

# Safety Data Sheet

| Section 1: IDENTIFICATION  |  |
|--|--|
| <b>1.1 GHS Product Identifier</b>                                  |  |
| Product Name:  | VIBROWLASH Color Cream – Medium Brown  |
| <b>1.2 Other means of identification:</b>                          |  |
| Item number/Size:  | 0.67 fl. oz. / 20 mL   |
| Harmonized Code:   |  |
| <b>1.3 Recommended use of the chemical and restrictions on use</b> | This product is intended for professional use only and to be applied by a licensed professional only. This product can cause allergic reactions in some individuals. A 48-hour allergy test must be performed prior to each use. Do not use if you have already reacted negatively to such products. |
| <b>1.4 Supplier Details:</b>                                       |  |
| Company Name:  | Universal Companies Inc.   |
| Company Address:   | 18260 Oak Park Drive, Abingdon, VA 24210   |
| Company Contact:   | Customer Service Department  |
| <b>1.5 Emergency Phone Number:</b>                                 | (877) 943-1645   |

| Section 2: HAZARD(S) IDENTIFICATION   |   |             |  |   |  |
|---|---|-------------|--|---|--|
| <p>Within the meaning of the OSHA Hazard Communication Standard [29 CFR 1910.1200]: Consumer Products as defined by the U.S. Consumer Product Safety Act which are used as intended (typical consumer duration and frequency) are exempt from the OSHA Hazard Communication Standard.</p> <p>When used in a professional setting (at a much higher frequency and duration than a typical consumer) this material would be considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).</p> <p>Note: This document has been prepared in accordance with standards for workplace safety, which require the inclusion of all known hazards of the product or its ingredients regardless of the potential risk. The precautionary statements and warnings included may not apply in all cases. Your needs may vary depending upon the potential for exposure in your workplace.</p> |   |             |  |   |  |
| <b>2.1 Classification of substance or mixture: (GHS-OSHA)</b>   |   |             |  |   |  |
| Eye: Category 2B Mildly irritating to eyes<br>Skin: Category 2 Irritant, Sub-Category 1B- skin sensitizer Inhalation: Category 4<br>Ingestion: Category 4 Mild gastritis  |   |             |  |   |  |
| <b>2.2 Globally Harmonized System (GHS) label elements, including precautionary statement</b>   |   |             |  |   |  |
| Hazard Classification:  | Category  | Signal Word | Hazardous Statement  | Precautionary Statement   | Hazard Pictograms  |
| Acute toxicity, oral<br>Sensitization, Skin<br>Serious eye damage/eye irritation  | Category 4<br>Category 1, 1A, 1B<br>Category 2B | WARNING     | H302: Harmful if swallowed<br>H317: May cause an allergic skin reaction<br>H320: Causes eye irritation | P103: Read label before use<br>P264: Wash hands and exposed skin areas with soap and warm water thoroughly after handling.<br>P270: Do not eat, drink, or smoke while using this product.<br>P280: Wear protective gloves and eye/face protection<br>P301+P312: IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell.<br>P305 + P351 + P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.<br>P337+P313: If eye irritation persists: Get medical advice/attention.<br>P333 + P313: If skin irritation or rash occurs: Get medical advice/attention.<br>P405: Store locked up. | <br>GHS07 |

# Safety Data Sheet

|                               |
|-------------------------------|
| Keep out of reach of children |
|-------------------------------|

## Section 3: COMPOSITION/INFORMATION OF INGREDIENTS

**3.1** The exact percent level of each component of the mixture is considered a trade secret.

| <b>3.2 INCI:</b>       | <b>CAS #</b> | <b>Trade Secret</b> |
|------------------------|--------------|---------------------|
| Water (Aqua)           | 7732-18-5    | *                   |
| Disodium EDTA          | 6381-92-6    | *                   |
| Cocamidopropyl Betaine | 61789-40-0   | *                   |
| Oleyl Alcohol          | 143-28-2     | *                   |
| Cetearyl Alcohol       | 67762-27-0   | *                   |
| Ceteareth-20           | 68439-49-6   | *                   |
| Ceteareth-2            | 59186-41-3   | *                   |
| Erythorbic Acid        | 89-65-6      | *                   |
| Sodium Sulfite         | 1313-82-2    | *                   |
| Propanediol            | 504-63-2     | *                   |
| Monoethanolamine       | 141-43-5     | *                   |

