible With:                | Strong oxidizing agents.   |  |
| Hazardous Decomposition Products: | Oxides of carbon.  |  |
| Hazardous Polymerization:         | Hazardous polymerization does not occur.   |  |
|                                   |  |  |

This formula was reviewed by the Global Product Safety and Regulatory Department of Revlon and is determined to be safe for its intended use. This review has taken into consideration available safety-related information including information on individual ingredients, similar formulas and potential ingredient interactions.

| Eye Irritation:                    | Eye irritant   |
|------------------------------------|--|
| Skin Corrosion/Irritation:         | May be irritating to skin in some sensitive individuals, especially after prolonged and/or repeated contact. |
| Respiratory or Skin Sensitization: | May be irritating to skin in some sensitive individuals, especially after prolonged and/or repeated contact. |
| Acute toxicity -Oral:              | Moderately toxic by ingestion. Avoid ingestion   |
| Germ Cell Mutagenicity:            | Does not contain any ingredients known to be mutagenic according to OSHA                                     |
| Carcinogenicity:                   | Does not contain any ingredients known to be carcinogenic according to OSHA, NTP, and IARC                   |
| Reproductive toxicity:             | Not expected to cause reproductive toxicity  |
| STOT – Single Exposure:            | May cause dizziness or drowsiness  |
| STOT – Repeat Exposure:            | Not expected to cause organ toxicity   |
| Aspiration Hazard:                 | Not an aspiration hazard   |

# **12. ECOLOGICAL INFORMATION**

This product has not been tested as a whole for environmental toxicity. However, environmental information on the ingredients in this product have been reviewed by the Global Product Safety and Regulatory Department of Revlon and determined to have an acceptable environmental profile.

| Aquatic Toxicity:              | Not expected to cause aquatic toxicity |
|--------------------------------|--|
| Persistence and Degradability: | Not Available                          |
| Bioaccumulative Potential:     | Not Available                          |

Mobility in Soil: Not Available

Biological Oxygen Demand (BOD): Not Available

Other Adverse Effects: Not expected to cause adverse effects

## **13. DISPOSAL CONSIDERATIONS**

Disposal: Consult applicable Local and State Regulations for disposal of hazardous liquids. Do not dispose down sewer systems.

### RCRA Classification (40 CFR 261): RCRA Class D001.

## **14. TRANSPORT INFORMATION**

### FOR NON-BULK (FINISHED GOODS/RETAIL) SHIPMENT

Ground (DOT):. Limited Quantity. Vessel (IMDG): UN 1263, Paint, 3, III, Ltd Qty Air (IATA): Consumer Commodity, 9, ID8000

#### FOR BULK SHIPMENT

| DOT (Department of Transportation): |       |  |
|-------------------------------------|-------|--|
| <b>UN Number:</b> 1263              |       |  |
| UN Proper Shipping Name:            | Paint |  |
| UN Hazard Class:                    | 3     |  |
| UN Packing Group:                   |       |  |

IMDG (International Maritime Organization's Dangerous Goods Code): Use UN classification listed above.

#### IATA (International Air Transport Association):

Use UN classification listed above.

## **15. REGULATORY INFORMATION**

### International Inventories

| TSCA (Toxic Substances Control Act |
|------------------------------------|
| DSL (Domestic Substance List)      |

The product is exempt The following products are listed: Butyl Acetate, Tetrahydrofurfuryl Methacrylate, PPG-5 Methacrylate, Di-HEMA Trimethylhexyl Dicarbonate, Silica, Mica, Iron Oxides, Titanium Dioxide

### **U.S. Federal Regulations**

#### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

#### SARA 311/312 Hazard Categories

| Acute Health Hazard               | Yes |
|-----------------------------------|-----|
| Chronic Health Hazard             | No  |
| Fire Hazard                       | Yes |
| Sudden Release of Pressure Hazard | No  |
| Reactive Hazard                   | No  |

#### **Clean Water Act**

This product does not contain any chemicals that are regulated pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

#### Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs) (see 40 CFR 61)

This product does not contain any substances regulated as hazardous air pollutants (HAPS) under Section 112 of the Clean Air Act Amendments of 1990.

#### **CERCLA**

This material, as supplied, does not contain any substances regulated as a hazardous substance under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302).

## U.S. State Regulations

#### California Proposition 65

This product does not contain any chemicals that are classified under Proposition 65.

#### **Canada**

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and the SDS contains all the information required by the CPR.

## **16. OTHER INFORMATION**

| Last Revision: | 5/29/2015.             |
|----------------|------------------------|
| Prepared by:   | Revlon Research Center |

#### Manufacture Supplemental Notes:

Read all warnings and directions on packaging carefully before use.

#### Additional MSDS Information:

For external use only.

#### **Disclaimer:**

Judgments as to the suitability of information herein for purchaser's purposes are necessarily purchaser's responsibility. Therefore, although reasonable care has been taken in the preparation of such information, Revlon, Inc. extends no warranties, makes no representations and assumes no responsibility as to accuracy or suitability of such information for application to purchaser's intended purposes or for consequences of its use.

#### Comments:

Cosmetic products are exempted from Safety Data Sheets by article 2.6 (b) of regulation (EC)n 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of chemicals (REACH) in Europe.

Cosmetic products are partially exempt from Canada's Workplace Hazardous Materials Information System (WHMIS) by section C of the regulation.

Cosmetic product for consumer use are exempted from labeling requirements under the United States Occupational Safety and Health Administration's Hazard Communication Standard 29 CFR 1910.1200 under section 29 CFR 1910.1200(b)(5)(iii). Cosmetics are covered by the Food and Drug Administration's Food, Drug and Cosmetic Act and Consumer Product Safety Act.
