Material Safety Data Sheet (MSDS)

Applicant's Name:	Sustayne LLC
Applicant's Address:	1120 6th Avenue, New York, NY 10036, 4th Floor.
Product Name:	Kids Cleansing Wipes
Model:	N/A
Prepared By:	Shenzhen ZTL Testing Technology Co., Ltd. A404, Building B1&B2, No.45 Gangtou Road, Bogang District, Shajing Street, Bao'an District, Shenzhen, Guangdong, China
Report No.:	ZTL2611004R3
Preparation Date:	Nov. 04, 2026 - Nov. 06, 2026
Issue Date:	Nov. 06, 2026

******FOR FURTHER DETAILS, PLEASE REFER TO THE FOLLOWING PAGE(S)******

Producer By : Jason Li
(Jason Li / Engineer)
Date: Nov. 06, 2026

Authorized Signer :
(Marsh Wang / Manager)
Date: Nov. 06, 2026

Note: This Test report shall be invalid if it is not stamped with the special seal for testing. Only responsible for the tested samples, invalid if rewritten, added and deleted. This test report cannot be reproduced, except in full, without prior written permission of the Company. Any unauthorized alteration, forgery or falsification of the content or appearance of this report is unlawful and offenders may be prosecuted to the fullest extent of the law. Any demurral to the content of test report, please propose in 15 days after the report's sending out, it will not be accepted after this date.

Section 1 - Chemical Product and Company Identification

Product Identifier	
Name of Sample	Kids Cleansing Wipes
Model	N/A
Country of origin	China
Export country	N/A
CAS number	Refer to section 3.
EINECS Number	Refer to section 3.
Molecular formula	Refer to section 3.
Relevant identified uses of the substance or mixture and uses advised against	
Relevant identified uses	Using wet wipes makes it easy to clean a baby's skin, hands, and mouth, helping to prevent problems such as diarrhea and colds. Wet wipes can also be used to wipe down a baby's toys and tableware, ensuring the baby's health.
Uses advised against	No information available.
Details of the supplier of the safety data sheet	
Manufacturer's name	Sustayne LLC
Manufacturer's Address	1120 6th Avenue, New York, NY 10036, 4th Floor.
Contact Person	Mia
Tel	+86-13160972580
Fax	N/A
E-mail	N/A
Postcode	N/A
Emergency telephone number	
Emergency phone	+86-13160972580

Section 2- Hazards Identification

Fatalness Grade	In accordance with Regulation (EC) No.1272/2008(CLP), the sample is not divided into hazardous article.
Primary Route(s) of Exposure	Inhalation, eye and skin contact
Health Hazard	Inhalation: No damage. Ingestion: Harmful if swallowed. May cause vomiting, nausea, diarrhea. Environment hazards: Not Applicable. Burn & burst danger: This product is non-flammable. Emergency Overview: May cause asthma, lung and eye irritation. May be harmful if

	swallowed.

Section 3- Composition/Information on Ingredients

Substance/preparation: preparation

Component/Substance	*Molecular Formula*	*Percent of Content (%)*	*CAS Number*	*EINECS Number*
Aqua （water ）	H_2O	50%	7732-18-5	686-299-4; 231-791-2
Non-woven fabric	FeO_4Sb	50%	15600-71-2	239-684-2

Note:
N/A = Not apply.

Section 4- First Aid Measures

Description of first aid measures

General recommendations	First aid measures are often required, so show this MSDS to the physician who arrives at the scene.
Skin Contact	Rinse with water. If irritation persists, consult a doctor.
Eye Contact	Promptly flush with a large amount of water for at least 15 minutes. If irritation persists, consult a physician.
Inhalation Contact	Move the patient to fresh air immediately. If breathing is difficult, give oxygen. If the patient ingests or inhales the substance, mouth-to-mouth respiration should not be performed. If breathing stops. Perform CPR immediately. Seek immediate medical attention.
Ingestion Contact	Do not feed the unconscious person anything from the mouth. Call a physician immediately.
First responder protection	Ensure that healthcare workers are aware of the hazardous properties of the product and take their own precautions to protect themselves and prevent the spread of contamination.

Most Important Symptoms and Health Effects

There is limited evidence that repeated or prolonged occupational exposure may produce cumulative health effects involving organs or biochemical systems.