**Hazardous ingredients as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA:** These substances are listed below because when used in a professional setting (at a much higher frequency and duration than a typical consumer) they would be considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200). Any hazards associated with this finished product are listed in Section 2 of this SDS.

|                    |          |   |
|--------------------|----------|---|
| 1-Naphthol         | 90-15-3  | * |
| p-Phenylenediamine | 106-50-3 | * |
| Resorcinol         | 108-46-3 | * |
| m-Aminophenol      | 591-27-5 | * |
| p-Aminophenol      | 123-30-8 | * |

## Section 4: FIRST AID MEASURES

### 4.1 Description of necessary first-aid measures

|             |  |
|-------------|--|
| Ingestion:  | If swallowed, DO NOT INDUCE VOMITING. Call a physician, hospital emergency room or poison control center immediately for further direction.  |
| Skin:       | If contact does occur, flush with copious amounts of water. No significant irritation expected from short term exposure. If mild irritation does occur, discontinue use of product. If discomfort persists or skin reaction develops, contact dermatologist. |
| Inhalation: | Reaction not expected. If unusual symptoms develop move individual to fresh air or increase ventilation.   |
| Eyes:       | Following accidental eye exposure, remove contact lenses, if used. Flush immediately with plenty of water for 15 minutes. If reaction persists, seek medical attention immediately.  |

### 4.2 Indication of immediate medical attention and special treatment needed if necessary (of mixture).

As outlined in 4.1

## Section 5: FIRE FIGHTING MEASURES

|  |   |
|--|---|
| <b>5.1 Suitable Extinguishing Media</b>                          | Use chemical foam, dry chemical, carbon dioxide or water.   |
| <b>Unsuitable Extinguishing Media</b>                            | Not Available   |
| <b>5.2 Specific Hazards arising from the chemical:</b>           | Neither Flammable nor Combustible   |
| Sensitivity to mechanical impact                                 | Not Available   |
| Sensitivity to static discharge                                  | Not Available   |
| <b>5.3 Protective Equipment and Precautions for Firefighters</b> | Extinguish fires with water, ABC all-purpose or CO2 extinguisher. The type of extinguisher used should be in conformance with local fire regulations. Firefighters should use self-contained breathing apparatus in enclosed areas. |

# Safety Data Sheet

| Section 6: ACCIDENTAL RELEASE MEASURES                      |   |
|---|---|
| <b>6.1 Action taken if material is spilled or released:</b> | <p><b>Small Spills:</b> Absorb spills with inert material. Absorb liquid and scrub the area with detergent. Dilute with water.</p> <p><b>Large Spill:</b> Determine whether to evacuate. Scoop/recover material into suitable waste container. Avoid exposure to, or contamination with, liquid organic materials or damp organic materials (e.g. wet paper towels, wood, clothing, etc. Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc.) to prevent skin contact.</p> |
| <b>6.2 Environmental Precautions:</b>                       | Small or household quantities may be disposed in regular domestic trash. For larger quantities check with your local disposal authorities.  |

