PROBLEM

Flaccidity
Dehydration
Heavy legs
Lack or loss of tone

EFFECT

Tonifying
Moisturizing

DRAINAGE ○○○○○
LIPOLYTIC ○○○○○
FIRMING ●●●●●

ACTIVE INGREDIENTS

Ginseng extract - beneficial stimulant able to accelerate slow metabolism, fight muscle fatigue, recharge energy of sagging tissues and regulate blood sugar peaks.

Centella asiatica - Antioxidant with capacity to stimulate fibroblast activity and create new collagen fibers. Gives relief to swollen legs and promotes drainage for a smooth and more elastic skin. Vaso-protective and venotonic.

Menthol - Responsible for the cold effect.

INFO

Optimal to combine with Arosha pressotherapy + ultrasound/Waveshape 2.0
Very cold treatment - Crio effect
Vasoconstriction of capillaries
Don't use in phase of digestion
Suggested use in summer time
2 bandages - 250 ml/each
10 cm x 10 m in extension

(46% viscose - 54% polyamide)