Advice for Protecting Rescuers

1. Remove all sources of ignition and increase ventilation.
2. Avoid contact with skin .
3. Avoid breathing vapors or fumes.
4. Use protective equipment, including breathing masks.

Special Note for Doctors

1. Target treatment according to the symptoms that appear.
2. Note that symptoms may be delayed.

Section 5- Fire Fighting Measures

Characteristics of Hazard	This product is non-flammable.
Suitable Fire Extinguishing Media	No data available.
Special Fire-Fighting Procedures	No data available.
Combustion Products	No data available.
Protective Equipment	No data available.

Section 6- Accidental Release Measures

Personal precautions, protective equipment and emergency procedures
No known significant effects or critical hazards.
Environmental protection measures
No known significant effects or critical hazards.
Methods of containment and removal of spilled chemicals and disposal materials used
No known significant effects or critical hazards.
Additional information
No known significant effects or critical hazards.

Section 7- Handling and Storage

Handling	Supply with sufficient partial air exhaust. The operating staff must have received special training and abide by the operating regulations. It is advised that the staff wear self-contained breathing dust respirator, protective gloves, and working clothes. Keep away from fire and heating sources. No smoking in the workplace. Avoid producing dust. Prevent contacting with oxidizer and acid. Take care when lifting and handling in case of damaging the package. Equip with relevant types and quantities of the extinguishment instruments and devices for divulgence handling.
Storage	Packing require seal. Keep container tightly closed in a cool, well-ventilated place. Keep away from sources of ignition - No smoking. Keep separate with the oxidizing agent. Equipped with corresponding type and quantity of fire extinguishers. Keep the sample as a easy identification.
Other Precautions	In case of rupture. Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Use personal protection equipment.

Section 8 - Exposure Controls/Personal Protection

Maximum admissible concentration:	No standard yet
Monitoring Method :	No data available.
Engineering Control:	Maintain adequate ventilation, especially in enclosed areas. Make sure there are eyewash and shower facilities near the workplace. Set up emergency evacuation passages and necessary release areas. Handle in accordance with good industrial hygiene and safety practice.
Respiratory Protection:	There is no special requirement for general use.
Eyes Protection:	There is no special requirement for general use.
Body Protection:	There is no special requirement for general use.
Hands Protection:	There is no special requirement for general use.
Other Protections:	No smoking, dining and drinking water in the workplace. Keep good habit of hygiene. Shower and change clothes after work.

Section 9- Physical and Chemical Properties

Appearance	Solid
Color	White
Odor	Odorless
PH	No data available.
Melting Point (℃)	No data available.
Flashing Point (℃)	No data available.
Relative Density	No data available.
Boiling point (℃)	No data available.
Ignition Temperature	No data available.
Upper/lower explosive limits	No data available.
Resistivity	No data available.
Thermal conductivity	No data available.
Ignition point (℃)	No data available.
Decomposition temperature	No data available.
Solubility (water)	Soluble in water.

Section 10 – Stability and Reactivity

Stability	Stable under normal temperature and pressure.
Distribution of Ban	Strong oxidizer、strong acid.

Conditions to Avoid	Forbidden to sunlight and away from heat and fire.
Incompatible materials	No known significant effects or critical hazards.
Hazardous Decomposition Products	Under normal conditions of storage and use, hazardous decomposition products should not be produced.

Section 11 – Toxicological Information

Acute Toxicity	No known significant effects or critical hazards.
Sub-acute and Chronic Toxicity	No known significant effects or critical hazards.
Irritation	No known significant effects or critical hazards.
Sensitization	No known significant effects or critical hazards.
Mutagenicity	No known significant effects or critical hazards.
Carcinogenicity	No known significant effects or critical hazards.
Others	No known significant effects or critical hazards.

Section 12-Ecological Information

Eco-toxicity	No known significant effects or critical hazards.
Biodegradable	No known significant effects or critical hazards.
Non-biodegradable	No known significant effects or critical hazards.
Bioconcentration or biological accumulation	No known significant effects or critical hazards.
Other harmful effects	No known significant effects or critical hazards.

Section 13 – Disposal Considerations

Nature of waste	This product is not regarded as hazardous waste, as defined by Regulation (EC) No.1272/2008.
Waste disposal methods	Offer surplus and non-recyclable solutions to a licensed disposal company. Refer to National or Local regulations before handling.
Attention abandoned	Refer to National or Local regulations before handling.