| Section 7: HANDLING AND STORAGE   |
|---|
| <p><b>7.1 Precautions for safe handling:</b><br/>                     Avoid contact with eyes, skin, and clothing. Do not expose to heat and flame. Use only in ventilated areas. Keep out of the reach of children. Avoid contamination with combustible organic matter (e.g. oil, sawdust, damp paper towels, etc.) metal, powder, or reducing agents. Contamination may cause decomposition, leading to fire. Decomposition of oxidizing material releases oxygen which may intensify existing fires. This product is intended for use by licensed cosmetologists.</p> |
| <p><b>7.2 Conditions for safe storage, including any incompatibles.</b><br/>                     Keep in a dry, cool place. Avoid freezing temperatures. Avoid contamination. Keep closed when not in use. Store in the original tightly capped containers away from sunlight, heat, sparks and flame. Do not store any tint after it has been mixed with developer; the container may rupture. Never return unused material to original container. Empty containers should be rinsed with water before discarding. Keep out of reach of children.</p>                    |

| Section 8: EXPOSURE CONTROLS/ PERSONAL PROTECTION  |          |     |   |          |            |             |             |       |      |      |
|--|----------|-----|---|----------|------------|-------------|-------------|-------|------|------|
| <p><b>Control Parameters:</b> These criteria have been published by the referenced authority to establish exposure limits in the work environment. Employee work areas should be monitored to ensure that permissible limits are not exceeded during the work day. <u>These references do not coincide with product use.</u> These references are meant to be in association with the manufacturing environment.</p> |          |     |   |          |            |             |             |       |      |      |
| <b>Occupational Exposure Values:</b>   |          |     |   |          |            |             |             |       |      |      |
|  |          |     | Exposure Limits in Air (mg/m <sup>3</sup> )   |          |            |             |             |       |      |      |
|  |          |     | ACGIH   |          | NOHSC      |             |             | OSHA  |      |      |
|  |          |     | ppm   |          | ppm        |             |             | Ppm   |      |      |
|  |          |     | TLV   | STE<br>L | ES-<br>TWA | ES-<br>STEL | ES-<br>PEAK | PEL   | STEL | IDHL |
| p-Phenylenediamine   | 106-50-3 | <1% | NA  | NA       | NF         | (0.1)       | NF          | (0.1) | NA   | 25   |
| <b>8.1 Engineering Controls:</b>   |          |     | None required under normal conditions.  |          |            |             |             |       |      |      |
| <b>8.2 Personal Protection Equipment:</b>  |          |     |   |          |            |             |             |       |      |      |
| Respiratory Protection:  |          |     | None required under normal conditions.  |          |            |             |             |       |      |      |
| Protective Gloves:   |          |     | Required under normal conditions of use to prevent staining and keep exposure level to a minimum. Use latex or PVC gloves. When handling large quantities (e.g., ≥ 1 gallon (3.8L)), wear rubber or Impervious plastic gloves must be worn. |          |            |             |             |       |      |      |
| Eye and Face Protection:   |          |     | Avoid eye contact. None required under normal conditions of use. When handling large quantities (e.g., ≥ 1 gallon (3.8L)) safety glasses with side shields should be used.  |          |            |             |             |       |      |      |
| Other Protective Equipment:  |          |     | None required   |          |            |             |             |       |      |      |

# Safety Data Sheet

|                         |   |
|-------------------------|---|
| <b>8.3 Ventilation:</b> | Use local or general exhaust ventilation to effectively remove and prevent buildup of vapors or mist generated from the handling of this product. Ensure appropriate decontamination equipment is available (e.g., sink, safety shower, eye-wash station) |
|-------------------------|---|

## Section 9: PHYSICAL AND CHEMICAL PROPERTIES

|   |                      |
|---|----------------------|
| Appearance:                                   | Creme Emulsion       |
| Color   | Off-White            |
| Odor:   | Conforms to Standard |
| pH:   | 9.0-10.0             |
| Specific Gravity 25°C:                        | 0.9 – 1.0            |
| Viscosity:                                    | 6,000 – 10,000       |
| Solubility (ies):                             | Soluble in Water     |
| Melting/Freezing Point:                       | N/A                  |
| Boiling Point:                                | >212 °F              |
| Flammability:                                 | N/A                  |
| Flash Point:                                  | >200 °F              |
| Upper/lower flammability or explosive limits: | N/A                  |
| Evaporation Rate:                             | N/A                  |
| Relative Density                              | N/A                  |
| Auto ignition temperature:                    | N/A                  |
| Decomposition temperature:                    | N/A                  |
| Vapor Pressure                                | N/A                  |
| Vapor Density                                 | N/A                  |
| Partition coefficient; n-octanol/water        | N/A                  |

