

## ( BODY RESCUE )

# DRAIN

## Draining intensive cream gel

Lightweight, non-greasy gel formulated with specific active principles with draining and vasotonic properties that help to improve skin microcirculation and favour drainage of excess fluid. Suitable for oedematous cellulite, water retention and leg swelling. Thanks to its refreshing effect it provides a perceptible sense of well-being.

### PROBLEM

Water retention  
Capillary fragility  
Heavy legs

### EFFECT

Draining  
Light legs

### ACTIVE INGREDIENTS

**Hamamelis** - Acts on the circulatory system. The contained flavonoids produce a phlebotonic, vaso-protective action and help to reduce capillary permeability. It contributes to improve symptoms in case of circulatory problems such as varicose veins.

**Ruscus** - Able to increase vascular resistance.

**Horse chestnut** - Exerts an important anti-oedematous action.

### INFO

Apply a small amount and massage until completely absorbed. The innovative formula has been studied to be quickly absorbed and to be combined with AROSHA Pressopants.

PACKAGING: 200 ml

**Vitis vinifera** - Decreases capillary fragility and increases its resistance.

**Ginkgo biloba** - It has a stimulating activity of lipolysis in adipose tissue which helps to alleviate the associated symptoms.

**Ginger** - It acts against the degradation of collagen, which gives rise to beneficial effects on the skin such as maintaining its elasticity.

For external use only, avoid contact with mucous membranes. Do not continue use in the event of irritation. Not suitable for children's skin.