Section 14 – Transport Information

Transport Attentions
Pack in accordance with the manufacturer's recommended method. Transport vehicles should be equipped with the appropriate variety and quantity of fire-fighting equipment and leak emergency response equipment, and the packaging containers should be checked for completeness and sealing before transport. Danger signs and announcements should be posted on the transport vehicle according to the relevant transport

requirements. In summer, it is best to transport in the morning and evening. The tank (tank) used for transportation should have a grounding chain, and the tank can be equipped with a hole divider to reduce static electricity generated by shock. Mixed transport with oxidizers, acids, alkali metals, amines, edible chemicals, etc. is strictly prohibited. During transportation, it should be protected from exposure, rain and high temperature. It should be kept away from fire, heat source and high temperature area when stopping in the middle of the journey. The exhaust pipe of the vehicle transporting the goods must be equipped with a flame arresting device, and the use of spark-prone mechanical equipment and tools for loading and unloading is prohibited. Road transport should follow the prescribed route, do not stay in residential areas and densely populated areas. Please refer to Section 7-Handling and Storage also, and requirements of the ADR-RID/PG, IMO/IMDG/PG, IATA/ICAO/PG.	
ICAO / IATA	Can be shipped by air in accordance with International Civil Aviation Organization (ICAO), TI or International Air Transport Association (IATA), DGR Packing Instructions of IATA DGR 67th (2026Edition) for transportation.
Maritime transport IMDG	
IMDG Code	Non-dangerous goods.
UN-Number	No specific data.
Packing group	No specific data.
Proper shipping name	No specific data.
DOT regulations	
Hazard class	Non-dangerous goods.
UN-Number	No specific data.
Packing group	No specific data.
Proper shipping name	No specific data.
Land transport ADR/RID(cross-border)	
Hazard class	Non-dangerous goods.
UN-Number	No specific data.
Packing group	No specific data.
Proper shipping name	No specific data.
Air transport ICAO-TI and IATA-DGR	
ICAO-TI-II class	Non-dangerous goods.
UN/ID Number	No specific data.
Packing group	No specific data.
Proper shipping name	No specific data.

Section 15 – Regulatory Information

Safety, health and environmental regulations/legislation specific for the substance or mixture

German regulations concerning the classification of hazard for water(WGK) : Not listed.

Substance of Very High Concern (SVHC) according to Regulation (EC) No. 1907/2006 (REACH)	:	Not listed.
The conditions of restrictions according to Regulation (EC) No. 1907/2006 (REACH) Article 67 and Annex XVII for the manufacturing, placing on the market and use must be observed	:	Not listed.
Regulation (EC) No. 1907/2006 (REACH) Annex XVII (requiring authorization for use)	:	Not listed.
Regulation (EC) No. 1907/2006 (REACH)-Pre-registered substance.	:	Not listed.
Regulation (EC) No. 1005/2009 on substances that deplete the ozone layer	:	Not listed.
Regulation (EC) No 649/2012 concerning the export and import of dangerous chemicals, Annex I	:	Not listed.
ELINECS (European List of Notified Chemical Substances)	:	Not listed.
Chemical Safety Assessment	:	No data available.

Section 16 – Additional Information

Abbreviations and acronyms:

ADR	:	European Agreement concerning the International Carriage of Dangerous Goods by Road
CAS	:	Chemical Abstracts Service
CLP	:	Classification Packaging and Labelling
DOT	:	US Department of Transportation
EC	:	European Commission
EINECS	:	The European Inventory of Existing Commercial Chemical Substances
IARC	:	International Agency for Research on Cancer
IATA	:	International Air Transport Association
ICAO	:	International Civil Aviation Organization
IMDG	:	International Maritime Dangerous Goods
RID	:	Regulations Relating to International Carriage of Dangerous Goods by Rail
UN	:	The United Nations

Disclaimer

This MSDS conforms to the requirements of GB/T16483 and GB/T17519 in China, and the data comes from international authoritative databases and data submitted by companies, and the rest of the information is based on the knowledge currently available to the company. We try to ensure the correctness of all the information in it, but due to the diversity of information sources and the limitations of the knowledge held by our company, this document is for users' reference only and cannot be used as a guarantee to achieve any specific purpose with this product. It is the responsibility of each relevant user to complete safety and other tests of this product in advance to judge whether it meets the purpose of your use. We assume no responsibility for any damage arising from the operation, storage, use or disposal of this product.