## Section 10: STABILITY AND REACTIVITY

|   |   |
|---|---|
| <b>10.1</b> Reactivity:                         | No further relevant information available.  |
| <b>10.2</b> Chemical stability:                 | Stable under normal temperature and pressure.   |
| <b>10.3</b> Possibility of hazardous reactions: | None known  |
| <b>10.4</b> Conditions to avoid:                | Store away from flammable liquids, flammable solids, aerosols and other incompatible materials. Avoid contamination. Do not store any tint, lightener lotion or bleach powder after it has been mixed with developer; the container may rupture. Never return unused material to original container. Avoid extreme heat and ignition sources. |
| <b>10.5</b> Incompatible Materials              | None known  |

## Section 11: TOXICOLOGICAL INFORMATION

This product has NOT been tested on animals to obtain toxicology data. Toxicology data, found in scientific literature, is available for some of the components of the product but is not presented in this document.

## Section 12: ECOLOGICAL INFORMATION

|  |  |
|--|--|
| <b>12.1</b> Info Summary of Ecological information:              | Balance of data on mixture as a whole, not determined. |
| <b>12.2</b> Eco toxicological properties of specific substances: | See each category below for specific substances.       |

# Safety Data Sheet

## **12.3 Toxicity**

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices.

## **12.4 Persistence and degradability:**

Biodegradation is expected

## **12.5 Bio accumulative potential:**

Bioaccumulation is unlikely

## **12.6 Mobility in soil:**

Unknown

## **12.7 Other adverse affects:**

Unknown

## Section 13: DISPOSAL CONSIDERATIONS

**13.1 Disposal Method:** Disposal should be in accordance with all applicable Local, State and Federal regulations. The following instructions are for consumer usage only. Do not discharge product into natural waters without pre-treatment or adequate dilution.

For Professional Settings: Products covered by this SDS, in their original form, when disposed as waste, are considered nonhazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

## Section 14: TRANSPORT INFORMATION

### **14.1 Department of Transportation Information**

|                |                          |
|----------------|--------------------------|
| Shipping Name: | No Specific Requirement. |
| Hazard Class:  | Non-Regulated            |
| Label (s):     | NONE                     |
| UN/NA Number:  | NONE                     |
| Placards:      | NONE                     |

### **14.2 International Transportation Classifications**

|  |                           |
|--|---------------------------|
| IATA, International Air Transportation       | No information available. |
| IMDG, International Maritime Dangerous Goods | No information available. |

## Section 15: REGULATORY INFORMATION

Workplace Hazardous Materials Identification System (HMIS): Health: 1, Fire: 1, Physical Hazard/Reactivity: 1, Protective Equipment: B

SARA Reporting 313/302/304/311/312 chemicals: p-Phenylenediamine is subject to the reporting requirements of SARA Title III, Sections 312/313.

SARA Threshold Planning Quantity: This product is not subject to the reporting requirements of SARA Title III, Section 302.

TSCA Inventory Status: All components of this product are listed in the TSCA Inventory or are exempt.

CERCLA reportable quantity (RQ): p-Phenylenediamine: 2,270 kg (5000 lbs).

Canada CEPA:

All ingredients are CEPA approved for import to Canada. This product has been classified in accordance with the hazard criteria of the Canadian Controlled Product Regulations (CPR) and this SDS contains all information required by the CPR.

US States CA Prop 65:

This product is not subject to warning labeling under California Proposition 65.

State Right-to-Know:

The following ingredients are present in the finished product and are listed on the following state right-to-know lists:

# Safety Data Sheet

| Ingredient         | CAS#       | Level | State |    |    |    |    |    |    |    |
